The Kurds The Kurds Caught Between Nations:

The Kurds of Iraq Mahir A. Aziz, 2011-01-30 Over ninety years since their absorption into the modern Iraqi state the Kurdish people of Iraq still remain an apparent anomaly in the modern world a nation without a state In *The Kurds of Iraq* Mahir Aziz explores this incongruity and asks the pertinent questions who are the Kurds today What is their relationship to the Iraqi state How do they perceive themselves and their prospective political future And in what way are they crucial for the stability of the Iraqi state In the wake of the Gulf War of 1991 in the face of the Iraqi state the Kurds endeavoured to create a de facto state and to concretise and stabilise the institutions that would enable this *The Kurds of Iraq* thus examines the creation evolution and development of Kurdish nationalism despite the suppression of its political and cultural manifestations Through extensive interviews in the field Aziz assesses the impact of recent history on the complex process of identity formation amongst Kurdish students at three of the nation's leading universities He provides an in depth examination of students socio economic backgrounds and their thoughts on and experiences of what it means to be Kurdish in the modern Iraqi state and the impact this has on their perception of their language culture and religion Aziz's invaluable and extensive field research furthermore serves as a point of departure for an investigation into the relationship between national identity and historical memory in Iraqi Kurdistan and beyond He thus analyses wider issues of the intersection and interdependency of national regional ethnic tribal and local identities He thus constructs an intimate portrait of the Kurds of Iraq which will provide an important insight for students and researchers of the Middle East and for those interested the important issues of nationalism and ethnic identity in the modern nation state and the impact these issues have on the stability of Iraq itself

Nation Against State Gidon Gottlieb, 1993 The dominant norms of international law and diplomacy are ill adapted to coping with the kind of strife that has erupted in Yugoslavia and in the Caucasus and that could become common elsewhere in Eurasia This book develops innovative approaches for contending with brutal conflicts waged in the name of nationhood

Self-Determination and Collective Responsibility in the Secessionist Struggle Costas Laoutides, 2016-03-03 The often violent emergence of new independent states following the end of the Cold War generated discussion about the normative grounds of territorial

separatism A number of opposing approaches surfaced debating whether and under which circumstances there is a right for a community to secede from its host country Overwhelmingly these studies placed emphasis on the right to secession and neglected the moral stance of secessionist movements as agents in international relations In this book Costas Laoutides explores the collective moral agency involved in secessionist struggles offering a theoretical model for the collective responsibility of secessionist groups Case studies on the Kurds and the people of Moldova Transdnistria illustrate the author's theoretical arguments as he seeks to establish how although the principle of self determination was envisaged as a means of gradually bestowing political power upon the people it never managed to realize its full potential because it was interpreted strictly within a framework of exclusionary politics of identity Turkey and the World Sedat Laçiner, 2001

The Passion and Death of Rahman the Kurd Ellen Porter, Carol Prunhuber, 2010-01-07 It was in Paris in 1983 that I first met Abdul Rahman Ghassemlou We were introduced at the Kurdish Institute where I was attending an art exhibition with the filmmaker Yilmaz Gney and his wife Fatosh I had met Gney at the Cannes Film Festival in 1982 That year he had won the Golden Palm Award and the publicity that followed brought worldwide attention to the plight of the Kurdish nation As a Venezuelan journalist my limited impression of the Kurds was that they were fierce warriors who lived amongst distant mountains somewhere in the Middle East Yilmaz Gney taught me about the free spirited Kurdish people opening my eyes to the oppression they had endured for centuries Their situation touched me deeply and I began to write articles on the Kurds for Venezuelan newspapers and magazines One year later in Paris I found myself standing face to face with this sophisticated charming and charismatic Middle Eastern leader of millions of Kurds in Iran from *THE PASSION AND DEATH OF RAHMAN THE KURD* Ghassemlou's lifelong wish was that of lasting peace for his people He was the visionary and cultivated leader of the Iranian Kurdish revolutionary movement brutally assassinated in 1989 while negotiating a peace accord for his people with Iran's government emissaries in Vienna His light still shines upon the volatile politics of this remote Middle East region that continues to play prominently upon the world's political stage Carol Prunhuber writer and journalist with links to the Kurdish world since the early 1980s knew Dr Ghassemlou and spent time in the Kurdish mountains with his guerrillas *The Passion and Death of Rahman the Kurd* is an impassioned and meticulously documented investigation that vividly evokes the enthralling life and final days of this incomparable Kurdish leader Kendal Nezan president of the Kurdish Institute of Paris

