The Diary V 1664:

The Diary of Mr. John Lamont of Newton. 1649-1671 John Lamont, 1830 **The Curious World of Samuel Pepys and John Evelyn** Margaret Willes, 2017-09-19 An intimate portrait of two pivotal Restoration figures during one of the most dramatic periods of English history Samuel Pepys and John Evelyn are two of the most celebrated English diarists They were also extraordinary men and close friends This first full portrait of that friendship transforms our understanding of their times Pepys was earthy and shrewd while Evelyn was a genteel aesthete but both were drawn to intellectual pursuits Brought together by their work to alleviate the plight of sailors caught up in the Dutch wars they shared an inexhaustible curiosity for life and for the exotic Willes explores their mutual interests diary keeping science travel and a love of books and their divergent enthusiasms Pepys for theater and music Evelyn for horticulture and garden design Through the richly documented lives of two remarkable men Willes revisits the history of London and of England in an age of regicide revolution fire and plague to reveal it also as a time of enthralling possibility *A History of Bubonic Plague in the British Isles* J. F. D. Shrewsbury, 2005-11-10 How the black rat introduced the bubonic plague into Britain and the subsequent effects on social and economic life Protestantism and Patriotism Steven C. A. Pincus, 2002-05-09 A detailed study of the first two Anglo Dutch Wars and the ideological contexts in which they were fought *Aphra Behn's 'Emperor of the Moon' and its French Source 'Arlequin, Empereur dans la lune'* Judy A. Hayden, Daniel J. Worden, 2019-05-31 Aphra Behn's spectacular farce Emperor of the Moon 1687 so engaged audiences that it was restaged well into the eighteenth century Her play was largely adapted from Anne Mauduit de Fatouville's Arlequin Empereur dans la lune 1684 a commedia dell'arte production by the Comdie Italienne troupe a performance which also proved immensely popular with Parisian audiences Within its witty and amusing three acts Behn's play explores a number of contemporary concerns from commedia dell'arte to gender and politics to science and astronomy including a plurality of worlds for example all culminating in the third act's operatic spectacle This volume offers a transcription of Behn's 1687 play with extensive annotations a critical discussion of Behn's text and the first English translation of Fatouville's eight French and Italian scenes A Fearful Gentleman Roger Downing, Gijss Rommelse, 2011 Sir George Downing first served under the Protectorate of Oliver Cromwell as diplomat in the Dutch Republic Following the Restoration of Charles II in 1660 he transferred his allegiance to the new regime and was reappointed to the post in The Hague This period was characterized by fierce trade rivalry which formed the background to the mid century Anglo Dutch wars His defence of English commercial interests against the Dutch was crucial to his development as one of England's leading mercantilists A fearful gentleman shows that both extremes of Downing's reputation stem from his experience and activities in the Republic the odium resulting from his rounding up and delivery to their deaths of the new King's former enemies and acknowledgement of Downing's role as administrator and reformer of English public finance based on his observation of the more sophisticated Dutch system Thomas Killigrew and the Seventeenth-Century English

Stage Philip Major, 2016-02-24 Despite his significant influence as a courtier diplomat playwright and theatre manager Thomas Killigrew 1612 1683 remains a comparatively elusive and neglected figure The original essays in this interdisciplinary volume shine new light on a singular contradictory Englishman 400 years after his birth They increase our knowledge and deepen our understanding not only of Killigrew himself but of seventeenth century dramaturgy and its complex relationship to court culture and to evolving aesthetic tastes The first book on Killigrew since 1930 this study re examines the significant phases of his life and career the little known playwriting years of the 1630s his long exile during the 1640s and 1650s and its personal political and literary repercussions and the period following the Restoration when with Sir William Davenant he enjoyed a monopoly of the London stage These fresh accounts of Killigrew build on the recent resurgence of interest in royalists and the royalist exile and underscore literary scholars continued fascination with the Restoration stage In the process they question dominant assumptions about neatly demarcated seventeenth century chronological geographic and cultural boundaries What emerges is a figure who confounds as often as he justifies traditional labels of dilettante cavalier wit and swindler

Psalms in the Early Modern World Linda Phyllis Austern, Kari Boyd McBride, 2016-04-15 Psalms in the Early Modern World is the first book to explore the use interpretation development translation and influence of the Psalms in the Atlantic world 1400 1800 In the age of Reformation when religious concerns drove political social cultural economic and scientific discourse the Bible was the supreme document and the Psalms were arguably its most important book The Psalms played a central role in arbitrating the salient debates of the day including but scarcely limited to the nature of power and the legitimacy of rule the proper role and purpose of nations the justification for holy war and the godliness of peace and the relationship of individual and community to God Contributors to the collection follow these debates around the Atlantic world to pre and post Hispanic translators in Latin America colonists in New England mystics in Spain the French court during the religious wars and both Protestants and Catholics in England Psalms in the Early Modern World showcases essays by scholars from literature history music and religious studies all of whom have expertise in the use and influence of Psalms in the early modern world The collection reaches beyond national and confessional boundaries and to look at the ways in which Psalms touched nearly every person living in early modern Europe and any place in the world that Europeans took their cultural practices

