Story David A. Wilson, 2022-05-30 In the mid nineteenth century a group of Irish revolutionaries known as the Fenians set out to destroy Britain's North American empire. Between 1866 and 1871 they launched a series of armed raids into Canadian territory. In *Canadian Spy Story* David Wilson takes readers into a dark and dangerous world of betrayal and deception, spies and informers, invasion and assassination spanning Canada, the United States, Ireland and Britain. In Canada there were Fenian secret societies in urban areas including Quebec City, Montreal, Ottawa and Toronto, and in some rural townships all part of a wider North American network. Wilson tells the tale of Irishmen who attempted to liberate their country from British rule and the Canadian secret police who infiltrated their revolutionary cells and worked their way to the top of the organization. With surprises at every turn, the story includes a sex scandal that nearly brought Canadian spy operations crashing down, as well as reports from Toronto about a plot to assassinate Queen Victoria. Featuring a cast of idealists, patriots, cynics, manipulators and liars, *Canadian Spy Story* raises fundamental questions about state security and civil liberty with important lessons for our own time.

Na Fianna Éireann and the Irish Revolution, 1909-23 Marnie Hay, 2019-05-16 This book provides a scholarly yet accessible account of the Irish nationalist youth organisation Na Fianna Éireann and its contribution to the Irish Revolution in the period 1909-23. Countess Constance Markievicz and Bulmer Hobson established Na Fianna Éireann or the Irish National Boy Scouts as an Irish nationalist antidote to Robert Baden Powell's scouting movement founded in 1908. Between their establishment in 1909 and near decimation during the Irish Civil War of 1922-23, Na Fianna Éireann recruited, trained and nurtured a cadre of young nationalist activists who made an essential contribution to the struggle for Irish independence. This book will be of interest to historians and students specialising in the history of the Irish Revolution, youth culture, paramilitarism and twentieth century Ireland. It will also appeal to the general reader with an interest in the history of the Irish Revolution.

Frontiers of Labor Greg Patmore, Shelton Stromquist, 2018-03-21 Alike in many aspects of their histories, Australia and the United States diverge in striking ways when it comes to their working classes, labor relations and politics. Greg Patmore and Shelton Stromquist curate innovative essays that use transnational and comparative analysis to explore the two nations' differences. The contributors examine five major areas: World War I's impact on labor and socialist movements; the history of coerced labor; patterns of ethnic and class identification; forms of working class collective action; and the struggles related to trade union democracy and independent working class politics. Throughout, many essays highlight how hard-won transnational ties allowed Australians and Americans to influence each other's trade union and political cultures. Contributors: Robin Archer, Nikola Balnave, James R. Barrett, Bradley Bowden, Verity Burgmann, Robert Cherny, Peter Clayworth, Tom Goyens, Dianne Hall, Benjamin Huf, Jennie Jeppesen, Marjorie A. Jerrard, Jeffrey A. Johnson, Diane Kirkby, Elizabeth Malcolm, Patrick O'Leary, Greg Patmore, Scott Stephenson, Peta Stevenson, Clarke Shelton Stromquist and Nathan Wise.
