

# DEMOCRATIC ENLIGHTENMENT

*Philosophy, Revolution, and Human Rights  
1750–1790*

JONATHAN I. ISRAEL

# The Democratic Enlightenment

**Pauline Johnson**

## **The Democratic Enlightenment:**

*The Democratic Enlightenment* Donald Harvey Meyer, 1976      Democratic Enlightenment Jonathan Israel, 2011-08-11  
Jonathan Israel's radical new account of the late Enlightenment highlights forgotten currents and figures. Running counter to mainstream thinking, he demonstrates how a group of philosopher revolutionnaires provided the intellectual powerhouse of the French Revolution and how their ideas connect with modern Western democracy.

## **The Religious Enlightenment**

David Sorkin, 2018-06-05 In intellectual and political culture today the Enlightenment is routinely celebrated as the starting point of modernity and secular rationalism or demonized as the source of a godless liberalism in conflict with religious faith. In *The Religious Enlightenment* David Sorkin alters our understanding by showing that the Enlightenment at its heart was religious in nature. Sorkin examines the lives and ideas of influential Protestant, Jewish, and Catholic theologians of the Enlightenment such as William Warburton in England, Moses Mendelssohn in Prussia, and Adrien Lamourette in France, among others. He demonstrates that in the century before the French Revolution the major religions of Europe gave rise to movements of renewal and reform that championed such hallmark Enlightenment ideas as reasonableness and natural religion, toleration, and natural law. Calvinist enlightened orthodoxy, Jewish Haskalah, and reform Catholicism, to name but three such movements, were influential participants in the eighteenth century's burgeoning public sphere and promoted a new ideal of church-state relations. Sorkin shows how they pioneered a religious Enlightenment that embraced the new science of Copernicus and Newton and the philosophy of Descartes, Locke, and Christian Wolff, uniting reason and revelation to renew faith and piety. This book reveals how Enlightenment theologians refashioned belief as a solution to the dogmatism and intolerance of previous centuries. Read it, and you will never view the Enlightenment the same way.

Nietzsche's Task Laurence Lampert, 2008-10-01 When Nietzsche published *Beyond Good and Evil* in 1886, he told a friend that it was a book that would not be read properly until around the year 2000. Now Laurence Lampert sets out to fulfill this prophecy by providing a section-by-section interpretation of this philosophical masterpiece that emphasizes its unity and depth as a comprehensive new teaching on nature and humanity. According to Lampert, Nietzsche begins with a critique of philosophy that is ultimately affirmative because it shows how philosophy can arrive at a defensible ontological account of the way of all beings. Nietzsche next argues that a new post-Christian religion can arise out of the affirmation of the world disclosed to philosophy. Then, turning to the implications of the new ontology for morality and politics, Nietzsche argues that these can be reconstituted on the fundamental insights of the new philosophy. Nietzsche's comprehensive depiction of this anti-Platonic philosophy ends with a chapter on nobility in which he contends that what can now be publicly celebrated as noble in our species are its highest achievements of mind and spirit.

**Contemplative Democracy** Shannon Lee Mariotti, 2025 In *Contemplative Democracy*, Shannon L. Mariotti explores how contemplative practices represent a form of world-building that is valuable for meaningful democracy and an overlooked form of ordinary political theory. Reimagining the work of political

theory employing feminist approaches and with a focus on educational spaces and democratic modes of pedagogy Mariotti examines contemplative practices as spaces where ordinary people do the work of democracy creating new political imaginaries finding new selves and founding new states of being Further this book reveals how the larger body politic may be reshaped by the everyday work people do in their own bodies

The Life of the Parties James Reichley, 2000 Election year 2000 is an appropriate season to reprise the first major history of American political parties in nearly forty years In this classic work James Reichley traces the decline of political parties resulting in divided government and an ineffectual political process but he also shows us what it will take to restore the party system and how it could work to revitalize our democracy For the first time in paperback The Life of the Parties includes updates on third party movements political cycles and realignments campaign finance reform and other recent electoral trends Citizens disillusioned by years of political disarray will find much to reflect upon in Reichley's monumental analysis of the lessons of party history and our contemporary political predicament

