The Kensington Rune Stone Its Place In History

Peter Hancock

The Kensington Rune Stone Its Place In History:

The Kensington Rune Stone Thomas E. Reiersgord, 2001 Research exploring the translation and meaning of the Kensington Runestone Myths of the Rune Stone David M. Krueger, 2015-10-01 What do our myths say about us Why do we choose to believe stories that have been disproven David M Krueger takes an in depth look at a legend that held tremendous power in one corner of Minnesota helping to define both a community s and a state s identity for decades In 1898 a Swedish immigrant farmer claimed to have discovered a large rock with writing carved into its surface in a field near Kensington Minnesota The writing told a North American origin story predating Christopher Columbus s exploration in which Viking missionaries reached what is now Minnesota in 1362 only to be massacred by Indians The tale s credibility was quickly challenged and ultimately undermined by experts but the myth took hold Faith in the authenticity of the Kensington Rune Stone was a crucial part of the local Nordic identity Accepted and proclaimed as truth the story of the Rune Stone recast Native Americans as villains The community used the account as the basis for civic celebrations for years and advocates for the stone continue to promote its validity despite the overwhelming evidence that it was a hoax Krueger puts this stubborn conviction in context and shows how confidence in the legitimacy of the stone has deep implications for a wide variety of Minnesotans who embraced it including Scandinavian immigrants Catholics small town boosters and those who desired to commemorate the white settlers who died in the Dakota War of 1862 Krueger demonstrates how the resilient belief in the Rune Stone is a form of civil religion with aspects that defy logic but illustrate how communities characterize themselves He reveals something unique about America s preoccupation with divine right and its troubled way of coming to terms with the history of the continent s first residents By considering who is included who is left out and how heroes and villains are created in the stories we tell about the past *Myths of the Rune Stone* offers an enlightening perspective on not just Minnesota but the United States as well **Hoax Springs Eternal** Peter Hancock, 2015-01-22 This book examines and extrapolates from famous historical case studies to illustrate principles of cognitive deception and how to avoid being deceived The Kensington Rune Stone Richard Nielsen, Scott F. Wolter, 2005 The Kensington Rune Stone has been the subject of passionate debate over its authenticity since it was discovered in the roots of a tree near Kensington Minnesota by Olof Ohman in 1898 Through the presentation of compelling new evidence this book answers the many nagging questions that have eluded investigators for over 100 years Much of this new evidence is truly startling and has led to the understanding of not only who carved the stone but where they came from and why they came to North America Co authors geologist Scott Wolter and engineer Richard Nielsen present the evidence of their collective 25 years of research on the artifact The results of their research present a compelling and convincing case The Kensington Rune Stone Compelling New Evidence is both a forensic inquisition and engaging mystery As an easy to follow reference source it s the must have guide for making an informed decision about the evidence surrounding one of the most famous inscriptions in North America As the

scientific community's own Da Vinci Code this book is poised to expose the clash of scientific ideology politics and academia while distilling the truth into one clear but spellbinding tome Publisher **The Kensington Rune-stone** George Tobias Flom, 1910 *In Search of First Contact* Annette Kolodny, 2012-05-29 A radically new interpretation of two medieval Icelandic tales known as the Vinland sagas considering what they reveal about native peoples and how they contribute to the debate about whether Leif Eiriksson or Christopher Columbus should be credited as the first discoverer of America

Midwest Marvels Eric Dregni, 2006 A guide to unusual and one of a kind roadside sights in the Midwest includes Minnesota's Spam Museum North Dakota's forty five foot tower of discarded oil cans and South Dakota's Outhouse Museum

The Kensington Runestone Alice Beck Kehoe, 2005-02-17 In 1898 a farmer in northwestern Minnesota unearthed a large stone engraved with what appeared to be Norse runes carved in 1362 Could medieval Scandinavians have penetrated deep into mainland North America over a century before Columbus discovered the New World Does the stone provide evidence that forces a rewrite of American history or was it merely a well executed hoax In the absence of written records documenting a Norse expedition into Minnesota most historians have dismissed the Kensington Runestone as a forgery However Kehoe approaches the question holistically She examines not only historical and literary evidence but also brings in data from archaeology geology linguistics and biological anthropology She concludes that the stone's authenticity should not be dismissed as readily as it has been so far even if that means re thinking deeply ingrained ideas about contact between Europeans and indigenous Americans Vikings in the Attic Eric Dregni, 2013-11-30 Growing up with Swedish and Norwegian grandparents with a dash of Danish thrown in for balance Eric Dregni thought Scandinavians were perfectly normal Who doesn't enjoy a good healthy salad Jell O packed with canned fruit colored marshmallows and pretzels or perhaps some cod soaked in drain cleaner as the highlights of Christmas Only later did it dawn on him that perhaps this was just a little strange but by then it was far too late he was hooked and a dyed in the wool Scandinavian himself But what does it actually mean to grow up Scandinavian American or to live with these Norwegians Swedes Finns Danes and Icelanders among us In *Vikings in the Attic* Dregni tracks down and explores the significant and quite often bizarre historic sites tales and traditions of Scandinavia's peculiar colony in the Midwest It's a legacy of the unique collecting silver spoons a suspicion of flashy clothing shots of turpentine for the common cold and a deep love of rhubarb pie but also one of poor immigrants living in sod houses while their children attend college the birth of the co op movement the Farmer Labor party and government agents spying on Scandinavian meetings hoping to nab a socialist or antiwar activist For all the tales his grandparents told him Dregni quickly discovers there are quite a few they neglected to mention such as Swedish egg coffee which includes the eggshell and Lutheran latte which is Swedish coffee with ice cream *Vikings in the Attic* goes beyond the lefse lutefisk and lusekofter lice jacket sweaters to reveal the little known tales that lie beneath the surface of Nordic America Ultimately Dregni ends up proving by example why generations of Scandinavian Americans have come to love and

