**The Deception Game** Ladislav Bittman,1981 **Soviet Intervention in Czechoslovakia, 1968** Jiri Valenta,1991-11-01 In this new edition of his highly acclaimed work Jiri Valenta adds his assessment of Soviet military decisionmaking in the 1980s to his earlier analysis of decisionmaking and crisis management in the Soviet bureaucracy and Warsaw Pact Comparing the events of 1968 to the Kremlin s very different reaction to reforms now under way in Czechoslovakia and the rest of Eastern Europe Valenta shows that Soviet politics were never simple The USSR s foreign policy response to the Prague Spring he contends was the result of a complex political process conditioned by bureaucratic inertia coalition politics and East European pressures *Historical Dictionary of Russian and Soviet Intelligence* Robert W. Pringle,2015-07-29 This second edition of Historical Dictionary of Russian and Soviet Intelligence is the only volume that lays out how Russian and Soviet intelligence works and how its operations have impacted Russian history It covers Russian intelligence from the imperial period to the present focusing in greatest detail on Cold War espionage cases and the Putin era intelligence community This is done through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries on espionage techniques categories of agents crucial operations spies defectors moles and double and triple agents This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Intelligence **Soviet Security and Intelligence Organizations 1917-1990** Michael Parrish,1992-01-30 One of the hallmarks of the Soviet system was its heavy reliance on internal and foreign security and intelligence organizations Not surprisingly given the secrecy surrounding Soviet efforts in these areas no biographical reference tools and few bibliographies have been published to date In this context Michael Parrish s work is a unique undertaking In the first section to the volume biographies are provided on some 4 000 officials in senior and mid level positions who had served in Cheka NKVD RFSFR GPU KGB and other organizations Also included are officials of the Committee for State Control formerly Ministry of State Control and before that Commissariat of Workers and Peasants Inspection Prominent political personalities with earlier ties to security services such as N A Bulganin are listed even though such service formed only a brief part of their careers Others listed include party officials such as A A Kuznetsov who at different times served as the Party s watchdog of security organs Also included because of their close association with repression and security organs are members of Stalin s inner circle The second part of the volume is a survey of books in English published between 1917 and 1990 which related to Soviet security and intelligence organizations This is followed by a biographical addendum a glossary of terms and material showing the development of Soviet security organizations No one concerned with current intelligence issues and the role of security organizations in Soviet life can ignore this volume The Role of the Soviet Union, Cuba, and East Germany in Fomenting Terrorism in Southern Africa United States.
