First Day in Perspective

Edited by Elissa B. Weaver

The Decameron First Day In Perspective

Marilyn Migiel

The Decameron First Day In Perspective:

The Decameron First Day in Perspective Elissa B. Weaver, 2004-01-01 This inaugural book in a new series of critical essays on the Decameron will provide an important guide to reading the complex series of narratives that constitute the opening of the Decameron and will serve as a guide to reading the entire work *The Oxford Handbook of Chaucer* Suzanne Conklin Akbari, James Simpson, 2020-05-07 As the father of the English literary canon one of a very few writers to appear in every great books syllabus Chaucer is seen as an author whose works are fundamentally timeless an author who like Shakespeare exemplifies the almost magical power of poetry to appeal to each generation of readers Every age remakes its own Chaucer developing new understandings of how his poetry intersects with contemporary ways of seeing the world and the place of the subject who lives in it This Handbook comprises a series of essays by established scholars and emerging voices that address Chaucer's poetry in the context of several disciplines including late medieval philosophy and science Mediterranean Studies comparative literature vernacular theology and popular devotion The volume paints the field in broad strokes and sections include Biography and Circumstances of Daily Life Chaucer in the European Frame Philosophy and Science in the Universities Christian Doctrine and Religious Heterodoxy and the Chaucerian Afterlife Taken as a whole The Oxford Handbook of Chaucer offers a snapshot of the current state of the field and a bold suggestion of the trajectories along which Chaucer studies are likely to develop in the future Boccaccio and Exemplary Literature Olivia Holmes, 2023-02-09 Olivia Holmes explores the Decameron's sceptical and sexually permissive contents against the backdrop of medieval religion and didacticism **Communication, Translation, and Community in the Middle Ages and Early Modern Period** Albrecht Classen, 2022-08-22 Literature serves many purposes and one of them certainly proves to be to convey messages wisdom and instruction and this across languages religions and cultures Beyond that as the contributors to this volume underscore people have always endeavored to reach out to their community members that is to build community to learn from each other and to teach Hence this volume explores the meaning of communication translation and community building based on the medium of language While all these aspects have already been discussed in many different venues the contributors endeavor to explore a host of heretofore less considered historical religious literary political and linguistic sources While the dominant focus tends to rest on conflicts hostility and animosity in the pre modern age here the emphasis rests on communication with its myriad of challenges and potentials for establishing a community As the various studies illustrate a close reading of communicative issues opens profound perspectives regarding human relationships and hence the social context This understanding invites intensive collaboration between medical historians literary scholars translation experts and specialists on religious conflicts and discourses We also learn how much language carries tremendous cultural and social meaning and determines in a most sensitive manner the interactions among people in a communicative and community based fashion **Miracles and Wonders in the Middle Ages and Early Modern Period** Albrecht

Classen,2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women s miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people s mindsets power structures and the debate between medicine and religion These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate Further pursuing this global issue we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today The Unruly Tongue Melissa Vise,2025-01-21 A cultural history of speech in medieval Italy The Unruly Tongue a cultural history of speech in medieval Italy offers a new account of how the power of words changed in Western thought Despite the association of freedom of speech with the political revolutions of the eighteenth century that ushered in the era of modern democracies historian Melissa Vise locates the history of the repression of speech not in Europe s monarchies but rather in Italy s republics Exploring the cultural process through which science and medicine politics law literature and theology together informed a new political ethics of speech Vise uncovers the formation of a moral code where the regulation of the tongue became an integral component of republican values in medieval Europe The medieval citizens of Italy s republics understood themselves to be wholly subject to the power of words not because they lived in an age of persecution or doctrinal rigidity but because words had furnished the grounds for their political freedom Speech making was the means for speaking the republic itself into existence against the opposition of aristocracy empire and papacy But because words had power they could also be deployed as weapons Speech contained the potential for violence and presented a threat to political and social order and thus needed to be controlled Vise shows how the laws that governed and curtailed speech in medieval Italy represented broader cultural understandings of human susceptibility to speech Tracing anthropologies of speech from religious to political discourse from civic courts to

