**The First Soldier** Stephen G. Fritz, 2018-11-13 An expert account of Nazi war strategy that concludes that Hitler was not without military talent Kirkus Reviews After Germany's humiliating World War II

defeat numerous German generals published memoirs claiming that their country's brilliant military leadership had been undermined by the Führer's erratic decision making. The author of three highly acclaimed books on the era, Stephen Fritz upends this characterization of Hitler as an ill-informed fantasist and demonstrates the ways in which his strategy was coherent and even competent. That Hitler saw World War II as the only way to retrieve Germany's fortunes and build an expansionist Thousand Year Reich is uncontroversial. But while his generals did sometimes object to Hitler's tactics and operational direction, they often made the same errors in judgment and were in agreement regarding larger strategic and political goals. A necessary volume for understanding the influence of World War I on Hitler's thinking, this work is also an eye-opening reappraisal of major events like the invasion of Russia and the battle for Normandy. Perhaps the best account we have to date of Hitler's military leadership. It shows a scrupulous and imaginative historian at work and will cement Fritz's reputation as one of the leading historians of the military conflicts generated by Hitler's Germany. Richard Overly, author of **The Bombing War**. Original, insightful and authoritative. David Stahel, author of **The Battle for Moscow**. **Forgotten Heroes of World War II** Thomas E. Simmons, 2014-11-06 World War II was the defining event of the twentieth century. For everyone, it was a time of confusion, fear, destruction and death on a scale never before seen. Much has been written of the generals, campaigns and battles of the war, but it was young, ordinary American kids who held our freedom in their hands as they fought for liberty across the globe. **Forgotten Heroes of World War II** offers a personal understanding of what was demanded of these young heroes through the stories of rank-and-file individuals who served in the navy, marines, army, air corps and merchant marine in all theaters of the war. Their tales are told without pretense or apology. At the time, each thought himself no different from those around him; for they were all young, scared and miserable. They were the ordinary, the extraordinary, the forgotten. **Comical Co-Stars of Television** Robert Pegg, 2015-10-05 Although some scholars credit Shakespeare with creating in Henry IV's Falstaff the first second banana character, reviving him for Henry IV Part Two, most television historians agree that the popular co-star was born in 1955 when Art Carney as Ed Norton first addressed Jackie Gleason with a "Hey, Ralphie" boy on *The Honeymooners*. The phenomenon has proved to be one of the most enduring achievements of the American sitcom and oftentimes so popular that the co-star becomes the star. Twenty-nine of those popular co-stars get all of the attention in this work. Each chapter focuses on one television character and the actor or actress who brought him or her to life and provides critical analysis, biographical information and, in several instances, interviews with the actors and actresses themselves. It includes people like Art Carney of *The Honeymooners*, Don Knotts of *The Andy Griffith Show*, Ted Knight of *The Mary Tyler Moore Show*, Max Baer of *The Beverly Hillbillies*, Vivian Vance and William Frawley of *I Love Lucy*, Ann B. Davis of *The Brady Bunch*, Jamie Farr of *M.A.S.H.*, Ron Palillo of *Welcome Back, Kotter*, Jimmie Walker of *Good Times*, Tom Poston of *Newhart* and Michael Richards of *Seinfeld* to name just a few. **Runaway Hollywood** Daniel Steinhart, 2019-02-12 After World War II, as cultural and industry changes were reshaping Hollywood, movie studios shifted

some production activities overseas capitalizing on frozen foreign earnings cheap labor and appealing locations Hollywood unions called the phenomenon runaway production to underscore the outsourcing of employment opportunities Examining this period of transition from the late 1940s to the early 1960s Runaway Hollywood shows how film companies exported production around the world and the effect this conversion had on industry practices and visual style In this fascinating account Daniel Steinhardt uses an array of historical materials to trace the industry's creation of a more international production operation that merged filmmaking practices from Hollywood and abroad to produce movies with a greater global scope *Motion Pictures From the Fabulous 1950's* Terry Rowan,2015-12-22 The 1950s marked a decade of great fads Hula Hoops Davy Crockett coonskin caps Roy Rogers or Gene Autrey guns or Cowboy boots and poodle skirts It gave us Elvis Presley and rock and roll crew cuts and sideburns argyle sweaters saddle shoes and white bucks College kids on panty raids and sock hops In the corner of every sitting room was a small but ever expanding eye fixed on an opening world Television set Films of the 1950s were wide variety and the studios sought to put audiences back in the seats of the theaters

Winchester,Ian Drury,2011-08-20 An examination of the German campaign on the Eastern Front from their first significant defeat at the gates of Moscow in 1941 to the defeat at Stalingrad and the Russian capture of Berlin marking the end of the war in Europe The Russian Front was the decisive theatre of World War II with the great mass of the German Army and Luftwaffe locked in battle with the Red Army in the largest land campaign in history On a 1 200 mile front from the Arctic Circle to the Caspian Sea in baking summer heat and freezing winter temperatures millions of men and women fought the most vital battle of the war Had the Germans won in the East a Nazi victory would have been almost inevitable Hitler's War on Russia explores how Hitler's flawed dream of conquest in the East brought about the end of the Thousand Year Reich in little over a thousand days This is the non illustrated edition of Ostfront with about 20 000 words of new material from the author **Eagles of the Third Reich** Samuel W. The Greatest Blunders of World War II Horace Edward Henderson, 2001-08 Adolph Hitler lost WWII because of his blunders and the U S and its allies won WWII in spite of their blunders Nearly a lifetime of research and study by a veteran of World War II reveals the major political and military errors and mistakes which caused the greatest catastrophe in world history almost lost the struggle with the greatest evil the world has ever known failed to end the conflict in a decisive victory for the survival of freedom and democracy subjected the world to almost half a century of fear and turmoil in the Cold War and wasted vast world resources on armaments while hundreds of millions of people suffered from hunger illness and death This analysis of the major issues and campaigns of World War II concentrates on what went wrong with the conduct of the war which needlessly prolonged its brutal end and reveals how narrow was the margin between victory and defeat
