The Dark Side Of Families Current Family Violence Research:

The Dark Side of Families David Finkelhor, 1983-03 This series of articles portrays the state of the art on family violence and abuse research crystallizes the key interdisciplinary issues confronting family violence and abuse researchers and suggests a research agenda for the coming years Although the chapters cover a broad spectrum of issues and controversies in the areas of wife abuse child abuse the sexual abuse of children and marital rape a number of common themes and issues emerge First many chapters share the perspective that violence and abuse emerge from the nature of social arrangements Second even though many different forms of family violence and abuse are discussed several chapters explore their commonalities and important etiological differences A number of articles examine the common effects of victimization across various forms of family violence and abuse A third common theme of the papers is an expansion of research efforts to groups other than victims of family violence and abuse as there are chapters that examine the individual and social characteristics of male perpetrators of both wife abuse and child abuse as well as chapters that focus on the attitudes and behaviors of professional groups concerned with the treatment of victims of family violence and abuse The volume shows great methodological diversity and attention to theoretical detail the research presented reveals the possibility of a more comprehensive social science approach to the study of family violence and abuse In work related to theory building one chapter explains a number of findings in the child abuse and neglect literature using propositions derived from evolutionary biology another paper distills propositions from several theoretical traditions In conjunction with these efforts several chapters report research designed to test competing propositions Chapter references and research data are provided

The dark side of families David Finkelhor, 1986 **Physical Violence in American Families** Murray Straus, 2017-09-04 The informative and controversial findings in this book are based on two path breaking national surveys of American families Both show that while the family may be the central locus of love and support it is also the locus of risk for those who are physically assaulted The book provides a wealth of information on gender differences and similarities in violence and on the effects of gender roles and inequality Two landmark American studies of violence from the National Family Violence survey form the basis of this book Both show that while the family may be the central locus of love and support it is also the locus of risk for those who are being physically assaulted This is particularly true for women and children who are statistically more at risk of assault in their own homes than on the streets of any American city **Physical Violence in American Families** provides a wealth of information on gender differences and similarities in violence and on the effects of gender roles and inequality It is essential for anyone doing empirical research or clinical assessment , **The ^A Handbook of Crime and Punishment** Michael Tonry, 2000-11-09 Crime is one of the most significant political issues in contemporary American society Crime control statistics and punishment policies are subjects of constant partisan debate while the media presents sensationalized stories of criminal activity and over crowded prisons In the highly politicized arena

of crime and justice empirical data and reasoned analysis are often overlooked or ignored. The Handbook of Crime and Punishment however provides a comprehensive overview of criminal justice, criminology and crime control policy thus enabling a fundamental understanding of crime and punishment essential to an informed public. Expansive in its coverage, the Handbook presents materials on crime and punishment trends as well as timely policy issues. The latest research on the demography of crime, race, gender, drug use is included and weighty current problems organized. Crime, white collar crime, family violence, sex offenders, youth gangs, drug abuse, policy are examined. Processes and institutions that deal with accused and convicted criminals and techniques of punishment are also examined. While some articles emphasize American research findings and developments, others incorporate international research and offer a comparative perspective from other English speaking countries and Western Europe. Editor Michael Tonry, a leading scholar of criminology, introduces the 28 articles in the volume, each contributed by an expert in the field. Designed for a wide audience, The Handbook is encyclopedic in its range and depth of content yet is written in an accessible style. The most inclusive and authoritative work on the topic to be found in one volume, this book will appeal to those interested in the study of crime and its causes, effects, trends and institutions, those interested in the forms and philosophies of punishment and those interested in crime control.

Cinematic Sociology Jean-Anne Sutherland, Kathryn Feltey, 2010. Sociology Through Film uses feature films to teach central areas in sociology such as culture, race, ethnicity, social class and gender, sexuality. By using film to introduce the sociological imagination, students will experience social context, being studied and reinforce critical thinking skills. An introductory chapter includes a discussion of the significance of film in modern society, a consideration of the ways that film both reflects and shapes social reality, an explanation of how sociologists analyze film and coverage of sociological tools for reading film as text. Films will provide an illustrative framework for understanding the social world and therefore the films discussed will not go out of date.