ecclesiastical courts from medical texts to the works of Dante and Boccaccio *The Unruly Tongue* demonstrates that the thirteenth century marked a major shift in how people perceived the power and the threat of speech a change in thinking about what words do Term Paper Resource Guide to Medieval History Jean Shepherd Hamm, 2009-11-25 Help students get the most out of studying medieval history with this comprehensive and practical research guide to topics and resources *Term Paper Resource Guide to Medieval History* brings key historic events and individuals alive to enrich and stimulate students in challenging and enjoyable ways Students from high school to college will be able to get a jump start on assignments with the hundreds of term paper projects and research information offered here The book transforms and elevates the research experience and will prove an invaluable resource for motivating and educating students Each event entry begins with a brief summary to pique interest and then offers original and thought provoking term paper ideas in both standard and alternative formats that often incorporate the latest in electronic media such as the iPod and iMovie The best primary and secondary sources for further research are annotated followed by vetted stable website suggestions and multimedia resources usually films for further viewing and listening The Decameron (Norton Critical Editions) Giovanni Boccaccio, 2015-09-15 This volume presents fifty five stories newly translated of the hundred novelle that comprise Boccaccio's masterpiece Winner of the 2014 PEN USA Literary Award for Translation This Norton Critical Edition includes Fifty five judiciously chosen stories from Wayne A Rebhorn's translation of *The Decameron* Introductory materials and explanatory footnotes by Wayne A Rebhorn along with three maps Biographical works by Filippo Villani and Ludovico Dolce along with literary studies by Francesco Petrarca Andreas Capellanus and Boccaccio Eleven critical essays including those by Giuseppe Mazzotta Millicent Marcus Teodolinda Barolini Susanne L Wofford Luciano Rossi and Richard Kuhns A Chronology and a Selected Bibliography Tellers, Tales, and Translation in Chaucer's Canterbury Tales Warren Ginsberg, 2015 *Tellers Tales and Translation* argues that Chaucer often recast a coordinating idea or set of concerns in the portraits prologues tales and epilogues that make up a *Canterbury* performance *The Decameron (International Student Edition) (Norton Critical Editions)* Giovanni Boccaccio, 2016-04-04 This volume presents fifty five stories newly translated of the hundred novelle that comprise Boccaccio's masterpiece Winner of the 2014 PEN USA Literary Award for Translation This Norton Critical Edition includes Fifty five judiciously chosen stories from Wayne A Rebhorn's translation of *The Decameron* Introductory materials and explanatory footnotes by Wayne A Rebhorn along with three maps Biographical works by Filippo Villani and Ludovico Dolce along with literary studies by Francesco Petrarca Andreas Capellanus and Boccaccio Eleven critical essays including those by Giuseppe Mazzotta Millicent Marcus Teodolinda Barolini Susanne L Wofford Luciano Rossi and Richard Kuhns A Chronology and a Selected Bibliography **The Ethical Dimension of the 'Decameron'** Marilyn Migiel, 2015-09-15 With *The Ethical Dimension of the Decameron* Marilyn Migiel author of *A Rhetoric of the Decameron* winner of the MLA's 2004 Marraro Prize returns to Giovanni Boccaccio's masterpiece this time to focus on the dialogue about ethical choices that the

Decameron creates with us and that we as individuals and as groups create with the Decameron Maintaining that we can examine this dialogue to gain insights into our values our biases and our decision making processes Migiel offers a view of the Decameron as sticky and thorny According to Migiel the Decameron catches us as we move through it obligating us to reveal ourselves inviting us to reflect on how we form our assessments and calling upon us to be mindful of our responsibility to judge patiently and carefully Migiel s focus remains unabashedly on the experience of readers on the meanings they find in the Decameron and on the ideological assumptions they have about the way that a literary text such as the Decameron works She offers that rather than thinking about the Decameron as teaching readers we should think about it testing them Throughout Migiel engages in the masterful in depth rhetorical analyses delivered in lively and readable prose that are her trademark Whether she is examining the Italian of the Decameron translations of the Italian into English commentaries by scholars newspaper articles or student essays she asks us always to maintain an ethical engagement with the words of others

