**Justices, Presidents, and Senators** Henry Julian Abraham, 1999 This new edition of this classic history of the Supreme Court discusses the selection nomination and appointment of each of the Justices who have sat on the U S Supreme Court since 1789 Abraham provides a fascinating account of the presidential motivations behind each nomination examining how each appointee s performance on the bench fulfilled or disappointed presidential expectations The Path to and From the Supreme Court Kermit L. Vice, 2021-11-15 The Reopening of the American Mind On Skepticism and Constitutionalism explores the connection of moderate skepticism with attachment to constitutionalism through the thought of five writers The features of this skepticism were concisely delineated by James Madison in the 37th Federalist as a recognition of the complexity of political matters the limitations of human reason and the shortcomings of language The position was first articulated by Cicero who connected it with the idea of a mixed or republican constitution developed by trial and error over generations Cicero was influential in the world of David Hume Edmund Burke and Madison The skeptical constitutional connection found its most articulate recent advocate in Supreme Court Justice Felix Frankfurter and underlay his advocacy of judicial restraint Current events have revived interest in the primacy of the legislative branch in balancing interests and rights in the States as laboratories for democracy and in an experimental approach to the solution of social problems in what might be called a reopening of the American mind The five central chapters explore the skeptical constitutional connection and the spirit of moderation in these political thinkers Without an appreciation of this tradition of avoiding dogmatism people will continue to demand simple answers to complex problems The book is not however primarily a tract for the times but a reflection on the on going search for a more civil world **The Supreme Court In and Out of the Stream of History** Kermit L. Brandeis: Volume II, 1907-1912* Louis D. Brandeis, 1972-06-30 The letters in this volume record an important transition in Brandeis's life In July 1907 when the letters begin Louis D Brandeis was merely an unusually successful local reformer His earlier victories against the Boston Elevated and the Boston Consolidated Gas Company even his stunning success in the achievement of the Savings Bank Life Insurance law in Massachusetts all centered exclusively upon Boston or Massachusetts problems But by December 1912 when this book ends Brandeis was one of the best known social activists in the United States He received regular national attention in popular periodicals and advised the newly elected President of the United States As these letters show Brandeis

always kept one eye on Massachusetts affairs supervising the inauguration of the insurance reform continuing to oppose long term franchises for the subway and advising Massachusetts governors on proposed bills and prospective appointments But he devoted the major part of his energy in this five and a half year period to a series of crusades of crucial national importance He attacked the attempt of Mellen and Morgan to gain a monopoly hold over new England transportation as he strenuously and doggedly opposed the merger of the Boston he joined the crusade for efficiency and scientific management and he directed repeated blows against the huge concentrations of economic power within the national economy It should not be surprising that Brandeis and Robert M LaFollette were drawn together and these letters will show both the extent of that relationship and the way in which Brandeis s influence spread to other progressives in Congress Other matters his earliest Zionist activities his achievement in defending progressive state legislation before the Supreme Court his interest in Alaskan development along conservationist lines his plan for the regularity of employment his role in the Presidential campaign of 1912 are all part of his work during these turbulent years and are all touched upon in greater or lesser detail in these letters