The Expanding Blaze Jonathan Israel, 2019-11-26 A major intellectual history of the American Revolution and its influence on later revolutions in Europe and the Americas the Expanding Blaze is a sweeping history of how the American Revolution inspired revolutions throughout Europe and the Atlantic world in the eighteenth and nineteenth centuries Jonathan Israel one of the world's leading historians of the Enlightenment shows how the radical ideas of American founders such as Paine Jefferson Franklin Madison and Monroe set the pattern for democratic revolutions movements and constitutions in France Britain Ireland the Netherlands Belgium Poland Greece Canada Haiti Brazil and Spanish America The Expanding Blaze reminds us that the American Revolution was an astonishingly radical event and that it didn't end with the transformation and independence of America Rather the revolution continued to reverberate in Europe and the Americas for the next three quarters of a century This comprehensive history of the revolution's international influence traces how American efforts to implement Radical Enlightenment ideas including the destruction of the old regime and the promotion of democratic republicanism self government and liberty helped drive revolutions abroad as foreign leaders explicitly followed the American example and espoused American democratic values The first major new intellectual history of the age of democratic revolution in decades The Expanding Blaze returns the American Revolution to its global context

**100 years of European Philosophy Since the Great War** Matthew Sharpe, Rory Jeffs, Jack Reynolds, 2017-02-14 This book is a collection of specifically commissioned articles on the key continental European philosophical movements since 1914 It shows how each of these bodies of thought has been shaped by their responses to the horrors set in train by World War I and considers whether we are yet post post war The outbreak of World War I in August 1914 set in chain a series of crises and re configurations which have continued to shape the world for a century industrialized slaughter the end of colonialism and European empires the rise of the USA economic crises fascism Soviet Marxism the gulags and the Shoah Nearly all of the major movements in European thinking phenomenology psychoanalysis

Hegelianism Marxism political theology critical theory and neoliberalism were forged in or shaped by attempts to come to terms with the global trauma of the World Wars This is the first book to describe the development of these movements after World War I and as such promises to be of interest to philosophers and historians of philosophy around the world

Habermas Pauline Johnson,2006-04-18 If we are to believe what many sociologists are telling us the public sphere is in a near terminal state Our ability to build solidarities with strangers and to agree on the general significance of needs and problems seems to be collapsing These cultural potentials appear endangered by a newly aggressive attempt to universalize and extend the norms of the market For four decades Habermas has been trying to bring the claims of a modern public sphere before us His vast oeuvre has investigated its historical sociological and theoretical preconditions has explored its relevance and meaning as well as diagnosing its on going crises In the contemporary climate a systematic look at Habermas lifelong project of rescuing the modern public sphere seems an urgent task This study reconstructs major developments in Habermas thinking about the public sphere and is a contribution to the current vigorous debate over its plight It marshals the significance of Habermas lifetime of work on this topic to illuminate what is at stake in a contemporary interest in rescuing an embattled modern public sphere Habermas project of rescuing the neglected potentials of Enlightenment legacies has been deeply controversial For many it is too lacking in radical commitments to warrant its claim to a contemporary place within a critical theory tradition Against this developing consensus Pauline Johnson describes Habermas project as one that is still informed by utopian energies even though his own construction of emancipatory hopes itself proves to be too narrow and one sided

*The Longest Night* ,2024-11-04 With an introduction by Gregor Benton *The Longest Night* tells the story of Chinese Trotskyism in its later years including after Mao Zedong s capture of Beijing in 1949 It treats the three ages of Chinese Trotskyism the founding generation around Chen Duxiu Zheng Chaolin Wang Fanxi and Peng Shuzhi who joined the Opposition after their expulsion from the Chinese Communist Party CCP the first generation of those who after 1931 did not first pass through the ranks of the CCP before becoming Trotskyists and those who became Trotskyists after 1949 mainly in Hong Kong and the diaspora

**The Atlantic World** D'Maris Coffman,Adrian Leonard,William O'Reilly,2014-12-05 As the meeting point between Europe colonial America and Africa the history of the Atlantic world is a constantly shifting arena but one which has been a focus of huge and vibrant debate for many years In over thirty chapters all written by experts in the field *The Atlantic World* takes up these debates and gathers together key original scholarship to provide an authoritative survey of this increasingly popular area of world history The book takes a thematic approach to topics including exploration migration and cultural encounters In the first chapters scholars examine the interactions between groups which converged in the Atlantic world such as slaves European migrants and Native Americans The volume then considers questions such as finance money and commerce in the Atlantic world as well as warfare government and religion The collection closes with chapters examining how ideas circulated across and around the Atlantic and beyond It

presents the Atlantic as a shared space in which commodities and ideas were exchanged and traded and examines the impact that these exchanges had on both people and places Including an introductory essay from the editors which defines the field and lavishly illustrated with paintings drawings and maps this accessible volume is invaluable reading for all students and scholars of this broad sweep of world history