Kurdish Awakening Ofra Bengio, 2014-11-15 *Kurdish Awakening* examines key questions related to Kurdish nationalism and identity formation in Syria Iraq Iran and Turkey The world's largest stateless ethnic group Kurds have steadily grown in importance as a political power in the Middle East particularly in light of the Arab Spring As a result Kurdish issues political cultural and historical alike have emerged as the subject of intense scholarly interest This book provides fresh ways of understanding the historical and sociopolitical underpinnings of the ongoing Kurdish awakening and its already significant impact on the region Rather than focusing on one state or angle this anthology fills a gap in the literature on the Kurds by

providing a panoramic view of the Kurdish homeland's various parts. The volume focuses on aspects of Kurdish nationalism and identity formation not addressed elsewhere including perspectives on literature, gender, and constitution making. Further broad thematic essays include a discussion of the historical experiences of the Kurds from the time of their Islamization more than a millennium ago up until the modern era, a comparison of the Kurdish experience with other ethno-national movements, and a treatment of the role of tribalism in modern nation building. This collection is unique in its use of original sources in various languages. The result is an analytically rich portrayal that sheds light on the Kurds' prospects and the challenges they confront in a region undergoing sweeping upheavals. *Kurdish Identity, Islamism, and Ottomanism* Deniz Ekici, 2021-03-23

A major common misconception in scholarship on Kurdish journalistic discourses is that Kurdish intellectuals of the late Ottoman period cannot be portrayed as Kurdish nationalists. This theory prevails because of the belief that they not only endorsed and promoted Pan-Islamism and Ottoman nationalism instead of Kurdish ethnic nationalism but also because they allegedly eschewed political demands and instead concerned themselves with ethno-cultural issues to articulate forms of Kurdistan rather than Kurdish nationalism. Refuting this underlying misconstruction of the nexus between Pan-Islamism, Ottomanism, and Kurdish nationalism, this book argues based on empirical findings that the Kurdish periodicals of the late Ottoman period served as a communicative space in which Kurdish intellectuals negotiated and disseminated an unmistakable form of Kurdish nationalism. It claims that hegemonic Ottomanist and Pan-Islamist political thought were used in pragmatic ways in the service of burgeoning Kurdish nationalism but were rejected altogether when they were no longer useful to fostering Kurdish nationalism. **KURDS DANCING WITH WOLVES** STEVE TRUTH, 2025-03-06

Justice in the Light of Conscience is the first volume in an ambitious and deeply reflective series. The Kurds Dancing with Wolves, a collection of selected political writings spanning from 1975 to 2010. This series will unfold across 8 to 10 volumes chronicling decades of thought, struggle, and the relentless pursuit of justice. At its core, it is a meditation on power, oppression, and the moral imperatives that shape the destinies of nations and individuals alike. In this inaugural volume, the author brings together articles written in 2009 alongside diary entries forming a compelling narrative that seeks to illuminate the Kurdish-Turkish conflict through the lens of conscience and justice. More than a political treatise, this book is a philosophical inquiry into the very nature of justice, its fragility in the hands of power, its distortion under the weight of historical grievances, and its indispensable role in forging a lasting peace. Justice, as explored in these pages, is not merely a juridical concept nor is it the passive outcome of treaties and negotiations. It is a living force, an ethical compass that must guide societies if they are to transcend cycles of violence and retribution. Yet history bears witness to the tragic paradox that those who most often invoke justice are the very ones who subvert it. The law, instead of serving as an instrument of fairness, frequently becomes the scaffold upon which the dreams of the oppressed are hung. Democracy, too, is unmasked in this work as a double-edged sword, one that can liberate as easily as it can enslave, depending on who wields it and how its principles are applied. But this book is