Close Relationships Harry T. Reis, Caryl E. Rusbult, 2004-08-02. Each of the chapters in this reader is written by leading scholars in the area of relationships, reflecting the diversity of the field and including both contemporary and key historical papers for comprehensive coverage of research.

The Dimensions of Elder Abuse Gerry Bennett, Paul Kingston, Bridget Penhale, 1997-11-11. Adopting an interdisciplinary framework in recognition of the range of domestic and institutional settings in which elder abuse can occur, this book both explains the nature of this under-reported and little understood problem and addresses the vital question of how practitioners can best work towards its prevention. Locating elder abuse in a spectrum of family violence, the book gives a balanced account of relevant perspectives on it drawn from the medical, legal, health and social welfare spheres.

Child Maltreatment Cindy Lou Miller-Perrin, Robin D. Perrin, 2007. Towl, 2021-05-04 FORENSIC PSYCHOLOGY Explore the theory research and practice of forensic psychology with this collection of resources from recognized leaders in the field The newly revised Third Edition of Forensic Psychology delivers insightful coverage of the theory and applications of forensic psychology The book combines authoritative scholarship with an unprecedented breadth of international coverage and constitutes an essential resource for all aspects of contemporary forensic and criminal psychology The new edition addresses issues of equality diversity and inclusion in each section as well as the uses and abuses of power in forensic contexts The book takes a constructively critical approach to the dominant theories policy and practices of today as opposed to being merely descriptive and considers new and developing areas like the prevention of sexual violence at universities Forensic Psychology comprehensively addresses the application of modern forensic techniques and practices to the civil and criminal justice systems in the United Kingdom Each chapter concludes with some specific suggestions for further reading Additionally readers will enjoy the inclusion of a wide variety of topics like A thorough discussion of investigative and clinical practice including the politics of forensic psychology offender profiling eyewitness testimony and jury decision making An examination of clinical and risk assessments including reviews of the key legal issues and principles involved in risk assessments the role of structured instruments and protocols and coverage of actuarial and structured clinical methods Discussions of working with criminalized populations in prisons and forensic mental health facilities A treatment of psychology in the courts with an emphasis on the courts of England and Wales Perfect for graduate level students in forensic psychology courses Forensic Psychology will also earn a place in the libraries of qualified forensic psychologist practitioners and postgraduate students seeking to improve their understanding of forensic psychology with a high quality international textbook underpinned by considerations of human rights and ethical standards

Who Owns Domestic Abuse? Ruth M. Mann, 2000-03-18 With the knowledge and sensitivity of a teacher and counsellor Ruth M Mann details a community effort to establish a shelter for abused women in a small Ontario municipality While other literature presents the ostensibly cohesive views of particular interest groups on the issue of domestic violence Mann exposes the conflicts that actually occur and the ways these conflicts fuel unintended outcomes In *Who Owns Domestic Abuse The Local Politics of a Social Problem* the author ventures bravely into the politically charged debate over the definition of abuse and emphasizes the fact that owning a problem does not ensure the possession of viable answers Rather than promoting a particular response to such problems

Mann uses personal accounts of abuse to make a space for the diverse perspectives of abused women and abusive men She urges activists and intervenors to argue less and listen more *Medical Bulletin of the European Command* ,1989-03

Stalking Crimes and Victim Protection Joseph A. Davis,2001-06-26 Although stalking is an age old phenomenon it is only recently receiving due attention In a span of just ten years all fifty states have passed anti stalking legislation For the first time Stalking Crimes and Victim Protection Prevention Intervention Threat Assessment and Case Management brings together in one source all the research done