Boccaccio Defends Literature Brenda Deen Schildgen,2024-11-30 In Boccaccio Defends Literature Brenda Deen Schildgen contends that Giovanni Boccaccio s significant contribution to literary history remains underappreciated The book asserts that Boccaccio refuted the detractors that condemned poetry as immoral irrational and even demonic highlighting instead its aesthetic and cathartic ability to restore equilibrium provoke thought and provide solace and entertainment The book explores how despite often being dismissed for his morally dubious tales Boccaccio dedicated himself to defending the legacy of the ancients endorsing vernacular and secular literature and cementing the reputations of Dante and Petrarch It reveals how he forged a wholly new direction for literary prose fiction driven by his commitment to humanistic studies and admiration for literary achievement Without moral or spiritual hesitation Boccaccio asserted that literature whether pagan or Christian was an autonomous form of knowledge a stance he maintained from the 1350s to the end of his life Contesting the arguments of moralists who sought to ban books Schildgen demonstrates that Boccaccio advocated for the independence of readers asserting that they not writers bore the responsibility for their responses to literature Boccaccio Defends Literature thus unveils Boccaccio as a steadfast defender of the enduring relevance of literature Law and Mimesis in Boccaccio's Decameron Justin Steinberg,2023-06-01 In Boccaccio s time the Italian city state began to take on a much more proactive role in prosecuting crime one which superseded a largely communitarian private approach The emergence of the state sponsored inquisitorial trial indeed haunts the legal proceedings staged in the Decameron How Justin Steinberg asks does this significant juridical shift alter our perspective on Boccaccio s much touted realism and literary self consciousness What can it tell us about how he views his predecessor Dante perhaps the world s most powerful inquisitorial judge And to what extent does the Decameron shed light on the enduring role of verisimilitude and truth seeming in our current legal system The author explores these and other literary philosophical and ethical questions that Boccaccio raises in the Decameron s numerous trials The book will appeal to scholars and students of medieval and early modern studies literary theory and legal

history **Boccaccio's Florence** Elsa Filosa,2022-11-01 Best known as the author of the Decameron Giovanni Boccaccio is a key figure in Italian literature In the mid fourteenth century however Boccaccio was also deeply involved in the politics of Florence and the extent of his involvement steered and inspired his work as a writer Boccaccio s Florence explores the financial political and social turbulence of Florence at this time as well as the major players in literary and political circles to understand the complex ways they emerged in Boccaccio s writing Based on extensive archival research and close reading of Boccaccio s works the book aims to recover the dynamics of the Florentine conspiracy of 1360 and how this event affected Boccaccio s writing arguing that his works reveal clear references to this episode when read in light of the reconstructed historical context In this rich and textured picture of the man in his time Elsa Filosa documents a microhistory of connections and interconnections and offers new more political and historically imbedded readings of Boccaccio s seminal works

Boccaccio's Decameron and the Ciceronian Renaissance M. Grudin,2012-06-04 Boccaccio s Decameron and the Ciceronian Renaissance demonstrates that Boccaccio s puzzling masterpiece takes on organic consistency when viewed as an early modern adaptation of a pre Christian humanistic vision **Women, Enjoyment, and the Defense of Virtue in**

Boccaccio's Decameron V. Ferme,2015-06-04 Providing new ways of reading Boccaccio s masterpiece Decameron Ferme analyzes the dynamics between the women who rule the first half of the story Peeling back the many narrative layers within and outside of the framework this book unearths the complications and trickery surrounding gender and death in Boccaccio s world and culture **Medievalia et Humanistica, No. 35** Paul Maurice Clogan,2009-12-15 Since its founding in 1943

