The Architect, 1926 Almost Brown Charlotte Gill, 2023-06-06 An award winning writer retraces her dysfunctional biracial globe trotting family's journey as she reckons with ethnicity and belonging diversity and race and the complexities of life within a multicultural household Almost Brown is that rarest of things a memoir that is both deeply intimate and intellectually ambitious Susan Orlean author of The Library Book Charlotte Gill's father is Indian Her mother is English They meet in 1960s London when the world is not quite ready for interracial love Their union results in a total meltdown of familial relations a lot of immigration paperwork and three children all in varying shades of tan Together they set off on a journey from the United Kingdom to Canada to the United States in an elusive pursuit of life liberty and happiness a dream that eventually tears them apart Almost Brown is an exploration of diasporic intermingling involving two eccentric parents from worlds apart and their half brown children as they experience the paradoxes and conundrums of life as it's lived between race checkboxes Their intercultural experiment features turbans and tube socks chana masala and Cherry Coke Over time Gill's parents drift apart because they just aren't compatible But as she too finds herself distancing from her father Why is she embarrassed to walk down the street with him and not her mom she doesn't know if it's because of his personality or his race Is this her own unconscious bias favoring one parent over the other in the racial tug of war that plagues our society Almost Brown looks for answers to questions shared by many mixed race people What am I What does it mean to be a person of color when the concept is a societal invention and really only applies halfway if you are half white Eventually after years of silence Gill and her father reclaim a space for forgiveness and love In a funny turbulent and ultimately heartwarming story Gill examines the brilliant messiness of ancestry diversity and the idea of race a historical concept that still informs our beliefs about ethnicity today *Official Gazette of the United States Patent and Trademark Office*, 1977
