**Painterly Fabrications** Nancy Weigel Rodman, 1987      Baudelaire's World Rosemary H. Lloyd, 2018-09-05 Charles Baudelaire is often regarded as the founder of modernist poetry Written with clarity and verve Baudelaire's World provides English language readers with the biographical historical and cultural contexts that will lead to a fuller understanding and enjoyment of the great French poet's work Rosemary Lloyd considers all of Baudelaire's writing including his criticism theory and letters as well as poetry In doing so she sets the poems themselves in a richer context in a landscape of real places populated with actual people She shows how Baudelaire's poetry was marked by the influence of the writers and artists who preceded him or were his contemporaries Lloyd builds an image of Baudelaire's world around major themes of his writing childhood women reading the city dreams art nature death Throughout she finds that his words and themes echo the historical and physical realities of life in mid nineteenth century Paris Lloyd also explores the possibilities and limitations of translation As an integral part of her treatment of the life poetry and letters of her subject she also reflects on published

intersecting and interdependent peoples cultures and experiences One of the few books to focus on Vietnam s position within francophone literary scholarship Barnes challenges traditional concepts of French cultural identity and offers a new perspective on canonicity and the division between French and francophone literature The Flowers of Evil Charles Baudelaire,2021-12-07 On the 200th anniversary of Baudelaire s birth comes this stunning landmark translation of the book that launched modern poetry Known to his contemporaries primarily as an art critic but ambitious to secure a more lasting literary legacy Charles Baudelaire a Parisian bohemian spent much of the 1840s composing gritty often perverse poems that expressed his disgust with the banality of modern city life First published in 1857 the book that collected these poems together *Les Fleurs du mal* was an instant sensation earning Baudelaire plaudits and simultaneously disrepute Only a year after Gustave Flaubert had endured his own public trial for published indecency for *Madame Bovary* a French court declared *Les Fleurs du mal* an offense against public morals and six poems within it were immediately suppressed a ruling that would not be reversed until 1949 nearly a century after Baudelaire s untimely death Subsequent editions expanded on the original including new poems that have since been recognized as Baudelaire s masterpieces producing a body of work that stands as the most consequential controversial and influential book of poetry from the nineteenth century Acclaimed translator and poet Aaron Poochigian tackles this revolutionary text with an ear attuned to Baudelaire s lyrical innovations rendering them in an assertive blend of full and slant rhymes and fluent iambs A E Stallings and an intuitive feel for the work s dark and brooding mood Poochigian s version captures the incantatory almost magical effect of the original reanimating for today s reader Baudelaire s unfailing vision that trumpeted the space and light of the future Patti Smith An introduction by Dana Gioia offers a probing reassessment of the supreme artistry of Baudelaire s masterpiece and an afterword by Daniel Handler explores its continued relevance and appeal Featuring the poems in English and French this deluxe dual language edition allows readers to commune both with the original poems and with these electric revelatory translations **Poussin and Nature** Metropolitan Museum of Art (New York, N.Y.),2008 The work of the great French painter Nicolas Poussin 1594-1665 is most often associated with classically inspired settings and figures depicting solemn scenes from mythology or the Bible Yet he also created some of the most influential landscapes in Western art endowing them with a poetic quality that has been admired by artists as different as Constable Turner and Cezanne As the British critic William Hazlitt noted in 1844 This great and learned man might be said to see nature through the glass of time This beautiful catalogue presents the first in depth examination of Poussin s landscapes Featured here are more than 40 paintings ranging from the artist s early Venetian inspired pastorals to his grandly structured and austere works designed as metaphors or allegories for the processes of nature Also included are approximately 60 drawings and essays by internationally renowned scholars who examine the painter s visual literary and philosophical influences as well as his relationships with his patrons and his place in the art historical canon Publisher description **Bulletin baudelairien** ,1986 **The Language of Lavender Fields** Audrey