not merely a chronicle of injustice It is also a manifesto for peace not the fragile peace of silence and submission but a dynamic and courageous peace that acknowledges the wounds of the past and seeks to heal them through truth and reconciliation The author does not offer simplistic solutions or utopian visions but rather a deeply reasoned argument for why peace is both necessary and possible The articles dedicated to solutions go beyond theoretical musings they are a testament to the belief that understanding is the first step toward resolution and that the pursuit of peace is an obligation shared by all who claim to be part of humanity Justice in the Light of Conscience speaks to those who refuse to accept oppression as an inevitable feature of existence It is for the dissident and the dreamer the scholar and the activist the historian and the citizen who seeks to understand the forces that shape our world The writings contained within are neither neutral nor detached they are infused with the passion of lived experience and the unwavering conviction that justice though often obscured is never beyond reach As the first step in a broader intellectual and moral journey this volume lays the foundation for what is to come In the following books of *The Kurds Dance with Wolves* the author will continue to explore the intersections of history identity resistance and the unyielding quest for dignity But for now this book stands as both an invitation and a challenge to think to question and above all to never abandon the pursuit of justice

The Sung Home. Narrative, Morality, and the Kurdish Nation Wendelmoet Hamelink, 2016-04-08 *The Sung Home* tells the story of Kurdish singer poets dengbajs in Kurdistan in Turkey who are specialized in the recital singing of historical songs After a long period of silence they returned to public life in the 2000s and are presented as guardians of history and culture Their lyrics life stories and live performances offer fascinating insights into cultural practices local politics and the contingencies of state borders Decades of oppression have deeply politicized and moralized cultural and musical production Through in depth ethnographic analysis Hamelink highlights the variety of personal and social narratives within a society in turmoil Set within the larger global stories of modernity nationalism and Orientalism this study reflects on different ideas about what it means to create a Kurdish home

The Kurdish National Movement Wadie Jwaideh, 2006-06-19 A seminal work in the field of Kurdish studies Wadie Jwaideh's pioneering research published for the first time presents a detailed analysis of the early phases of Kurdish nationalism and offers a

framework within which to understand the movement's later development. Following Wadie Jwaideh's dissertation defense, his doctoral chairman took aside Jwaideh's wife Alice and asked her to submit the work for publication without Wadie's permission, believing that Wadie's penchant for perfection would postpone its publication indefinitely. The thesis was never published during Jwaideh's lifetime but its fame spread by word of mouth and many scholars have recognized its importance not only as a study of the earlier periods of Kurdish nationalism but also as a model for understanding its subsequent history. The work now stands as a classic referenced by some of the most renowned scholars in the field. Its publication will permit it to reach a greater audience and to contribute more fully to the understanding and appreciation of this geopolitical and cultural movement.

Jwaideh was born in the southern Iraqi city of Basra into an Arabic-speaking Christian family that later moved to Baghdad. His intimate knowledge of the land and its people gave Jwaideh shrewd insight into Kurdish society and politics. Exploring the rich historical roots of the Kurdish national movement, he challenges the established view of the early Kurdish uprisings as isolated incidents triggered by economic hardship or political dissatisfaction. Instead, he offers a new interpretation of the Kurds' nationalist position, convincingly demonstrating the age and depth of their grievances. This complex and layered history of the Kurdish nationalist movement offers a valuable perspective from which to view the current conditions in Iraq. Jwaideh's sensitive and prescient treatment of this region gives his study great contemporary relevance.

Conflict, Democratization, and the Kurds in the Middle East David Romano, Mehmet Gurses, 2014-08-13

In Turkey, Iran, Iraq, and Syria, central governments historically pursued mono-nationalist ideologies and repressed Kurdish identity. As evidenced by much unrest and a great many Kurdish revolts in all these states since the 1920s, however, the Kurds manifested strong resistance towards ethnic chauvinism. What sorts of authoritarian state policies have Turkey, Iraq, Iran, and Syria relied on to contain the Kurds over the years? Can meaningful democratization and liberalization in any of these states occur without a fundamental change vis-à-vis their Kurdish minorities? To what extent does the Kurdish issue function as both a barrier and key to democratization in four of the most important states of the Middle East? While many commentators on the Middle East stress the importance of resolving the Arab-Israeli dispute for achieving peace in the Middle East, this book asks whether or not the often overlooked Kurdish issue may constitute a more important fulcrum for change in the region, especially in light of the Arab Spring and recent changes in Turkey, Iraq, Iran, and Syria.
