DeVeney Martin, 1960 *Research and Relevant Knowledge* , The rise of American research universities to international preeminence constitutes one of the most important episodes in the history of higher education *Research and Relevant Knowledge* follows Geiger's earlier volume on American research universities from 1900 to 1940 This second work is the first study to trace this momentous development in the post World War II period It describes how the federal government first relied on university scientists during the war and how the resulting relationship set the pattern for the postwar mushrooming of academic research The first half of the book analyzes the development of the postwar system of academic research exploring the contributions of foundations defense agencies and universities The second half depicts the rise of the golden age of academic research in the years after Sputnik 1957 and its eventual dissolution at the end of the 1960s graduate education When the federal patron soon reduced its largesse university students took the lead in challenging the putative hegemony of academic research The loss of consensus quickly brought the malaise of the 1970s stagnation frustration and equivocation about the research role The final chapter appraises the renaissance of the 1980s based largely on a rapprochement with the private sector and ends by evaluating the embattled status of research universities at the beginning of the 1990s *Research and Relevant Knowledge* provides the first authoritative analytical account of American research universities during their most fateful half century It will be of critical importance to all those concerned with the future of higher education in the United States Roger L Geiger is Distinguished Professor of Higher Education at the Pennsylvania State University He has edited the *History of Higher Education Annual* since 1993 was a section editor for the *Encyclopedia*

of Higher Education and is the author of The American College in the Nineteenth Century Private Sectors in Higher Education and To Advance Knowledge available from Transaction **The Bookman** ,1926 A Lamp in the Desert Ethel Dell,2017-06-27 An original romance
