The Contextualized Gospel:

Contextualization Bruce J. Nicholls, 2003 How can a Christian brought up in the metropolis of Sao Paulo speak the gospel clearly to a Buddhist raised in the mountains of Tibet Every missionary confronts the difficulty of cross cultural communication But missionaries from the Third World Bruce Nicholls says must understand four cultures the Bible s the Western missionaries who first brought the gospel their own and the people s to whom they take the gospel Recognizing this Nicholls proposes that the gospel be contextualized that is presented in forms which are characteristic of the culture to which the gospel is taken The problem is to find the right cultural forms and thus keep the gospel message both clear and biblical Nicholls deals with tough social theological and hermeneutical questions and proposes a direction for missions in the future Bruce J Nicholls formerly executive secretary of the World Evangelical Fellowship Theological Commission was a career missionary in India working in theological education and in pastoral ministry with the Church of North India He was also Editor of the Evangelical Review of Theology for 18 years and is now Editor of the Asia Bible Commentary series

Contextualization of the Gospel Andrew James Prince, 2017-06-07 There has been heightened interest and prolific publication by missiologists about contextualization since the term was first coined in 1972 There has been ongoing debate particularly amongst evangelicals themselves regarding which of these meanings methods and models of contextualization are acceptable to use Much of the debate has been carried out by academics and practitioners whose observations and conclusions have been largely shaped by the social sciences and practical theology In contrast the disciplines of biblical studies and Christian thought have not featured significantly in the debate The purpose of this research is to establish that biblical studies and Christian thought in general and Scripture and the church fathers in particular have an essential contribution to make in the contextualization debate and should form part of an evangelical approach to contextualization of the gospel alongside the social sciences and practical theology Following a review of the literature on contextualization over the past forty years the research examines the book of Acts as representative of Scripture and the work of John Chrysostom as a representative church father Contextual principles that are consistent with an evangelical approach to contextualization of the gospel are drawn from each work establishing the value of biblical studies and Christian thought in contextualization

Issues in Contextualization Charles H. Kraft, 2016-08-25 The gospel is to be planted as a seed that will sprout within and be nourished by the rain and nutrients in the cultural soil of the receiving peoples What sprouts from true gospel seed may look quite different above ground from the way it looked in the sending society but beneath the ground at the worldview level the roots are to be the same and the life comes from the same source What does a vibrant indigenous faith in Jesus look like How do we communicate the essential meanings of the gospel in forms appropriate to a particular people at a particular time Issues in Contextualization Charles Kraft s latest book presents his own insights on this topic from decades of experience teaching and ministering around the world Significantly Kraft s analysis includes an exploration of spiritual power an aspect

frequently neglected in such discussions This volume is an update of Kraft's classic work *Appropriate Christianity* It contains fresh presentations of previous articles and new insights into topics such as insiders followers of Jesus outside the religious culture of Christianity and power encounter

Contextualization in the New Testament Dean Flemming, 2005-10-12 To provide a model for today's missionary efforts Dean Flemming examines how the New Testament authors particularly in Acts Paul's letters and the Gospels contextualized the gospel for particular cultures and or communities

Contextualization and the Old Testament Jerry Hwang, 2022-09-26 Christianity is often viewed in Asia as a Western imposition Challenging this Dr Jerry Hwang examines the Old Testament's cultural engagement of its ancient Near Eastern context arguing that Scripture itself provides the ultimate model for contextualizing theology in Asia While it is common for missiological studies to ignore the Old Testament in their discussion of contextualization truly biblical contextualization must include the whole Bible not simply the New Testament This study provides insightful discourse between the Old Testament and various Asian contexts while demonstrating how Asian perspectives can help overcome the Eurocentrism prevalent in Old Testament scholarship This is an ideal resource for scholars and practitioners interested in a biblical perspective of contextualization especially as related to constructing theology that honors the truth of Scripture in the context of Asia

Contextualization Bruce J. Nicholls, 1979-01-01

Koch, 2017-12-30 This short introduction book will aim on giving a clear overview of Concepts Contextualization and Theology in Missiology Mission We will look into the church meeting documents Mission in Context and the Cape Town Commitment the Lausanne Movement It will describe different elements of what role contextualization plays what it means to do mission and to be a church in the world with the task of evangelizing the world Whenever you see the word Cape Town Commitment I will use the acronym CT and for Mission in Context I will use the acronym MIC It s clear that all subjects that are covered in both documents CT and MIC are too much to go in depth Areas of focus and concentration will be Theology of Mission Practical Context Church and the Missionary The Task of Evangelizing Communication and Contextualization sender receiver Today s Culture Mission and Strategy in Context I ve chosen not to focus on the history of mission but to focus instead on the present situation for the church God s people and people that have not yet received Jesus I see the significance to look back on the history of mission and use this knowledge from the past for guidance into the future The focus of this task is to review the context of mission in a practical approach The book is divided into two main parts 1 The first one emphasizes the missionary theology and contextualization and 2 The other part practical contextualization We will also look into and shed light on the core elements of Christian Mission on those terms I have chosen to include certain points based on the limitation of this task The reason that I have chosen to not speak about certain points is so that I can go further in depth on the topics I have chosen List over topics that are kept out or not discussed in depth Economical Perspective Ecological Perspectives Communicate with other Specific Faiths Mention how to Approach Indigenous People and Cultures Historical Events and History War and Conflicts Critique of Foreign Cultures and Custom By Henrik H Koch Author Editor B A in Church Education and Practical Theology NLA University College Norway Chinese Church in Context Grace Kwan Sik Tsoi, Philip P. Contextualization in the New Testament Dean Flemming, 2025-06-06 Winner of a Christianity Today Book Award Honored as one of the Fifteen Outstanding Books for Mission Studies by International Bulletin of Missionary Research From Cairo to Calcutta from Cochabamba to Columbus Christians are engaged in a conversation about how to speak and live the gospel in today's traditional modern and emergent cultures The technical term for their efforts is contextualization Missionary theorists have pondered and written on it at length More and more those who do theology in the West are also trying to discover new ways of communicating and embodying the gospel for an emerging postmodern culture But few have considered in depth how the early church contextualized the gospel And yet the New Testament provides numerous examples As both a crosscultural missionary and a New Testament scholar Dean Flemming is well equipped to examine how the early church contextualized the gospel and to draw out lessons for today By carefully sifting the New Testament evidence Flemming uncovers the patterns and parameters of a Paul or Mark or John as they spoke the Word on target and he brings these to bear on our contemporary missiological task Rich in insights and conversant with frontline thinking this is a book that will revitalize the conversation and refresh our speaking and living the gospel in today's cultures whether in traditional modern or emergent contexts Gospels or Biographies? The Gospels as Folk Literature Ryder Wishart, 2024-03-11

