The Holy Spirit And Liberation:

The Holy Spirit and Liberation Jose Comblin, 2004-02-19 Speaking from his own experiences living among the very poor in Northeastern Brazil Belgian liberation theologian Jose Comblin examines the effects of the presence of the Spirit in the world and the church Comblin's theology of the Spirit and mission provides the first systematic treatment of the Holy Spirit from a liberation perspective and is significant in that it seeks to name the action of the Spirit in the lives of the poor in the history of oppressed peoples **The Holy Spirit and Liberation** José Comblin, 1989 **Faith Seeking Understanding** Daniel L. Migliore, 2004-06-14 Daniel Migliore's Faith Seeking Understanding has been a standard introduction to Christian theology for more than a decade The book's presentation of traditional doctrine in freshly contemporary ways its concern to hear and critically engage new voices in theology and its creative and accessible style have kept it one of the most stimulating balanced and readable guides to theology available This second edition of Faith Seeking Understanding features improvements from cover to cover Besides updating and expanding the entire text of the book Migliore has added two completely new chapters The first Confessing Jesus Christ in Context explores the unique contributions to Christian theology made by recent theologians working in the African American Asian American Latin American Hispanic feminist womanist and mujerista traditions The second new chapter The Finality of Jesus Christ and Religious Pluralism addresses the growing interest in the relationship of Christianity to other religions and their adherents Migliore's three delightful theological dialogues are followed by a new appendix an extensive glossary of theological terms making the book even more useful to students seeking to understand the history themes and challenges of Christian belief **The Holy Spirit** Veli-Matti K. Rkk Inen, Veli-Matti Kärkkäinen, 2012-01-01 A compact discussion of the Holy Spirit in Christian theology written by a leading expert in the field **Role of the Holy Spirit in Protestant Systematic Theology** Wilson Varkey, 2011-08-01 This volume is a meticulously researched text on pneumatology which puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action **Organizing Spirit** Jamie Pitts, 2025-06-12 Contemporary theologians tend to associate the Holy Spirit with the formation of local communities social movements and fluid relational networks and not with institutions such as denominations or global church bodies In this work Jamie Pitts argues that this pneumatological sociological picture misses important aspects of the Spirit's work Pitts draws on a wide range of theological and theoretical resources to depict the

Spirit as organizing the complex dynamic and relationally entangled structures that constitute creation Human organizing that seeks to participate in the Spirit can take a variety of analogous structural forms including formal organizations or institutions Organizational participation in the Spirit is not a function of an organization's scale mobility or relative informality but rather of its practical orientation toward the Spirit's goals of life solidarity healing and inclusive justice A series of case studies clarifies and extends the implications of the argument in connection to organizing for environmental gender sexual and racial justice In the final chapter Pitts addresses the role of a political theology of the organizing Spirit in imagining organizational alternatives to the global neoliberal order

The Holy Spirit and the Renewal of All Things

David Beck, 2010-03-25 This book sets out to change the starting point for theological conversation about the work of the Holy Spirit Protestant theologians have associated the Spirit's work almost entirely with believers and or the church The Spirit's role is to apply Christ's atoning work to God's people In contrast early Christian reflection saw the Spirit's main role as bringing about the eschatological rule of God which reaches beyond individuals or even the church and extends to all creation This volume explores the shape pneumatology takes when we develop the theology of the Holy Spirit within an eschatological framework that has a universal scope and an unlimited history When we do so we find that pneumatology deriving from questions about what the Spirit does for us needs to give way to pneumatology that derives from questions about how the Spirit can draw us into the saving history of the triune God

Black Theology in Dialogue James Deotis Roberts, 1987-01-01 Challenging all who are concerned about religion in today's world J Deotis Roberts outlines a new way of looking at the essential questions Roberts proposes a theology concerned with concrete and specific situations that also retains a universal vision In discussing the relationship of American black thought to African liberation feminist Asian and Euro American theologies he covers significant religious issues such as love justice power and evil

The Freedom of God James Daryn Henry, 2018-05-30 The Freedom of God wrangles with the unfolding legacy of Christian theologian Robert Jenson and presents the first in depth study of his teaching on the Holy Spirit It is a specialist monograph that will entice those with interest in academic theology systematics and twentieth and twenty first century Christian thought especially the post Barthian historicist electionism and the post Rahnerian immanent and economic trinitarian project conversations Devoted readers of the works of Robert Jenson scholars of pneumatology third article theology or pentecostal renewal movements practitioners of liberation theology and supporters of ecumenical theology will all be particularly gripped by the analysis developed in this work As a text the Freedom of God could find a home in graduate seminars seminary classrooms and in classes for advanced undergraduates for those studying Jenson as a way into systematic theology and contemporary Christian thought or in any thematic doctrinal courses on the Holy Spirit or the Trinity
