The Conservative Party 1918 1979

G. Maguire

The Conservative Party 1918 1979:

Conservative Party Attitudes to Jews 1900-1950 Harry Defries, 2014-02-04 This work examines the attitudes of the Conservative Party towards Jews in Britain Palestine and elsewhere from 1900 1948 It aims to show how the Conservative Party in the first half of the 20th century regarded both itself and British society on the one hand and Britain's role on the other

The Conservative Party and the Creation of the Welfare State Eric Caines, 2022-09-13 This book explores the origins of the post war Welfare State in the UK the creation of which is almost universally considered to an extent which is regarded here as being tantamount to a myth as being solely a Labour Party creation The book examines the various contributions to the development of welfarism across the first half of the twentieth century and in particular those of Winston Churchill Neville Chamberlain and William Beveridge It assesses the effects of two World Wars the daunting economic challenges of the 1920s and 1930s the stimuli to post war reconstruction the 1945 Labour government's implementation of the wartime Coalition Government's post Beveridge conclusions and the Conservative Party's attitude after 1945 to Labour's legislative programme The book invites the reader to accept that taking developments over the half century as a whole the greater share of the credit for the creation of a welfare state belongs to the Conservative Party

[The Conservative Party](#) T. F.. Lindsay, Michael Harrington, 1979

Harold Macmillan and the Berlin Wall Crisis, 1958-62 J. Gearson, 1998-01-12 Drawing on newly released government papers John Gearson assesses the development of Harold Macmillan's foreign policy during the Berlin Wall Crisis Tracing the bitter alliance disputes of the crisis Dr Gearson shows how Macmillan's attempts to chart an independent course crucially undermined his standing with his European partners and revealed his confused approach to European security Berlin is placed at the centre of consideration of British foreign policy making this book an important contribution to the historiography of the period

The Tories and Europe John Turner, 2000 John Turner examines the way in which the issue of Europe has led to a schism within the Conservative Party contributing to the party's election defeat in 1997 and how issues of sovereignty and federalism continue to preoccupy the party

The Conservatives since 1945 Tim Bale, 2012-09-21 What do we really mean when we say a political party has changed And exactly what is it that drives that change Political scientists working in the comparative tradition have come up with a general explanation that revolves around the role of election defeats and loss of office and around changes of leader and factions But how well does that explanation cope when subjected to a historically grounded and therefore robust examination This book tries to answer that question by subjecting the common wisdom to a real world over time test using one of the world's oldest and most successful political parties as an in depth case study What do the periods spent in both opposition and government by the British Conservatives since 1945 tell us about what drives parties to change their sales force the way they organize and the policies they come up with Using internal papers memos and minutes of meetings from party archives along with historical and contemporary accounts memoirs and interviews this book maps the extent of change and then explores what may have

driven it The conventional wisdom it turns out is not necessarily wrong but incomplete requiring both qualification and supplementation This approachably written book suggests when how and why Along the way it provides a fresh and comprehensive account of the Conservative Party that should appeal equally to those interested in political history and those interested in political science British Conservatism and Trade Unionism, 1945-1964 Peter Dorey, 2016-05-23 For most of the twentieth century the Conservative Party engaged in an ongoing struggle to curb the power of the trade unions culminating in the radical legislation of the Thatcher governments Yet as this book shows for a brief period between the end of the Second World War and the election of Harold Wilson's Labour government in 1964 the Conservative Party adopted a remarkably constructive and conciliatory approach to the trade unions dubbed voluntarism During this time the party leadership made strenuous efforts to avoid as far as was politically possible confrontation with or legislation against the trade unions even when this incurred the wrath of some Conservative backbenchers and the Party's mass membership In explaining why the Conservative leadership sought to avoid conflict with the trade unions this study considers the economic circumstances of the period in question the political environment electoral considerations the perspective adopted by the Conservative leadership in comprehending industrial relations and explaining conflict in the workplace and the personalities of both the Conservative leadership and the key figures in the trade unions Making extensive use of primary and archival sources it explains why the 1945-64 period was unique in the Conservative Party's approach to Britain's trade unions By 1964 though even hitherto Conservative defenders of voluntarism were acknowledging that some form of official inquiry into the conduct and operation of trade British unionism as a prelude to legislation was necessary thereby signifying that the heyday of voluntarism and cordial relations between senior Conservatives and the trade unions was coming to an end