**The Contested Status of Political Elites** Lars Vogel,Ronald Gebauer,Axel Salheiser,2018-07-17 Contemporary Western societies are witnessing ground breaking social economic and political changes at an accelerating pace These changes are challenging the way democracy works and the role that political elites play in this system of government Using a theoretical and empirical approach this volume argues that political elites are urged to develop new strategies in order to achieve interest aggregation to safeguard collective action and to maintain elite autonomy and stability The adaptive capacities of political elites are assessed through case studies comparative and longitudinal analyses of their social structure their recruitment patterns and their attitudes The book includes contributions from reputable scholars in the field of elite research and specialists on individual political systems across Europe and the US It provides an analytical framework demonstrating that political elites are inevitable and potentially able to respond successfully to varying challenges The book will be of key interest to scholars and students of political elites democracy comparative politics political participation and European Politics

**A Companion to Adorno** Peter E. Gordon,Espen Hammer,Max Pensky,2020-04-21 A definitive contribution to scholarship on Adorno bringing together the foremost experts in the field As one of the leading continental philosophers of the last century and one of the pioneering members of the Frankfurt School Theodor W Adorno is the author of numerous influential and at times quite radical works on diverse topics in aesthetics social theory moral philosophy and the history of modern philosophy all of which concern the contradictions of modern society and its relation to human suffering and the human condition Having authored substantial contributions to critical theory which contain searching critiques of the culture industry and the identity thinking of modern Western society Adorno helped establish an interdisciplinary but philosophically rigorous study of culture and provided some of the most startling and revolutionary critiques of Western society to date The Blackwell Companion to Adorno is the largest collection of essays by Adorno specialists ever gathered in a single volume Part of the acclaimed Blackwell Companions to Philosophy series this important contribution to the field explores Adorno s lasting impact on many sub fields of philosophy Seven sections encompassing a diverse range of topics and perspectives explore Adorno s intellectual foundations his critiques of culture his views on ethics and politics and his analyses of history and domination Provides new research and fresh perspectives on Adorno s views and writings Offers an authoritative single volume resource for Adorno scholarship Addresses renewed interest in Adorno s significance to contemporary questions in philosophy Presents over 40 essays written by international recognized experts in the field A singular advancement in Adorno scholarship the Companion to Adorno is an indispensable resource for Adorno specialists and anyone working in modern European philosophy contemporary cultural

criticism social theory German history and aesthetics      **Modern Democracy and the Theological-Political Problem in Spinoza, Rousseau, and Jefferson** L. Ward, 2014-12-04 The book examines the intersection of two philosophical developments which define contemporary life in the liberal democratic west considering how democracy has become the only legitimate and publicly defensible regime while also considering how modern democracy attempts to solve what Leo Strauss called the theologico political problem      *Critical Issues in Social Studies Research for the 21st Century* William B. Stanley, 2001-06-01 The authors of the nine other chapters in this book have struggled with the issues discussed above in several different ways The chapter authors represent a wide range of views and expertise within the field of social studies Some have been leading social studies scholars for three or four decades Other authors represent new voices that have begun to shape the direction social studies will take in the future The topics examined here include the debate over how to define social studies social studies and the impact of the standards accountability movement the contextual constraints restraints on teaching social studies education for democracy rationales for teaching history multicultural education global education social studies and educational technology and the nature and effectiveness of social studies research      The Religious History of American Women Catherine A. Brekus, 2009-11-13 More than a generation after the rise of women's history alongside the feminist movement it is still difficult observes Catherine Brekus to locate women in histories of American religion Mary Dyer a Quaker who was hanged for heresy Lizzie Robinson a former slave and laundress who sold Bibles door to door Sally Priesand a Reform rabbi Estela Ruiz who saw a vision of the Virgin Mary how do these women's stories change our understanding of American religious history and American women's history In this provocative collection of twelve essays contributors explore how considering the religious history of American women can transform our dominant historical narratives Covering a variety of topics including Mormonism the women's rights movement Judaism witchcraft trials the civil rights movement Catholicism everyday religious life Puritanism African American women's activism and the Enlightenment the volume enhances our understanding of both religious history and women's history Taken together these essays sound the call for a new more inclusive history Contributors Ann Braude Harvard Divinity School Catherine A Brekus University of Chicago Divinity School Anthea D Butler University of Rochester Emily Clark Tulane University Kathleen Sprows Cummings University of Notre Dame Amy Koehlinger Florida State University Janet Moore Lindman Rowan University Susanna Morrill Lewis and Clark College Kristy Nabhan Warren Augustana College Pamela S Nadell American University Elizabeth Reis University of Oregon Marilyn J Westerkamp University of California Santa Cruz      *The Art of the Real* Roger Rothman, Ian Verstegen, 2015-09-18 Art of the Real is devoted to registering the materialist turn of contemporary theory in visual studies For many years visual studies was dominated by post structuralist theory and its attendant nominalism More recently however the materialism of Slavoj Žižek the realism of Gilles Deleuze especially as imputed by Manuel de Landa and Alain Badiou has disrupted this status quo Today we are more likely to take for granted the relevance