cherish these tales and traditions so dearly Well almost all of them See lutfisk **The Place of Stone** Douglas Hunter,2017-08-04 Claimed by many to be the most frequently documented artifact in American archeology Dighton Rock is a forty ton boulder covered in petroglyphs in southern Massachusetts First noted by New England colonists in 1680 the rock s markings have been debated endlessly by scholars and everyday people alike on both sides of the Atlantic The glyphs have been erroneously assigned to an array of non Indigenous cultures Norsemen Egyptians Lost Tribes of Israel vanished Portuguese explorers and even a prince from Atlantis In this fascinating story rich in personalities and memorable characters Douglas Hunter uses Dighton Rock to reveal the long complex history of colonization American archaeology and the conceptualization of Indigenous people Hunter argues that misinterpretations of the rock s markings share common motivations and have erased Indigenous people not only from their own history but from the landscape He shows how Dighton Rock for centuries drove ideas about the original peopling of the Americas including Bering Strait migration scenarios and the identity of the Mound Builders He argues the debates over Dighton Rock have served to answer two questions Who belongs in America and to whom does America belong **Gonzo Science** Jim Richardson,Allen Richardson, True believers and skeptics beware what you know about science may be wrong Science commentators Jim and Allen Richardson are more faithful than the believers and more skeptical than the skeptics and they re funnier too

Proceedings of the State Historical Society of Wisconsin at Its ... Annual Meeting State Historical Society of Wisconsin,1921 **Museum Work** ,1918 List of members in v 3 4 and 8 *Sacred Places North America* Brad Olsen,2008-03-01 This revised and updated comprehensive travel guide examines North America s most sacred sites for spiritually attuned explorers Important archaeological geological and historical destinations from coast to coast are exhaustively examined from the weathered pueblos of the American Southwest and the medicine wheels of western Canada to Graceland and the birthplace of Martin Luther King Jr Histories and cultural contexts are objectively surveyed along with the latest academic theories and insightful metaphysical ruminations Detailed maps drawings and travel directions are also included Wisconsin Magazine of History Milo Milton Quaife,Joseph Schafer,Edward Porter Alexander,1921

Minnesota: A History (Second Edition) (States and the Nation) William E. Lass,2000-08-17 A comprehensive history of a state thought by many to be the most livable In this volume William Lass tells the story of Minnesota a state that evolved from many cultures from its beginnings to the present This history not only provides descriptions of the essential events of Minnesota s past but also offers an interpretation of major trends and characteristics of the state and its distinctiveness within the context of the nation s story **The Mississippi Valley Historical Review** ,1921 Includes articles and reviews covering all aspects of American history Formerly the Mississippi Valley Historical Review *Writings on American History* ,1922 Transactions of the Illinois State Historical Society ,1912 **The Kensington Runestone Vindicated** Rolf M. Nilsestuen,1994 Third generation Norweigan American Rolf M Nilsestuen summarizes hundreds of pages

of documented evidence and proves conclusively that Norwegians were in Minnesota in 1362 The book includes works by Holand Landsverk and Hall as well as a series of articles by Dr Richard Nielsen that refute every negative argument and attest every word and symbol with new evidence from medieval documents The Kensington Runestone Vindicated exposes the hoax perpetrated by Wahlgren and Wallace and reveals the shameful neglect of this matter by the Smithsonian Institution With a liberal dose of common sense human understanding and Scandinavian wit Nilsestuen brings this somewhat esoteric subject down to earth Contents Introduction History The Discovery The Evidence Weathering Mooring Holes Norse Artifacts The Mandans The Verendre Stone Additional Finds The Inscription The Runes The Numerals Wahlgren Wahlgren vs The Evidence Vikings in America Other Critics Dr Erik Molke Birgitta L Wallace Olof Ohman Summary Conclusion Epilogue The Runestone vs the Smithsonian The Newport Tower

Eventually, you will agreed discover a supplementary experience and endowment by spending more cash. nevertheless when? attain you agree to that you require to get those every needs subsequently having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to understand even more more or less the globe, experience, some places, afterward history, amusement, and a lot more?