Conservative Women G. Maguire, 1998-08-17 The primary objective of Maguire's study is to consider the evolution of women's role in the Conservative Party since the time of Disraeli and try to assess whether it has always been one of progress To do this she examines not only the attitude of women to the party and the official attitude of the party towards women but also the degree of acceptance that Conservative men have shown towards women members It considers women at all levels from that of the voter to the grassroots organization to national politics **The Longman Companion to Britain in the Era of the Two World Wars 1914-45** Andrew Thorpe, 2014-09-19 In the momentous period barely 30 years covered by this systematic reference guide the Edwardian world was transformed unrecognisably through war technological progress and social change into the Nuclear Age It saw the coming of mass democracy the apogee of empire the Depression the threat of fascism the development of suburban society and as yet scarcely understood the end of Britain's international hegemony Andrew Thorpe's superb contribution to the Companions series illuminates all this and much else It will be indispensable to anyone interested in the history and politics of modern Britain **Mass Conservatism** Stuart Ball, Ian Holliday, 2013-10-18 The papers that comprise this volume reveal how people are intent on preserving not only their wealth

but culture too The individual contributions identify the key arguments used to coax voters whose natural sympathies might gravitate to the left to vote for the Conservative Party en masse

Conservatism and Ideology Matthew Johnson, Mark Garnett, David Walker, 2017-10-02 Michael Oakshott described conservatism as a non ideological preference for the familiar tried actual limited near sufficient convenient and present Historically conservatives have been associated with attempts to sustain social harmony between classes and groups within an organic hierarchical order grounded in collective history and cultural values Yet in recent decades conservatism throughout the English speaking world has been associated with radical social and economic policy often championing free market models which substitute the free movement of labour and forms of competition and social mobility for organic hierarchy and noblesse oblige The radical changes associated with such policies call into question the extent to which contemporary conservatism is conservative rather than ideological This book seeks to explore contemporary conservative political thought with regard to such topics as One Nation politics and Big Society sovereignty multiculturalism and international blocs paternalism and negative liberty with regard to narcotics pornography and education regional and international development and public faith establishment and religious diversity This book will be published as a special issue of Global Discourse

Churchill Samantha Heywood, 2003 Examining the influential career of Winston Churchill this new book discusses his career from Secretary of State for War and Air to British Prime Minister during the Second World War and from 1951 55

The Politics of Decline Jim Tomlinson, 2014-06-11 The key aim of this new book is to show how economic decline has always been a highly politicised concept forming a central part of post war political argument In doing so Tomlinson reveals how the term has been used in such ways as to advance particular political causes

British Sources of Information P. Jackson, 2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual

The Conservative Party Philip Norton, 1996 Here a team of authors specialising in party politics in general and the Conservative Party in particular present an overview of the history philosophy organisation leadership strategies and policies of the party

The British Electorate, 1963-1992 Ivor Crewe, Anthony D. Fox, Neil Day, 1995-11-02 The information presented covers a wide range of topics in voting and public opinion including the vote turnout party membership partisanship and attitudes on issues such as abortion capital punishment and nationalisation

Britain Since 1945 David Childs, 2006 This is the sixth edition of what has become the standard textbook on contemporary British political history since the end of World War II This authoritative chronological survey discusses domestic policy and politics in particular but also covers external and international relations The new and

improved edition of this important book brings the picture to the present by including the following additions September 11th the Iraq war and after the election of Iain Duncan Smith DS and Michael Howard as leaders of the Conservative party the issue of immigration the new royal wedding the 2005 election the importance of China on the British stage Britain since 1945 is essential reading for any student of contemporary British history and politics [The Failure of Political Extremism in Inter-war Britain](#) Andrew Thorpe,1989 The period between the two World Wars saw the emergence of authoritarian and totalitarian regimes in most European countries and the development of powerful communist and fascist movements in most others This book examines the reasons why such movements did not flourish in Britain *British Political Facts 1900-1985* David Butler,1986-02-01 **The Tory Mind on Education, 1979-1994** Denis Lawton,2011-12-08 This book discusses conservative education policies since 1979 by referring to beliefs values and attitudes It relates ideology to policies and provides some background about the years before 1979 definitions of Conservatism and descriptions of Tory beliefs and traditional Conservative views on education The second part of the book provides a brief outline of the years between the 1944 Education Act and 1979