Tanner,2024-12-09 Haunted by the fragrant ghost of her grandmother's New Orleans apothecary Haitian American botanist Geneviève Genny Dufort arrives in Provence seeking solace and a connection to her ancestral heritage Drawn by the region's unique lavender varieties her research grant becomes a quest to honor her grandmother's legacy of herbal healing But Provence a canvas of violet and gold whispers secrets Genny struggles to decipher Armand Dupuis a French Algerian farmer embodies the very soul of Provence Bound to his family's struggling lavender estate he carries the weight of generations past His connection to the land is visceral a silent symphony of sun baked earth and the fragrant whispers of lavender He speaks the language of the land Genny speaks the language of science Their first encounter is a collision of worlds her meticulous data analysis clashing with his intuitive understanding of the ancient rhythms of the land Amidst the fragrant rows a spark ignites Their shared passion for lavender blossoms into an unlikely alliance a quest to cultivate a new hybrid that can withstand the looming threat of climate change The lavender fields become their shared tongue a silent dialogue woven with earthy aromas and vibrant hues But the picturesque village of Roussillon harbors secrets of its own Whispers of l'trang re follow Genny a chilling reminder of the xenophobia that simmers beneath the surface threatening their burgeoning romance and the fragile tendrils of their connection As the lavender harvest approaches so does a devastating storm mirroring the escalating tensions within the village and the deepening intimacy between Genny and Armand The storm becomes a catalyst forcing the community to confront their prejudices and unite against a common enemy Genny's scientific knowledge intertwined with the ancient wisdom of Provençal herbal lore offers a chance for salvation In the aftermath the whispers fade replaced by a newfound respect Genny no longer an outsider discovers a sense of belonging while Armand embraces a future where tradition and innovation intertwine Under the Provençal sun their love story unfolds a testament to the enduring power of connection resilience and the intoxicating language of lavender fields      **Aesthetic Dilemmas** Marlo Alexandra

Burks,2023-06-15 Hugo von Hofmannsthal 1874 1929 is frequently portrayed in cultural histories as an aloof writer with a precious style out of step with modern sensibilities In *Aesthetic Dilemmas* Marlo Burks reassesses Hofmannsthal's oeuvre and its place in twentieth century European modernist aesthetics Through an examination of a diverse range of Hofmannsthal's ekphrastic writings including poetry essays opera libretti fiction and letters Burks argues that Hofmannsthal's work aims to engage the consciousness and sensibility of readers listeners and viewers by way of dynamic encounters with works of art *Aesthetic Dilemmas* thereby corrects a long standing flawed characterization of Hofmannsthal's work as escapist and demonstrates how his place in the Modernist movement has been misunderstood in most scholarship The book is in dialogue with a broad range of critical voices and treats a variety of themes from aestheticism to money interpersonal relationships suffering poverty labour futurity legacy and hope Translating numerous passages into English for the first time *Aesthetic Dilemmas* gives English speaking readers the chance to evaluate Hofmannsthal's literary merit and his contributions to the enduring conversation about art's relation to ethics      **Disorder in the Court** George Robb,Nancy

Erber,1999-06 At the turn of the century a spate of sensational trials kept French and English readers spellbound and ignited bitter tugs of war over marriage and divorce laws women s rights temperance gay prostitution and lesbian literature The chapters in *Disorder in the Court* each focus on a specific high profile trial and the public debates surrounding it in order to address the role of the state in regulating sexual morality The authors draw on police archives records of coroners inquests magistrates courts and news coverage to bring to life social conflicts sparked by differing ideologies of class gender and sexuality Also explored is the role of the police and scientific methods of criminology in an era when working class marital conflicts were resolved by an axe blow unwanted middle class spouses were dispatched with an arsenic diet and government agents scanned sensational novels or loitered in Paris urinals in search of vice **Material Figures** Margueritte S. Murphy,2012-01-01 Ideological debates about economics and aesthetics raged hotly in nineteenth century France French political economy was taking shape as a discipline that would support free market liberalism while l art pour l art theories circulated and utopian systems with aesthetic and economic agendas proliferated Yet as this book argues the discourses of art and literature worked in tandem with market discourses to generate theories of economic and social order of the model of the self individuating and desiring subject of modernity and of this individual s relationship to a new world of objects Baudelaire as a poet and art critic is exemplary Rather than a disaffected artist Baudelaire is shown to be a spectator desirous of both art and goods whose sensibilities reflect transformations in habits of perception The book includes chapters on equilibrium and utility in economic and aesthetic theory on the place of the aesthetic in press coverage of the industrial exhibitions on the harmonic theories of Baudelaire s early art criticism aimed at a bourgeois audience on Baudelaire s radical cosmopolitanism learned through viewing objects on display at the Universal Exhibition of 1855 and on *Les Fleurs du Mal* and *Le Spleen de Paris* where language makes visible the traits of a new material world Remembrance of Things Past? Michael J. Thate,2013 In this book Michael J Thate offers an experiment in reception criticism in its consideration of the formation and reception of the historical Jesus discourse He also attempts to historicize *Leben Jesu Forschung* within debates and narratives of secularization These two foci guide the book through its two parts First Thate explicates Schweitzer s dominant archival function in *Leben Jesu Forschung* while aiming to make fragile the grand architect s receptive hegemony Then he combines critical memory theory and other theoretical readings of the material in an attempt to refocus the study of the historical Jesus as early Christian memory politics in the service of identity explication He attempts to problematize Schweitzer s legacy of a tidy systematic approach in which much of historical Jesus scholarship continues to operate
