The Companion Guide To South Wales:

The Companion Guide to South Wales Peter Howell, Elisabeth Beazley, 1977 The Companion Guide to Wales David Barnes, 2005 Wales is a country where small in beautiful a cultural tradition rooted in the austerity and erudition of the Celtic saints a tradition more confirmed than repudiated by the Reformation and is best appreciated by lovers of small things The delights of Wales are understated and cumulative small country churches rather than great city cathedrals a labyrinth of byeays away form the few highways details of vernacular achitecture rather than grand edifices Edward I s thirteenth century castles being the exception that proves the rule **Pembrokeshire** Thomas Lloyd, Julian Orbach, Robert Scourfield, Richard Scourfield, 2004-01-01 This authoritative guide to the southwest corner of Wales by three local experts encompasses a wide sweep of history from the rugged prehistoric remains that stud the distinctive windswept landscape overlooking the Atlantic to distinguished recent buildings that respond imaginatively to their natural setting The comprehensive gazetteer encompasses the great cathedral of St David's and its Bishop's Palace the numerous churches and the magnificent Norman castles that reflect the turbulent medieval past It gives attention also to the lesser known delights of Welsh chapels both simple rural and sophisticated Victorian examples in all their wayward variety and provides detailed accounts of a rewarding range of towns including the county town Haverfordwest the attractively unspoilt Regency resort of Tenby and Milford Haven and Pembroke Dock with their important naval history An introduction with valuable specialist contributions sets the buildings in context Carmarthenshire and Ceredigion Thomas Lloyd, Julian Orbach, Robert Scourfield, 2006-01-01 This sixth volume of the Buildings of Wales series covers two counties Carmarthenshire and Ceredigion formerly Cardiganshire in the south west of Wales Like the same authors Pembrokeshire the volume covers an architecture still little known hut encompassing a sweep from prehistoric chambered tombs to the high technology of the world's largest single span glasshouse The Buildings of Wales founded by Sir Nikolaus Pevsner 1902 83 will when complete document and describe the architecture of the Principality in seven regional volumes complementing the sister series on England Ireland and Scotland In each one a gazetteer details all buildings of significance from megalithic tombs and Iron Age hill forts via grand seventeenth century houses to Victorian domestic extravaganzas great industrial centres and monumental public buildings The countryside is explored to reveal churches chapels farmhouses and traces of early industry The gazetteer is complemented by an introduction which explains the broader context and builds a complete picture of the country's architectural identity Each work is illustrated by numerous maps plans and photographs completed by glossaries and indexes and gives a comprehensive and illuminating survey of the buildings of Wales "The" Athenaeum ,1895
