The Handbook of European Defence Policies and Armed Forces Hugo Meijer, Marco Wyss, 2018-06-20 The armed forces of Europe have undergone a dramatic transformation since the collapse of the Soviet Union *The Handbook of European Defence Policies and Armed Forces* provides the first comprehensive analysis of national security and defence policies strategies doctrines capabilities and military operations as well as the alliances and partnerships of European armed forces in response to the security challenges Europe has faced since the end of the cold war A truly cross European comparison of the evolution of national defence policies and armed forces remains a notable blind spot in the existing literature *The Handbook of European Defence Policies and Armed Forces* aims to fill this gap with fifty one contributions on European defence and international security from around the world The six parts focus on country based assessments of the evolution of the national defence policies of Europe s major medium and lesser powers since the end of the cold war the alliances and security partnerships developed by European states to cooperate in the provision of national security the security challenges faced by European states and their

armed forces ranging from interstate through intra state and transnational the national security strategies and doctrines developed in response to these challenges the military capabilities and the underlying defence and technological industrial base brought to bear to support national strategies and doctrines and finally the national or multilateral military operations by European armed forces The contributions to The Handbook collectively demonstrate the fruitfulness of giving analytical precedence back to the comparative study of national defence policies and armed forces across Europe

A comparison of the defense acquisition systems of France, Great Britain, Germany and the United States, Professional Journal of the United States Army, 1983 *Discovery* United States Air Force Academy, **The Rise of The Turkish Defense** Ayşe İ. A. Özer, This book elaborates on the nationalization of the Turkish defense industry since the invasion of Iraq in 2003 The objective of the book is to understand the recent increasing trend of nationalization of the defense industry in Turkey The book begins by analyzing the regional conjuncture and the lack of trust in allies in order to show how these influence Turkey's investments in the sector Then it moves on to explain the country's domestic structure which enables and inspires its politicians to attribute greater importance to industrial self reliance in defense Lastly it focuses on the political economy of the defense industry and the considerable amount of revenue the sector generates at the global level and for Turkey The book concludes that focusing on developing modern technology and on the production of specific arms of defense is beneficial for Turkey's future and position in the international market
