The Mammoth Book of the Rolling Stones Sean Egan,2013-06-20 The greatest rock n roll band in the world This vainglorious introduction given to The Rolling Stones on stage by an excitable roadie was almost immediately accepted as a simple statement of fact It was already evident that Mick Jagger Keith Richards and Co were as their first manager Andrew Loog Oldham had claimed a way of life The Stones defiance of convention made them the figureheads of a questioning new generation and drove the Establishment to imprison them This enduring rebel aura and the unmistakable craft evident in classic records such as Satisfaction Honky Tonk Women and Brown Sugar ensured subsequent generations of diehard fans establishing the band as the biggest box office attraction the world has ever seen The Mammoth Book of The Rolling Stones provides a comprehensive collection of reviews analysis interviews and expos s both archive and contemporary favourable and critical concise and epic of these extraordinary cultural icons as they pass the astonishing milestone of 50 years as rock s pre eminent band Pin-Ups 1972 Peter Stanfield,2022-04-11 A sleazy neon and grease stuffed chronicle of London s rock

scene during the pivotal year of 1972 from Marc Bolan to the New York Dolls Elvis Eddie Chuck Gene Buddy and Little Richard were the original rockers Dylan the Beatles the Stones and the Who formed rock s second coming As the 1960s turned into the 1970s the crucial question was who would lead rock n roll s third generation Pin Ups 1972 tracks the London music scene during this pivotal year all Soho sleaze neon grease and leather It begins with the dissolution of the underground and the chart success of Marc Bolan T Rex tasy formed the backdrop to Lou Reed and Iggy Pop s British exile and their collaborations with David Bowie This was the year Bowie became a star and redefined the teenage wasteland In his wake followed Roxy Music and the New York Dolls future tense rock n roll revivalists Bowie Bolan Iggy Lou Roxy and the Dolls pin ups for a new generation **Led Zeppelin on Led Zeppelin** Hank Bordowitz,2014-11-01 There are lots of stories

about Led Zeppelin some true some false Led Zeppelin on Led Zeppelin dishes up the facts as the band saw them in their own words It shoots down the folklore and assumptions about Jimmy Page Robert Plant John Paul Jones and John Bonham and presents the band s full history from when Jimmy Page was playing skiffle to the day the band was honored by the Kennedy Center for their contribution to American and global culture Any band is an amalgam of the players but in very special cases those players form an entity unto itself Led Zeppelin on Led Zeppelin captures the ideas of all of the band s members at the time they created classics like Whole Lotta Love Stairway to Heaven and Kashmir but also captures the idea of the band itself as it created the music that changed popular culture In the process it offers insight into what made Led Zeppelin tick and what made it the most popular band in the world In a series of over fifty interviews spanning seven decades

many never before seen in print this is the story of Led Zeppelin as it happened told by the people who knew it best the members of the band Hank Bordowitz's books include *Bad Moon Rising* Billy Joel *Every Little Thing Gonna Be Alright* and *The U2 Reader* He has written for Spin Playboy Jazziz and other publications **Led Zeppelin on Led Zeppelin** Jeff Burger,2014-11-01 Few bands have made as much of an impact on popular and rock music than Led Zeppelin With rumours and speculation abound often it's hard to tell the facts from the fiction Now with *Led Zeppelin On Led Zeppelin* you can hear the truth in their own words in interviews ranging from 1957 to 2012 this level of insight has never been seen before *Led Zeppelin On Led Zeppelin* tells the story of the British band that rocketed to stardom in the late 1960s and went on to become one of the most influential and biggest selling rock bands of all time Through the eyes of Robert Plant Jimmy Page John Paul Jones and John Bonham the band takes shape takes charge of the charts and changes music forever Any band is made up of its individual parts but occasionally some very special musicians come together and create something that is more than the sum of its parts *Led Zeppelin On Led Zeppelin* aims to encapsulate the band's mindset and creative process as they crafted some of the greatest songs and the greatest albums ever This book will offer invaluable insight some never seen before into what made the band tick and how they became the most popular band in the world *Led Zeppelin On Led Zeppelin* provides an unparalleled amount of detail and information on this most monumental of rock bands For fans of Led Zeppelin in particular or fantastic rock music in general this is one book you aren't going to want to miss **God Only Knows** Jeff Sellars,2015-12-14 The Beach Boys are one of rock's most enduring and enigmatic groups and while the band has been the subject of numerous biographies and other in depth studies there has been no focused evaluation of the religious and spiritual themes in their work Spiritual and theological themes are present in much of their work and when this realization is coupled with Brian Wilson's mission to spread the gospel of love through records and his sense of music as spiritual of thinking pop music is going to be spiritual that's the direction I want to go this is a striking way to explore the band's music In *God Only Knows* the contributors attempt to come to grips with just a small amount of this band's massive output by circling around its theological virtues Each section of the book is a loose investigation of the guiding topics of faith hope and love Each essay is a free exploration of theological and spiritual themes from the contributor's own perspectives

Hollywood Eden Joel Selvin,2021-04-06 *Hollywood Eden* brings the lost humanity of the record business vividly back to life Selvin's style is blunt unpretentious and brisk he knows how to move things along entertainingly Songs about surfboards and convertibles had turned quaint but in this book their coolness is restored New York Times From surf music to hot rod records to the sunny pop of the Beach Boys Jan Dean the Byrds and the Mama's the Papa's *Hollywood Eden* captures the fresh blossom of a young generation who came together in the epic spring of the 1960s to invent the myth of the California Paradise Central to the story is a group of sun-kissed teens from the University High School class of 1959 a class that included Jan Dean Nancy Sinatra and future members of the Beach Boys who came of age in Los Angeles at the dawn of a

new golden era when anything seemed possible These were the people who invented the idea of modern California for the rest of the world But their own private struggles belied the paradise portrayed in their music What began as a light hearted frolic under sunny skies ended up crashing down to earth just a few short but action packed years later as one by one each met their destinies head on A rock n roll opera loaded with violence deceit intrigue low comedy and high drama Hollywood Eden tells the story of a group of young artists and musicians who bumped heads crashed cars and ultimately flew too close to the sun
