Finding Your Way Through Grief Kim Thomas, 2004 Is there a right way for Christians to grieve Is God truly enough in the valley of the shadow of death Does time really heal all wounds In finding her way through her own grief Kim Thomas asks thought provoking questions and comes to know the sorrow and compassion of God in a way that is immediate intimate and soul soothing God has been attentive to my mourning He has been ever close close enough to catch my tears in a bottle as they fall from my eyes I wonder if perhaps the bottle of my tears might sit on the shelf next to the tears Jesus wept If you are experiencing grief or are close to someone who is you will find in Kim s story an honest admission about the pain of loss She also offers 30 days of reflections from Scripture that provide hope based on the tender and powerful love of God for those who have known heartache and are making their way through it The Next Scott Nadelson Scott Nadelson, 2013-02-18

Beginning in the summer of 2004 Scott Nadelson s life fell apart His fianc e left him a month before their planned wedding for another woman who made her living performing as a drag king He moved into a drafty attic His car s brakes went out He learned that his cat was dying Over the next two years he d struggle with equivocal and sometimes humiliating results to get back on his feet in the process re examining his past to understand his present circumstances The Next Scott Nadelson A Life in Progress is a literary self portrait that revolves around the dissolution of a relationship but encompasses the long process of a young man s halting self discovery Exploring episodes from the life of its author narrator marked by failure suffering and hope as well as literary and cultural influence the book weighs the things that make us want to give up against the things that keep us going Though many of the pieces are comic and self deprecating some self lacerating they are above all meditations on the nature of the self and the way it can be constructed through memory desire and the imagination Together they form a larger narrative a search for fulfillment and identity in a life often governed by fear With humor and unflinching honesty Scott Nadelson scrutinizes his life to discover who he is and finds just how elusive such a discovery can be To read the resulting book is to join him on a personal journey that is thoughtful surprising occasionally hilarious and unapologetically human Travels with the Wolf Melissa Anne Goldstein, 2000 The Lupus Foundation of America estimates that between 5 and 15 million people have been diagnosed with lupus a chronic autoimmune disease that can attack any part of the body The elusive nature of the illness often becomes a source of overwhelming helplessness and frustration to its victims their loved ones and the physicians who treat it Narrated through both poetry and prose Travels with the Wolf is an

autobiographical account of Melissa Anne Goldstein's experiences with lupus. It is her story of becoming a young woman, writer, and teacher in the presence of severe, often debilitating disease. It is an exploration of her relationships with her family and friends as the illness steals into their lives and the record of her struggle to maintain her independence and identity despite disease. Finally, it is an author's journey to find her spiritual core. This book is not just about lupus; Goldstein uses her experience of the illness as well as sociological, literary, and historical research to portray and understand the dilemmas faced by the chronically ill person in our society. In her conclusion, she calls for reform of today's health care system, which does not meet the needs of the chronically ill or their physicians.
