R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries The Oxford English **Literary History: Volume 10: 1910-1940: The Modern Movement** Chris Baldick, 2005-11-10 This exciting new volume provides a freshly inclusive account of literature in England in the period before during and after the First World War Chris Baldick places the modernist achievements of Virginia Woolf T S Eliot and James Joyce within the rich context of non modernist writings across all major genres allowing high literary art to be read against the background of low entertainment

Looking well beyond the modernist vanguard Baldick highlights the survival and renewal of realist traditions in these decades of post Victorian disillusionment Ranging widely across psychological novels war poems detective stories satires and children's books The Modern Movement provides a unique survey of the literature of this turbulent time Death of Jane Stanford Robert W. P. Cutler, 2003 Jane Stanford the co founder of Stanford University died in Honolulu in 1905 shortly after surviving strychnine poisoning in San Francisco The inquest testimony of the physicians who attended her death in Hawaii led to a coroner's jury verdict of murder by strychnine poisoning Stanford University President David Starr Jordan promptly issued a press release claiming that Mrs Stanford had died of heart disease a claim that he supported by challenging the skills and judgment of the Honolulu physicians and toxicologist Jordan's diagnosis was largely accepted and promulgated in many subsequent historical accounts In this book the author reviews the medical reports in detail to refute Dr Jordan's claim and to show that Mrs Stanford indeed died of strychnine poisoning His research reveals that the professionals who were denounced by Dr Jordan enjoyed honorable and distinguished careers He concludes that Dr Jordan went to great lengths over a period of nearly two decades to cover up the real circumstances of Mrs Stanford's death S. Eliot T. S. Eliot, 2016-08-23 The sixth volume of the personal correspondences of British literary giant T S Eliot The letters of T S Eliot collected in this sixth volume were written during the years the Nobel Prize winning poet playwright critic and essayist called the happiest I can ever remember in my life Penned in large part during his tour of Depression Era America these letters reflect Eliot's resolve to end his torturous eighteen year marriage to his wife Vivienne and offer fascinating descriptions of the author's encounters with F Scott Fitzgerald Edmund Wilson Marianne Moore and other notable figures

The Letters of T. S. Eliot Volume 7: 1934–1935 T. S. Eliot,2017-05-30 T S Eliot s career as a successful stage dramatist gathers pace throughout the fascinating letters of this volume Following his early experimentation with the dark comedy Sweeney Agonistes 1932 Eliot is invited to write the words of an ambitious scenario sketched out by the producer director E Martin Browne who was to direct all of Eliot s plays for a grand pageant called The Rock 1934 The ensuing applause leads to a commission from the Bishop of Chichester to write a play for the Canterbury Festival resulting in the quasi liturgical masterpiece of dramatic writing Murder in the Cathedral 1935 A huge commercial success it remains in repertoire after eighty years Even while absorbed in time consuming theatre work Eliot remains untiring in promoting the writers on Faber's ever broadening lists George Barker Marianne Moore and Louis MacNeice among them In addition Eliot works hard for the Christian Church he has espoused in recent years serving on committees for the Church Union and the Church Literature Association and creating at Faber but she refuses to comprehend that her husband has chosen to leave her and stalks him across literary society leading to his place of work at the offices of Faber Faber The correspondence draws in detail upon Vivien's letters and diaries to provide a picture of her mental state and way of life and to help the reader to appreciate her thoughts and feelings
