The Land And People Of Iraq:

The Land and People of Iraq Bahija Fattuhi Lovejoy, 1964 My Syrian Diary: A Memoir of the Land, The People and Geopolitics Soumen Ray, 2019-07-30 Among all other countries in the West Asia Syria was the most tranquil one There was a civil war in its neighbouring country Lebanon for more than fifteen years The Palestinians with various militant groups have been attacking Israel on a continuous basis and the Israeli Defence Force punishing them regularly for their mischievous acts Iraq on its eastern border under the worst Arab dictator was being punished by the international community On top of these Syria's own relations with the mainstream Arab countries in general and with the West in particular were frosty But in Syria the people were leading a normal peaceful life under the leadership of enigmatic President Hafez al Assad The country's economy was doing well He ensured that Syria was never in the list of regime change of the US and its allies While there was opposition to his authoritarian rule it did not affect the social and political fabric of Syria What went wrong immediately after his death How his politically novice son and successor Bashar al Assad started committing one after another grave mistakes took self destructive political moves joined hands with international pariah militant groups to safeguard his position at the cost of Syria and ruined the peaceful oasis How a secular country where people of different religious faiths living for hundreds of years with perfect harmony and peace became the hub of militant Islamic fundamentalists and one of the most dangerous places on the earth To provide a perspective to that I wrote My Syrian Diary I had served as an Indian diplomat in the Middle east for more than a decade My three years tour of duty at the Indian Embassy Damascus gave me an excellent opportunity to know the country its people and the geopolitics of the region **The Land and People of Syria** Paul W. noblest intentions As she ventures deep into the treacherous heart of Iraq Nicki encounters a nation ravaged by war and yearning for hope The resilience and fortitude of its people ignite a fire within her propelling her forward on her quest for justice Nicki s path is fraught with danger and uncertainty The regime s ironclad grip on power and its formidable military apparatus pose formidable obstacles She faces the daunting task of uniting a fractured nation bridging sectarian divides and inspiring a weary populace to rise up against their oppressors The consequences of failure are dire yet Nicki refuses to succumb to fear or despair Drawing strength from her ancestors legacy and the unwavering support of newfound allies Nicki forges a powerful alliance uniting diverse forces in the pursuit of liberation As the winds of change sweep across Iraq her actions spark a flame of hope amidst the darkness The seeds of revolution are sown and the day of reckoning draws near In the Land of Blood and Hopes Nicki Towns emerges as a beacon of hope a symbol of defiance against oppression and an inspiration to all who yearn for a world free from tyranny This gripping narrative delves into the complexities of war the indomitable spirit of the human will and the unwavering belief in a brighter future It is a testament to the power of courage unity and the unrelenting pursuit of freedom If you like this book write a review on google books [People of Ancient Assyria](#) Jørgen Læssøe,2014-10-24 Was Assyria merely a more brutal more uncivilized and less interesting offshoot of the culture created by Sumerians and Babylonians in Southern Mesopotamia at the dawn of history Do the Assyrian reliefs that fill our museums give a complete picture of the phenomenon that was Assyria Was the contribution of this people to world culture merely an incredibly effective military organization The answers to these questions are sought here in this detailed book from 1963 referring to personal documents of the time in the letters Assyrians wrote to one another rather than in the annals of the rulers *From Desolation to Reconstruction* Mokhtar Lamani,Bessma Momani,2010-10-26 Iraq s streets are unsafe its people tormented and its identity as a state challenged from within and without For some Iraq is synonymous with internal hatred bloodshed and sectarianism The contributors to this book however know another Iraq a country that was once full of hope and achievement and that boasted one of the most educated workforces in its region a cosmopolitan secular society with a great tradition of artisans poets and intellectuals The memory of that Iraq inspired the editors of this volume to explore Iraq s current struggle The contributors delve into the issues and concerns of building a viable Iraqi state and recognize the challenges in bringing domestic reconciliation and normalcy to Iraqis From Desolation to Reconstruction Iraq s Troubled Journey examines Iraq s reality after the 2003 US led invasion It begins by relating Iraq s modern social and political history prior to the invasion and then outlines the significant challenges of democratization and the creation of an Iraqi constitution which will be necessary for Iraq to become a strong and effective state Co published with the Centre for International Governance Innovation CIGI **People, Land & Water** ,2005 [Iraq](#) ,1990-09 [The Agricultural Situation in Africa and West Asia](#) ,1976 *Saddam Land* Hama Dostan,2007 Saddam Hussein had what some would call a heart of steel whether acting in the capacity of bandit leader political gangster or president Though written in the form of a novel

