Guy Hermet

The Communists In Spain Study Of An Underground Political Movement:

The Decline Of The World Communist Movement Heinz Timmermann, 2019-07-11 International Communism today is split on a number of ideological and political issues and is incapable of the kind of unified action implied by the term movement So argues Heinz Timmermann in this assessment of the current state of world Communism Dr Timmermann discusses the historical concept of a world Communist movement in connection with the USSR and China Focusing on Communism in the West he examines such diverse groups as the Communist parties in Italy France Portugal Cyprus Chile and Japan Communist parties in the West are increasingly adjusting their policies to better fit their own cultures and the author links this independence to the emphasis the Soviet Union s Communist Party has been placing on the specifically Russian character of the October Revolution and Soviet state interests Apparently Moscow is now showing some flexibility in its response to tendencies toward differentiation and pluralism within the system of Communist parties Gorbachev is less concerned with ideological orthodoxy than with Communists effectively supporting Soviet foreign policy The author argues that by acceding to the concept of unity in diversity Gorbachev is signaling that the Soviet leadership is willing to look beyond the myth of a world Communist movement

The Communists in Spain Guy Hermet, 1974 **The Communist Parties of Italy, France and Spain** Peter Lange, Maurizio Vannicelli, 2021-06-29 First published in 1981 The Communist Parties of Italy France and Spain presents a comparative and integrative overview of the development of three Communist parties in the postwar Europe Through the systematic presentation of the most important documents of the Communist parties the book provides an access to the basic declarations and positions to illustrate the strategic and ideological evolution of these three parties in the advanced industrial democracies Eurocommunism the editors argue cannot be usefully understood as a phenomenon which suddenly appeared and equally as rapidly disappeared in the 1970s Rather it is a process of adaptation and change which characterizes the development of all three parties since World War II The explicitly comparative organisation of the documents into five basic themes general strategy alliances party organization international policy policy toward the communist movement allows the reader both to follow any single party in a specific policy area or to compare the parties in response to major domestic or international events of significance Rich in archival material this book will be an invaluable resource to scholars and researchers of European Politics comparative politics comparative communism and modern European history

Making Democracy in Spain Joe Foweraker, 2003-10-02 This book exploring the making of democracy in Spain during the twenty long years before the death of Franco seeks out the beginnings of democratic struggles at the grass roots of civil society Rather than one more account of the transition to democracy in Spain this is the story of the countless unsung heroes who prepared the political terrain of this transition The story suggests that it was social needs and economic demands which spawned individual discontent and political dissent but that the struggle itself required continual political organization and calculation The book therefore explores the personal networks and political strategies

which sustained the struggle and reveals that their contribution to the making of democracy was often contradictory and always piecemeal Democratic struggle is not defined by a single idea of democracy but by myriad attempts to achieve more autonomous action and more effective forms of representation

Historical Dictionary of Spain Angel Smith, 2017-12-29 Following Spain's transition to democracy in the 1970s the country experienced rapid economic modernization the establishment of a functioning liberal democracy and a cultural renaissance Along with rising living standards over the following thirty years ordinary Spaniards experienced massive improvements in the road and rail networks in local amenities from sporting facilities to centers for the aged and in the public health system As a result by the start of the 20th century Spaniards had largely overcome any sense of inferiority in comparison with other major western European countries and the United States However Spain was hit by a severe economic recession between 2008 and 2011 and unemployment levels are still very high Moreover a large number of corruption cases have come to light and tensions between the central government and Catalan autonomous government have burst into open conflict Restructuring the Spanish economy ensuring probity in public life and accommodating Catalonia within the Spanish state are therefore key tasks in the decade the lies ahead This third edition of the Historical Dictionary of Spain contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture The book is an excellent resource for students researchers and anyone wanting to know more about Spain

Problems of Communism, 1988 *The Communists in Spain* Guy Hermet, 1974 *Political Parties in New Democracies* Ingrid van Biezen, 2003-07-01 Ingrid van Biezen provides a comprehensive comparative analysis of party formation and organizational development in recently established democracies She focuses on four democracies in Southern and East Central Europe and addresses political parties from a cross regional perspective Featuring a wealth of new information on party organization this book provides a valuable theoretical and empirical contribution to our understanding of political parties in both old and new democracies

The Poetic and Real Worlds of César Vallejo (1892-1938) R. K. Britton, 2015-09-28 The world renowned Peruvian poet César Vallejo 1892-1938 was also a journalist essayist novelist and would be dramatist The study of his life and work has encountered problems since the 1950s stemming from the fact that half of his writing was published posthumously under editorship of doubtful accuracy The matter is further complicated in that his non poetic work has been neglected in favour of his verse A Struggle between Art and Politics reviews the evidence literary and historical now reliably to hand and assesses the often conflicting body of opinion his work has generated Three essential questions are pertinent Where should Vallejo be placed in the canon of twentieth century modernism What effect did his mid life conversion to

Communism have on his writing How should his prose fiction journalism and essays be assessed in relation to his poetry There are few writers whose literary output follows the twists and turns of their lives more closely than Cesar Vallejo's This new comparative study maps his career onto the cultural social political and historical backdrop to his life in Peru France Spain and Russia and analyses his writings in the light of his life circumstances Vallejo's journey from Peru the cultural periphery to the centre of inter war Paris his experience of European capitalism during the Depression and the confrontation of Communism and Fascism ultimately played out in the Spanish Civil War forced him to wage a personal struggle to reconcile art with life and politics This challenge is fought out in different ways in his various writings but nowhere more movingly passionately and humanely than in his posthumous poetry **Newsletter** United States. The Communists In Spain Study Of An Underground Political Movement Introduction

In today's digital age, the availability of The Communists In Spain Study Of An Underground Political Movement books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Communists In Spain Study Of An Underground Political Movement books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Communists In Spain Study Of An Underground Political Movement books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Communists In Spain Study Of An Underground Political Movement versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Communists In Spain Study Of An Underground Political Movement books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Communists In Spain Study Of An Underground Political Movement books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Communists In Spain Study Of An Underground Political Movement books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital

libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Communists In Spain Study Of An Underground Political Movement books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