Challenging the widely accepted classification of the canonical gospels as biographies or historiographies the author argues that they should be classified as collections of folk literature from early Christianity Drawing on comparative register analysis and re-introducing literary and sociolinguistic insights from the twentieth century form critics this insightful study challenges readers to rethink the significance of gospels for understanding Jesus's historical context and relevance for modern readers The gospels are not merely designed to inform readers about the life of Jesus but also to push readers into accepting or rejecting his teaching It is a must read for anyone seeking a deeper understanding of the gospel genre and the intentions of the evangelists who compiled them Contextualization David J. Hesselgrave, Edward Rommen, 2000 This expert analysis of contextualization from David Hesselgrave and Ed Rommen skillfully brings the meanings proposals and tasks of contextualization into clearer focus creating the most comprehensive treatise on the subject produced by evangelical scholars

Evangelicals Engaging Emergent William David Henard, Adam W. Greenway, 2009 Leading conservative evangelicals from Norman Geisler to Thom Rainer and Ed Stetzer write informatively and respectfully about all facets of the controversial emergent church movement **World Mission (Combined Edition):** Jonathan Lewis, 1994-06-01 Back by popular demand this work was originally three volumes in length but is now reprinted as a single volume This manual integrates essential and relevant articles from Perspectives on the World Christian Movement Reader and the Perspectives Study Guide leading the student into deeper broader mission understanding and vision by covering the Biblical historical

foundations the strategic dimensions and cross cultural considerations Reading the Synoptic Gospels (Revised and Expanded) O. Wesley Allen,2013-09-30 This revised and expanded introductory text introduces students of the Bible to the layers of meaning that can be uncovered by serious study of the synoptic gospel texts Included are two new chapters introducing ideological exegetical approaches to the gospels and a concluding chapter that helps the student synthesize the exegetical discoveries they have made using the methods taught in the book The Bible, Cultural Identity, and Missions Dziedzorm Reuben Asafo,Daniel Kwame Bediako,Daniel Berchie,2016-04-26 This collection brings together a number of very carefully authored articles that outline practical approaches to three of theology s most intriguing subjects namely The Bible Cultural Identity and Mission Each of these subjects is indispensable to both the astute Christian theologian and Christian since they form the very core of what Christians believe Each contributor explores a unique theme and carefully through academic exactness and contextual experience communicates this without forgetting to employ very basic and familiar cultural analogies to drive home the missionary imperative of the Christian faith Contextualizing Theology in the South Pacific Randall G. Prior,2019-07-10 This book engages with a widespread contemporary dilemma how do we do theology in a context where the cultures of the people are oral and not literate The nations of the South Pacific from their missionary beginnings inherited an approach to theology that was dominated by Western cultural categories The global movement of contextualization began to impact upon Pacific churches in the 1960s and challenged this inherited approach Significant changes have resulted but the dilemma has remained The dominant approach is still one that is defined by and better suited to literate cultures The consequence is that theology remains an alien enterprise distant from the life of the local churches and distant from the hearts and minds of the indigenous people In facing the dilemma this book exposes the fundamental differences between primary oral cultures and primary literate cultures and identifies the key factors that lie at the heart of the theological problem By addressing each of these in turn the author then paves the way ahead He offers a methodology for theology that is rooted within the oral cultural context of the South Pacific and potentially in any context where oral cultures are the norm The consequences for theology and for theological education are profound **The Gospel in the Western Context** Gert-Jan Roest,2018-10-02 In The Gospel in the Western Context Gert Jan Roest focuses on discerning a Western contextual gospel an endeavour that is very relevant to the current state of Christianity in the postmodern and post Christendom West After giving an in depth analysis and synthesis of how Hendrikus Berkhof and Colin Gunton read the Western context and contextualize their Christology he develops a gospel centred model for reading the context Meanwhile he makes a creative and much needed attempt to connect the two disciplines of systematic theology and missiology and convincingly shows that both disciplines cannot only enrich one another but also can give church practitioners insight and wisdom for their tasks
