 Campbell Shairp, A. Adams Reilly, Peter Guthrie Tait, 1873 Transcendental Wordplay Michael West, 2000 Throughout the
 first half of the nineteenth century America was captivated by a muddled notion of etymology New England
 Transcendentalism was only one outcropping of a nationwide movement in which schoolmasters across small town America
 taught students the roots of words in ways that dramatized religious issues and sparked wordplay Shaped by this ferment our
 major romantic authors shared the sensibility that Friedrich Schlegel linked to punning and christened romantic irony
 Notable punsters or etymologists all they gleefully set up as sages creating jocular masterpieces from their zest for oracular
 wordplay Their search for a primal language lurking beneath all natural languages provided them with something like a
 secret language that encodes their meanings To fathom their essentially comic masterpieces we must decipher it Interpreting
 Thoreau as an ironic moralist satirist and social critic rather than a nature loving mystic Transcendental Wordplay suggests
 that the major American Romantics shared a surprising conservatism In this award winning study Professor West rescues the

pun from critical contempt and allows readers to enjoy it as a serious form of American humor **Poetical Works** William Cullen Bryant, 1879 For other editions see Author Catalog **The Complete Christmas Books of Lucy Maud**
