Hersh, 1998-12 Reveals a John F Kennedy we have never seen before a man insulated from the normal consequences of behavior long before he entered the White House His father Joe set the pattern Kennedys could do exactly what they wanted There was no secret that money and charm could not hide Kennedys wrote their own moral code *The Character Factor* James P. Pfiffner, 2004 Annotation The American president's character matters To most Americans it matters deeply But how do we define what character means and why can't we agree In this sober probing consideration of the character factor and the presidency veteran political analyst James P Pfiffner leads us through a survey of three aspects of presidential character that have proved problematic for recent chief executives lies promise keeping and sexual probity His goal is not to tell us which presidents have been good and which bad Rather he helps us think critically and impartially about complex character issues and invites us to reach our own conclusions The Character Factor avoids both moral judgments and cynicism It helps us look at our presidents and our presidential candidates without illusions knowing that flawed men can still be great leaders but that some flaws deserve defeat at the polls or even the ultimate presidential sanction impeachment **One Nation Under Sex** Larry Flynt, David Eisenbach, 2024-03-26 Presidential hanky panky is as old as the nation itself But no one can bring it to life quite like Larry Flynt Steven E Levingston Washington Post Ben Franklin saved the American Revolution by seducing French Women A gay love affair between President James Buchanan and Senator William King aided the secession movement Woodrow Wilson's girlfriend dictated his letters to the German Kaiser And lesbian relationships inspired Eleanor Roosevelt to become a crusader for equal rights The colorful sex lives of America's most powerful leaders have influenced social movements government policies elections and even wars yet they are whitewashed by historians In *One Nation Under Sex* free speech activist and notorious Hustler magazine publisher Larry Flynt teams up with Columbia University history professor David Eisenbach to peek behind the White House bedroom curtains and document how hidden passions have shaped public life They unpack salacious rumors and outright scandals showing how private affairs have driven pivotal decisions often with horrific consequences Along the way they explore the origins of America's fascination with sex scandals and explain how we can put aside our political moralism and begin focusing on the real problems that threaten our nation You don't have to agree with all of Larry Flynt's and David Eisenbach's readings of history to enjoy this sex filled tour through more than 200 years of scandal David

Greenberg author of Republic of Spin An Inside History of the American Presidency Well reasoned well written and well documented Booklist Those looking for salacious details will find them but Flynt and Eisenbach favor analysis over sensationalism providing a new perspective of the men and women who have shaped our nation Publishers Weekly The Scarlet Thread of Scandal Charles W. The Primary That Made a President Robert O. Rupp, 2023-08-18 The 1960 West Virginia presidential primary is arguably the most storied contest in modern American politics And yet John F Kennedy traveled the path so quickly from dynamic presidential candidate to martyred national icon that many forget his debt to West Virginia in his quest for the Democratic presidential nomination In The Primary That Made a President author Robert O Rupp returns to 1960 West Virginia reviewing the momentous contest for signs of the political changes to come Besides propelling Kennedy to the Democratic nomination the West Virginia primary changed the face of politics by advancing religious tolerance foreshadowing future political campaigns influencing public policy and drawing national attention to a misunderstood region It meant the end of a taboo that kept the Catholic faith out of American politics the rise of the primary as a political tool for garnering delegate support the beginning of a nationwide confrontation with Appalachian stereotypes and the seeds for what would become Kennedy s War on Poverty Rupp explores these themes and more to discuss how a small Appalachian state overwhelmingly poor and Protestant became a key player in the political future of John F Kennedy The first of its kind among Kennedy biographies or histories of the 1960 election this book offers a sustained scholarly analysis of the 1960 West Virginia presidential primary and its far reaching significance for the political climate in the US

The African Post-colonial State and its Challenges

Godfrey Mwakikagile,2022 Godfrey Mwakikagile looks at the African post colonial state and the challenges it faces He contends that it is structurally flawed and does not reflect African realities It is an oppressive machinery and an apparatus of power to serve the interests of the ruling class and the elite at the expense of ordinary citizens and the masses And it has retained the institutional structure of the colonial state instead of undergoing fundamental transformation to become truly African Mwakikagile focuses on a number of countries providing case studies whose relevance is continental in scope He contends that bad leadership is the biggest problem African countries have faced through the decades and everything else revolves around it The collapse of a number of African states in the post colonial era bears testimony to that
