**The Martyrdom of Jesus of Nazareth** Isaac Mayer Wise,1874 *The Pall Mall Magazine*,1893 An American Commentary on the New Testament Alvah Hovey,1881 The Kiss of Judas Judith R. Thompson,1996 *The Deep Hurt of the Judas Kiss* Martin Wisenbaker,2011-02-14 Western culture has little or no concept

of how deep the hurt was from the kiss from Judas to Jesus This type of kiss 2705 was placed on the cheek or the neck and was an expression of endearment or mark of tenderness among friends In order to begin to understand the depth of hurt Jesus experienced we need to make a study of situations in the scriptures where this type of kiss is used and to understand the motive of the persons initiating the act as well as the emotional needs of the recipients This type of kiss had nothing to do with any form of sexual intent as can be seen in each and every situation in which it is mentioned Instances in which sexual intent is intended are plainly understood These instances are all between male and female in the context of holy matrimony or upcoming holy matrimony except in Proverbs 7 13 below They should be understood as separate types of kisses Lumping them together as the same is to not only miss a blessing of a therapeutic benefit but is a gross misunderstanding which leads to a false accusation which in turn compounds the original problem thus further embroiling the victim s in a miry pit Romantic kisses are seen in Song of Solomon 1 2 and 8 1 Also in Genesis 29 11 when Jacob kissed Rachael and in Proverbs 7 13 when a harlot kissed a man to seduce him All other references to kissing refer to kisses as a mark of tenderness between friends or family members other than husband and wife Action, Knowledge, and Will John Hyman, 2015 John Hyman explores central problems in philosophy of action and the theory of knowledge and connects these areas of enquiry in a new way His approach to the dimensions of human action culminates in an original analysis of the relation between knowledge and rational behaviour which provides the foundation for a new theory of knowledge itself
