George Pendle

The Land And People Of Chile:

The Land and People of Chile George Pendle,1960 Chile: Its Land and People Francis J. G. Maitland,1914 *The Land and People of Chile* Joshua David Bowen,1966 **The Land and the People of Chile** George Pendle,1960 **The Land and People of Chile** J. David Bowen,1963 **Lands and Peoples of the World: Latin America, Africa, and Australia** Robert M. Glendinning,1957 **Chile and Her People of Today** Nevin Otto Winter,1912 *Lands and Peoples* ,2001 **Lands and Peoples: Central and South America, Antarctica** ,2005 **Tree Plantation Extractivism in Chile** Alejandro Mora-Motta,2024-03-29 This book examines how extractivism transforms territories and affects the well being of rural people drawing on in depth fieldwork conducted on tree plantations in Chile The book argues that pine and eucalyptus monoculture plantations in southern Chile are a form of extractivism representing a mode of nature appropriation that captures large amounts of natural resources to produce wooden based raw materials with little processing and an export oriented focus The book discusses the nexus of extractivism territorial transformations well being and emerging resistances using a participatory action research methodological approach in the Region of Los R os southern Chile The findings show how the configuration of an extractivist logging enclave generated a substantial and irrevocable reordering of human nature relations resulting in the territorial and ontological occupation of rural places that disrupted the fundamental human needs of peasants and indigenous people The book maintains that Chile s green growth development approach does not challenge the consolidated tree plantation enclave controlled by large multinationals Instead green growth legitimises the extractivist logic The book draws parallels with other countries and regions to contribute to wider debates surrounding these topics This book will be of great interest to students and scholars of the extractive industries development studies political ecology and natural resource governance **The Grand Araucanian Wars (1541-1883) in the Kingdom of Chile** Eduardo Agustin Cruz,2010-04-27 The Mapuches accomplished what the mighty Aztec and Inca empires failed so overwhelming to do to preserve their independence and keep the Spanish invaders at bay The Mapuche infantry played a vital role in the Araucanian war from the initial of the conquest in 1541 to 1883 The goals of this book a To provide an overview of the military aspects weaponry armory the horse and tactic strategy facing the Mapuches at the beginning of the Spanish conquest b To provide an overview of the military superiority enjoyed by the Spanish army in addition the role of the Auxiliary Indian c To point out how by military innovations and adaptation in the face of Araucanian war the Mapuches managed to resist Spanish military campaigns for over 300 years *Against the Current: Privatization, Water Markets, and the State in Chile* Carl J. Bauer,2012-12-06 In 1981 Chile s military government dictated a new Water Code that radically changed the country s previous water rights system by strengthening private property rights favoring market incentives and reducing state regulation Against the Current Privatization Water Markets and the State in Chile is the first empirical and interdisciplinary study of water markets in Chile which is the leading international example of free market water policies

Against the Current Privatization Water Markets and the State in Chile challenges the glowing reports given by neoliberals in Chile and the World Bank showing that the results of this economic experiment have actually been rather mixed Within the agricultural sector the Water Code has worked fairly well although the market incentives to conserve water have been ineffective and water rights trading has been less active than expected The Code s impact has been more negative at the level of river basins where the institutional framework has revealed critical flaws in coordinating multiple water users and resolving conflicts Against the Current Privatization Water Markets and the State in Chile combines law political economy and geography to analyze the disadvantages problems and wider contexts of water markets This book will appeal to everyone interested in property rights market friendly environmental policies the political economy of sustainable development and the intersection of economics with law and institutions