of biology and the natural sciences while the return of Marx has been more serious than countenanced by Derrida or Foucault This book considers visual studies and the questions that have led to the new materialism its ontology and its relation to contemporary politics While a good deal of work has promoted a materialist agenda at the same time that scholars in art history and visual studies have felt liberated by the call to attend to objects materials and materiality no publication has yet treated this move for its meta theoretical commitments This volume does this by addressing the conditions that have brought about the turn to materiality the ontological commitments that follow on from new materialist metaphysics and the political implications wrought by these commitments

**The American and British Debate Over Equality, 1776-1920** James L. Huston, 2017-10-16 The American and British Debate Over Equality 1776 1920 examines comparisons between American ideals of a classless society and the contrasting British class system which accepted the existence of inequalities When the United States declared political independence in 1776 they also announced repudiation of social institutions based on inequality opting instead for an ill defined equality British travelers to the United States after 1776 and up to 1920 continuously wrote about how equality was faring in the United States and compared it to the operation of inequality in England Scotland and Ireland They laid bare the actual outcomes of a system of equality versus one of inequality this was no theoretical intellectual exercise but instead constituted a recording of actual human practices By the end of the nineteenth century the defects of a system of inequality became clear in manners social interchanges between income classes general education levels religious convictions and the general energy of a people The exploration of these nineteenth century comparisons has great relevance for today s persistent debates about social inequities and their solutions

**James Tully** Alexander Livingston, 2022-05-30 James Tully s scholarship has profoundly transformed the study of political thought by reconstructing the practice of political theory as a democratising and diversifying dialogue between scholars and citizens Across his writings on topics ranging from the historical origins of property constitutionalism in diverse societies imperialism and globalisation and global citizenship in an era of climate crisis Tully has developed a participatory mode of political theorising and political change called public philosophy This practice oriented approach to political thought and its active role in the struggles of citizens has posed fundamental challenges to modern political thought and launched new lines of inquiry in the study of constitutionalism democracy and citizenship settler colonialism comparative political theory nonviolence and ecological sustainability James Tully To Think and Act Differently collects classic contemporary and previously unpublished writings from across Tully s four decades of scholarship to shed new light on these dialogues of reciprocal elucidation with citizens scholars and the history of political thought and the ways Tully has enlarged our understanding of democracy diversity and the task of political theory

**John Witherspoon's American Revolution** Gideon Mailer, 2016-11-23 In 1768 John Witherspoon Presbyterian leader of the evangelical Popular party faction in the Scottish Kirk became the College of New Jersey s sixth president At Princeton he mentored constitutional architect James

Madison as a New Jersey delegate to the Continental Congress he was the only clergyman to sign the Declaration of Independence Although Witherspoon is often thought to be the chief conduit of moral sense philosophy in America Mailer's comprehensive analysis of this founding father's writings demonstrates the resilience of his evangelical beliefs Witherspoon's Presbyterian evangelicalism competed with combined with and even superseded the civic influence of Scottish Enlightenment thought in the British Atlantic world John Witherspoon's *American Revolution* examines the connection between patriot discourse and long standing debates already central to the 1707 Act of Union about the relationship among piety moral philosophy and political unionism In Witherspoon's mind Americans became different from other British subjects because more of them had been awakened to the sin they shared with all people Paradoxically acute consciousness of their moral depravity legitimized their move to independence by making it a concerted moral action urged by the Holy Spirit Mailer's exploration of Witherspoon's thought and influence suggests that for the founders in his circle civic virtue rested on personal religious awakening

### **The Democratic Enlightenment Introduction**

The Democratic Enlightenment Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Democratic Enlightenment Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Democratic Enlightenment : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Democratic Enlightenment : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Democratic Enlightenment Offers a diverse range of free eBooks across various genres. The Democratic Enlightenment Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Democratic Enlightenment Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Democratic Enlightenment, especially related to The Democratic Enlightenment, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The Democratic Enlightenment, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Democratic Enlightenment books or magazines might include. Look for these in online stores or libraries. Remember that while The Democratic Enlightenment, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The Democratic Enlightenment eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the The Democratic Enlightenment full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Democratic Enlightenment eBooks, including some popular titles.

## FAQs About The Democratic Enlightenment Books

1. Where can I buy The Democratic Enlightenment books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Democratic Enlightenment book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Democratic Enlightenment books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Democratic Enlightenment audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Democratic Enlightenment books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
