

The History Of Childhood

ML Morrison

The History Of Childhood:

The History of Childhood Lloyd deMause,1995-06 A survey of childhood that reveals startling views of life in Europe and America during the past 2000 years This book documents the lives of former children who were abused It places child abuse today into the context of what was routinely inflicted upon The History of Childhood Lloyd deMause,1995-06 A survey of childhood that reveals startling views of life in Europe and America during the past 2000 years This book documents the lives of former children who were abused It places child abuse today into the context of what was routinely inflicted upon *Growing Up* Peter N. Stearns,2005 Growing Up combines two flourishing historical fields the history of childhood and world history to address the question of how much of childhood is natural and how much is historically determined The first lecture gauges the impact of the development of agriculture civilization and religion upon the premodern experience of childhood The second lecture contrasts modern perspectives on childhood with more traditional ones before investigating how and why modern perspectives developed and spread These lectures clearly demonstrate that the transformation of childhood is both recent and sweeping Raymond Grew Professor Emeritus of History University of Michigan The History of Childhood ,1976 The History of Childhood ,1974 **A History of Childhood** Colin Heywood,2013-05-02 In this lively and accessible book Colin Heywood explores the changing experiences and perceptions of childhood from the early Middle Ages to the beginning of the twentieth century Heywood examines the different ways in which people have thought about childhood as a stage of life the relationships of children with their families and peers and the experiences of young people at work in school and at the hands of various welfare institutions The aim is to place the history of children and childhood firmly in its social and cultural context without losing sight of the many individual experiences that have come down to us in diaries autobiographies and oral testimonies Heywood argues that there is a cruel paradox at the heart of childhood in the past On the one hand material conditions for children have generally improved in the West however belatedly and unevenly and they are now more valued than in the past On the other hand the business of preparing for adulthood has become more complicated in urban and industrial societies as the young face a bewildering array of choices and expectations A History of Childhood will be an essential introduction to the subject for students of history the social sciences and cultural studies *The Routledge History of Childhood in the Western World* Paula S. Fass,2013 The Routledge History of Childhood in the Western World provides an important overview of the main themes surrounding the history of childhood in the West from antiquity to the present day By broadly incorporating the research in the field of Childhood Studies the book explores the major advances that have taken place in the past few decades in this crucial field The volume is composed of three parts The first part explores childhood from the Ancient World through to the Middle Ages and Early Modern Europe The second part examines the fundamental aspects of childhood and the life of children in the West since 1600 The essays address issues such as family work law sexuality and consumption The chapters

think beyond national and continental boundaries so that readers are informed about general trends in the West while still alert to differences in gender class race and time The final part focuses on aspects of children s experiences in the modern world This section explains how childhoods have developed in distinct contexts and among specific children by using the growing literature on modern childhoods in various locales and at particular historical moments Including essays on all the key topics and issues The Routledge History of Childhood in the Western World will define how the history of children and childhood can best be understood in the longue dur e and comparatively while still acknowledging the importance of and encouraging scholarship on specific groups periods places and life course divisions This important collection from a leading international group of scholars presents a comprehensive survey of the current state of the field It will be essential reading for all those interested in the history of childhood , *Childhood in World History* Peter N Stearns, Peter N.

Stearns, 2006-05-02 Filling a gap in a field with very few teaching books available *Childhood in World History* provides a much needed historical overview Studying childhood historically greatly advances our understanding of what childhood is about and a world history focus permits broad questions to be asked Peter N Stearns an esteemed name in the field focuses on childhood in several ways childhood across change the shift from hunting and gathering to an agricultural society the impact of civilization and the emergence of major religions new and old debates about the distinctive features of Western childhood including child labour the emergence of a modern industrial pattern of childhood in the West Japan and communist societies focusing on education and economic independence globalization and the spread of child centred consumerism Highlighting the gains the divisions and the losses for children across the millennia this fascinating book will appeal to students across the board and will prove an excellent teaching resource *The History of Childhood* James

Marten, 2018-08-02 In *The History of Childhood A Very Short Introduction* Marten provides a sweeping narrative of the key features of childhood through time and around the world focusing on conflict and change war and reform and the issues and conditions that have shaped childhood throughout history and continue to shape it in the twenty first century
