**Women Opera Composers** Mary F. McVicker, 2016-08-23 The history of women in the opera is a grand story Women were singers and patrons of course but from opera's beginnings in Renaissance Italy they were also opera composers and librettists At first it was exclusively for the nobility In the 19th century with the emergence of the middle class and the rise of nationalism there were more public theaters and opera seemed to be

everywhere This meant more opportunities for composers though men predominated This book focuses on the women from the 16th century to today who had successful careers in opera many of them well known in their time **Destiny'S Gamble** Jenn Shell,2013-03-29 Destiny Moretti is by all standards a lucky woman Born into a family who possesses both great wealth and power she is loved and has the world at her feet She knows how to get what she wants from life and many consider her to be blessed But what Destiny desires most is to be able to spend her life with the man she loves If only she had been allowed to marry him On Thanksgiving Day in 1941 the Moretti and Rossi families gather to share a splendid holiday feast Snow dances outside but inside even the crackling fire cannot banish the chill from Destinys peace of mind Terrible things are just out of sight she just knows it Destiny promises herself that she will not allow her growing anxiety to consume her joy on this festive night Out of love and respect for her parents she vows to make a sincere effort to be happy But in the pit of her stomach fear of the darkest magnitude has settled in She has also recently learned the reasons behind her fathers lifelong despair If she can find the strength to perform one simple but gigantic deed she will have the power to resolve his problem Destiny must now make some big decisions Will she find the strength to change her own fate Can she do the unthinkable and leave her wealthy husband And what will happen if she gambles with her own heart An Invitation to the Opera, Revised Edition John Louis DiGaetani,2015-12-22 In its revised third edition this volume argues that an appreciation of opera is based on understanding of several key aspects history language theatrical production the power of the conductor vocal tradition and standard repertory This unique approach is intended for the newcomer curious about the art form The author discusses how opera has changed in the last three decades and how it is now more easily enjoyed than ever before Originally published in 1986 this book has been translated into four languages and has been used as an Introduction to Opera text in college classrooms around the world