with thriller elements Saddamlandis based on thorough historical research including interviews with a number of those who participated in the real life events described either as Saddam s victims or as his accomplices The intrigues of Iraqi politics and the ways in which Saddam used them to his own advantage for years are described in this account which gives a full and objective picture of the man s life and times A comprehensive guide to all the information sources used by the author is provided

Kicking Bombs in the Land of Sand Barry Stevens,2013-10-01 After 22 years in the Army there was nothing Craig Jackson CJ didn t know about the deadly craft of bomb detection and disposal He was the go to guy for clearing an area of explosives So when he left the military there was really no choice his expertise was rare sought after and potentially very lucrative He d long ago learnt to put the danger to one side now he loved the adrenaline rush the exhilaration of the job staying cool in the face of death outsmarting the murderous and wily bomb makers Craig establishes his own landmine clearance company and is soon catapulted into the thick of the war in Iraq tasked with disposing of Saddam Hussein s massive array of bombs ammunition and weapons This is Craig s dream job getting to play with hundreds of thousands of tons of explosive ordnance while also doing a bit of good on the side Everything is going smoothly until a typical convoy sortie in the Iraqi desert turns Craig s world into a nightmare Ambushed by a large well armed and organised enemy force Craig and his colleagues are taken prisoner by Saddam s henchmen Thrust into a nether world of pain and brutality all of his thoughts and efforts become focussed on one thing staying alive Disarming a bomb would soon come to seem like child s play as Craig has to draw on every shred of his mental and physical strength to endure the horrific daily torture at the hands of his captors He constantly dreams of escape but will they break him first

When and How the Arabs and Muslims Immigrated to the Land of Israel—Period of British Rule, 1918-1948 Rivka Shpak Lissak,2021-07-30 The Palestinian National Movement and its Palestine Authority aim to rewrite the history of the Land of Israel They have developed several agendas about the history of the country One agenda claims that they are the ancient population of the country they call Falstin Palestine The other claims said they settled in the country in 640 they have a history of 1 381 years The Jews they say have no historical claim on that country but another agenda claims that Jews did populate the country but the Romans conquerors never exiled the Jews two thousand years ago The Jews converted to Islam during the Arab Muslim occupation of the country 640 1099 and that the Palestinians are the descendants of these Jews and therefore the rightful heirs of the country But the historical facts tell a different story This book is the second volume of When and How the Arabs and Muslims Immigrated to

the Land of Israel The first volume deals with 640 1914 and brings evidence that most Palestinians are descendants of immigrants who came to the country from Arab and Muslim countries in small numbers during a slow process over hundreds of years and between the end of the nineteenth century and First World War their number grew by immigrant workers This volume brings evidence that under the British Mandate rule 1918 1948 waves of Arab Muslim immigrant workers entered the country illegally because of the British policy to ignore illegal immigration The British mandate government actually ordered the Transjordan army responsible for controlling the borders to ignore illegal immigration Also the British Army brought Arab workers from Egypt Syria and Lebanon to build and work in their camps The economic and employment opportunities created by the Zionist Movement Jewish investors and immigrants Christian organizations and the British Mandate in the Land of Israel drew an increasing number of Arab immigrant workers These opportunities were much better than those they had in their home countries