Speech, Print and Decorum in Britain, 1600--1750 Elspeth Jajdelska, 2016-03-10 Filling an important gap in the history of print and reading Elspeth Jajdelska offers a new account of the changing relationship between speech rank and writing from 1600 to 1750 Jajdelska draws on anthropological findings to shed light on the different ways that speech was understood to relate to writing across the period bringing together status and speech literary and verbal decorum readership the material text and performance Jajdelska's ambitious array of sources includes letters diaries paratexts and genres from cookery books to philosophical discourses She looks at authors ranging from John Donne to Jonathan Swift alongside the writings of anonymous merchants apothecaries and

romance authors Jajdelska argues that Renaissance readers were likely to approach written and printed documents less as utterances in their own right and more as representations of past speech or as scripts for future speech In the latter part of the seventeenth century however some readers were treating books as proxies for the author's speech rather than as representations of it These adjustments in the way speech and print were understood had implications for changes in decorum as the inhibitions placed on lower ranking authors in the Renaissance gave way to increasingly open social networks at the start of the eighteenth century As a result authors from the lower ranks could now publish on topics formerly reserved for the more privileged While this apparently egalitarian development did not result in imagined communities that transcended class readers of all ranks did encounter new models of reading and writing and were empowered to engage legitimately in the gentlemanly criticism that had once been the reserve of the cultural elites Shortlisted for the European Society for the Study of English ESSE book prize 2018 The Review of English Studies ,1925 Includes a section Summary of periodical literature **Language Change and Variation from Old English to Late Modern English** Merja Kytö, John Scallan, Harumi Tanabe, 2010 This collection reflects Minoji Akimoto's concern with studies of change in English that are theoretically informed but founded on substantial bodies of data Some of the contributors focus on individual texts and text types among them literature and journalism others on specific periods from Old English to the nineteenth century but the majority trace a linguistic process such as negation passivisation complementation or grammaticalisation through the history of English While several papers take a fresh look at manuscript evidence the harnessing of wideranging electronic corpora is a recurring feature methodologically The linguistic fields treated include word semantics stylistics orthography word order pragmatics and lexicography The volume also contains a bibliography of Professor Akimoto's writings and an index of linguistic terms **The Cavalier Parliament and the Reconstruction of the Old Regime, 1661-1667** Paul Seaward, 2003-02-13 This book is the first detailed study of Westminster politics in the 1660s for over twenty years and the first ever in depth study of the legislation of the 1660s Dr Seaward shows how these drastic and dramatic events had changed perceptions and attitudes in British politics **Fashioning Adultery** David M. Turner, 2002-08-15 This 2002 book provides a major survey of representations of adultery in later seventeenth and early eighteenth century England Bringing together a wide variety of literary and legal sources including sermons pamphlets plays diaries periodicals trial reports and the records of marital litigation it documents a growing diversity in perceptions of marital infidelity in this period against the backdrop of an explosion in print culture and a decline in the judicial regulation of sexual immorality In general terms the book charts and explains a gradual transformation of ideas about extra marital sex whereby the powerfully established religious argument that adultery was universally a sin became increasingly open to challenge The book charts significant developments in the idiom in which sexually transgressive behaviour was discussed showing how evolving ideas of civility and social refinement and new thinking about gender difference influenced assessments of immoral behaviour **The Soul**

of Samuel Pepys Gamaliel Bradford,1924 *Negotiating Exclusion in Early Modern England, 1550-1800* Naomi Pullin,Kathryn Woods,2021-03-08 This edited volume examines how individuals and communities defined and negotiated the boundaries between inclusion and exclusion in England between 1550 and 1800 It aims to uncover how men women and children from a wide range of social and religious backgrounds experienced and enacted exclusion in their everyday lives Negotiating Exclusion takes a fresh and challenging look at early modern England s distinctive cultures of exclusion under three broad themes exclusion and social relations the boundaries of community and exclusions in ritual law and bureaucracy The volume shows that exclusion was a central feature of everyday life and social relationships in this period Its chapters also offer new insights into how the history of exclusion can be usefully investigated through different sources and innovative methodologies and in relation to the experiences of people not traditionally defined as marginal The book includes a comprehensive overview of the historiography of exclusion and chapters from leading scholars This makes it an ideal introduction to exclusion for students and researchers of early modern English and European history Due to its strong theoretical underpinnings it will also appeal to modern historians and sociologists interested in themes of identity inclusion exclusion and community **The House of Commons, 1660-1690: Introductory survey.