Medievalia et Humanistica has won worldwide recognition as the first scholarly publication in America to devote itself entirely to medieval and Renaissance studies Since 1970 a new series sponsored by the Modern Language Association of America and edited by an international board of distinguished scholars and critics has published interdisciplinary articles In yearly hardcover volumes the new series publishes significant scholarship criticism and reviews treating all facets of medieval and Renaissance culture history art literature music science law economics and philosophy Medievalia et Humanistica Editorial Board and Submissions Guidelines *The Oxford Handbook of Victorian Medievalism* Joanne

Parker,Corinna Wagner,2020-09-15 In 1859 the historian Lord John Acton asserted two great principles divide the world and contend for the mastery antiquity and the middle ages The influence on Victorian culture of the Middle Ages broadly understood then as the centuries between the Roman Empire and the Renaissance was both pervasive and multi faceted This medievalism led for instance to the rituals and ornament of the Medieval Catholic church being reintroduced to Anglicanism It led to the Saxon Witan being celebrated as a prototypical representative parliament It resulted in Viking raiders being acclaimed as the forefathers of the British navy And it encouraged innumerable nineteenth century men to cultivate the superlative beards we now think of as typically Victorian in an attempt to emulate their Anglo Saxon forefathers Different facets of medieval life and different periods before the Renaissance were utilized in nineteenth century Britain for divergent

political and cultural agendas Medievalism also became a dominant mode in Victorian art and architecture with 75 per cent of churches in England built on a Gothic rather than a classical model And it was pervasive in a wide variety of literary forms from translated sagas to pseudo medieval devotional verse to triple decker novels Medievalism even transformed nineteenth century domesticity while only a minority added moats and portcullises to their homes the medieval style textiles produced by Morris and Co decorated many affluent drawing rooms The Oxford Handbook of Victorian Medievalism is the first work to examine in full the fascinating phenomenon of medievalism in Victorian Britain Covering art architecture religion literature politics music and social reform the Handbook also surveys earlier forms of antiquarianism that established the groundwork for Victorian movements In addition this collection addresses the international context by mapping the spread of medievalism across Europe South America and India amongst other places

Humanism and Creativity in the Renaissance, 2006-02-01 This volume comprises original contributions from 17 scholars whose work and careers Ronald Witt has touched in myriad ways Intellectual social and political historians a historian of philosophy and an art historian specialists in various temporal and geographical regions of the Renaissance world here address specific topics reflecting some of the major themes that have woven their way through Ronald Witt's intellectual cursus While some essays offer fresh readings of canonical texts and explore previously unnoticed lines of filiation among them others present discoveries including a hitherto lost text and overlooked manuscripts that are here edited for the first time Engagement with little known material reflects another of Witt's distinguishing characteristics a passion for original sources The essays are gathered under three rubrics 1 Politics and the Revival of Antiquity 2 Humanism Religion and Moral Philosophy and 3 Erudition and Innovation Contributors include Robert Black Melissa Meriam Bullard Christopher S Celenza Anthony F D Elia Charles Fantazzi Kenneth Gouwens Anthony Grafton Paul F Grendler James Hankins John M Headley Mark Jurdjevic Timothy Kircher David A Lines Edward P Mahoney John Monfasani Louise Rice and T C Price Zimmerman Publications by Ronald G Witt In the Footsteps of the Ancients The Origins of Humanism from Lovato to Bruni ISBN 978 90 04 11397 8 Paperback 978 0 391 04202 5

[Encyclopedia of Renaissance Philosophy](#) Marco Sgarbi, 2022-10-27 Gives accurate and reliable summaries of the current state of research It includes entries on philosophers problems terms historical periods subjects and the cultural context of Renaissance Philosophy Furthermore it covers Latin Arabic Jewish Byzantine and vernacular philosophy and includes entries on the cross fertilization of these philosophical traditions A unique feature of this encyclopedia is that it does not aim to define what Renaissance philosophy is rather simply to cover the philosophy of the period between 1300 and 1650

Embark on a breathtaking journey through nature and adventure with is mesmerizing ebook, Witness the Wonders in **The Decameron First Day In Perspective** . This immersive experience, available for download in a PDF format (PDF Size: *), transports you to the heart of natural marvels and thrilling escapades. Download now and let the adventure begin!
