Brown and the Scottish Catholic Imagination Linden Bicket,2020-03-31 This lively new study is the very first book to
offer an absorbing history of the uncharted territory that is Scottish Catholic fiction For Scottish Catholic writers of the
twentieth century faith was the key influence on both their artistic process and creative vision By focusing on one of the best
known of Scotland s literary converts George Mackay Brown this book explores both the Scottish Catholic modernist
movement of the twentieth century and the particularities of Brown s writing which have been routinely overlooked by
previous studies The book provides sustained and illuminating close readings of key texts in Brown s corpus and includes
detailed comparisons between Brown s writing and an established canon of Catholic writers including Graham Greene Muriel
Spark and Flannery O Connor This timely book reveals that Brown s Catholic imagination extended far beyond the small
green world of Orkney and ultimately embraced a universal human experience *The Athenaeum* ,1903 **The**

Ethics and Aesthetics of Translation Harriet Hulme,2018-11-19 Ethics and Aesthetics of Translation engages with
translation in both theory and practice as part of an interrogation of ethical as well as political thought in the work of three
bilingual European authors Bernardo Atxaga Milan Kundera and Jorge Sempr n In approaching the work of these authors the
book draws upon the approaches to translation offered by Benjamin Derrida Ric ur and Deleuze to highlight a broad set of
ethical questions focused upon the limitations of the monolingual and the democratic possibilities of linguistic plurality upon
our innate desire to translate difference into similarity and upon the ways in which translation responds to the challenges of
individual and collective remembrance Each chapter explores these interlingual but also intercultural interrelational and
interdisciplinary issues mapping a journey of translation that begins in the impact of translation upon the work of each
author continues into moments of linguistic translation untranslatability and mistranslation within their texts and ultimately
becomes an exploration of social political and affective untranslatability In these journeys the creative and critical potential
of translation emerges as a potent often violent but always illuminating vision of the possibilities of differentiation and
connection generation and memory in temporal linguistic cultural and political terms *The Critic* ,1857 **Dictionary**
