**The Knowledge of Life** Witness Lee, 1987-06-01 In *The Knowledge of Life* Witness Lee illuminates the path that leads to life beginning with regeneration and advancing to knowing and living according to the inward sense of life *The Knowledge of Life* provides an excellent foundation for the genuine experience of Christ and a helpful introduction to Witness Lee's companion book *The Experience of Life*

**The Spiritual Condition of Infants** Adam Harwood, 2011-03-15 What is the spiritual condition of infants According to the Augustinian Calvinist view all people inherit from the first Adam both a sinful nature and his guilt The result is that all infants are subject to the judgment of God against their nature before they knowingly commit any sinful actions But is this the clear teaching of Scripture In *The Spiritual Condition of Infants* Adam Harwood examines ten relevant biblical texts and the writings of sixteen theologians in order to clarify the spiritual condition of infants Although no passage explicitly states the spiritual condition of infants each text makes contributions by addressing the doctrines of man sin the church and salvation If this biblical historical analysis exposes the traditional Augustinian Calvinist view to be inadequate then is it possible to construct an alternate view of the spiritual condition of infants Such a view should remain faithful to the biblical emphasis on humankind's connection to Adam and his sin but also recognize the guilt and condemnation of an individual only in the manner and time that God does in Scripture That is the aim of this book

**The Model of Revelation Knowledge** B. J. Sifon, 2022-11-03 Have you ever wondered what you were before you were born or what will happen after you dematerialize away in death from this physical dimension Quite often one part of your mind tells you that after you die you are going to be judged by God and after the judgment you will spend the rest of your existence in an uncomfortable place called hell or a place of pleasure called heaven The question is how exactly did Christ define our existence To understand our true nature we have analyzed many important statements made by Christ concerning this issue This nature reveals our true identities in the spirit what we really are what we are capable of where we came from and where we're heading As spiritual individuals we have also tapped into the realm of the spirit by making it substantial to get answers not just to everything in existence but also to things unheard of In this record the author reflects on his spiritual identity

**Suffering, Obedience And The Origin Of Sin** Man Kei Ho, 2010-04 This book explores the meaning of obedience based on the biblical teaching from the book of Hebrews that Jesus Christ as the Son has to learn obedience from his suffering The author delves into the various issues surrounding the nature of obedience and weaves them into a discourse on the efficient cause of the sin of the first parents He draws them together into an assertion that the fall of the first parents in the Garden of Eden is not a possible outcome it is an inevitable outcome Dr Man Kei Ho holds a Ph D from University of Wales in theology and has served as visiting lecturer at seminaries and universities in Hong Kong Philippines and China Currently he is teaching theology at the Chinese School of Theology at Tyndale Seminary in Toronto Prior to his theological training he spent over 20 years working as an engineer in high tech industries He is a registered professional engineer in the

Province of Ontario Canada      *Further Talks on the Knowledge of Life* Witness Lee, 2005-06      **The Political Philosophy of Francis Bacon** Tom van Malssen, 2014-11-19 Comprehensive in its ambitions and meticulous in its approach *The Political Philosophy of Francis Bacon* is a new and unique interpretation of one of early modernity's more important thinkers Whereas recent works on Bacon tend to confine themselves either to interpreting his historical context or to considering the founder of Baconianism from the perspective of one work in particular or the history of science in general Tom van Malssen argues through detailed and provocative interpretations of a number of Baconian writings that the unity of Bacon's thought can only be revealed if these writings are read in historical and philosophical conjunction as well as on the assumption that they are all somehow part of the whole of Bacon's political philosophy In addition to restoring Bacon to the pantheon of great philosophers Van Malssen demonstrates that a proper understanding of Bacon's political philosophy contributes significantly to our understanding of the nature of philanthropic science the modern project and ultimately ourselves      *Socratic Wisdom : The Model of Knowledge in Plato's Early Dialogues* Hugh H. Benson Professor of Philosophy University of Oklahoma, 2000-01-05 While the early Platonic dialogues have often been explored and appreciated for their ethical content this is the first book devoted solely to the epistemology of Plato's early dialogues Author Hugh H Benson argues that the characteristic features of these dialogues Socrates method of questions and answers elenchos his fascination with definition his professions of ignorance and his thesis that virtue is knowledge are decidedly epistemological In this thoughtful study Benson uncovers the model of knowledge that underlies these distinctively Socratic views What emerges is unfamiliar yet closer to a contemporary conception of scientific understanding than ordinary knowledge      **Growing in Grace and the Knowledge of God** Norman Wilson, 2019-04-17 Time for the human race is a parenthesis on the line of eternity in which the individual has the opportunity to make decisions that affect where he will spend eternity There are innumerable religions in the world each of which insists that their doctrines are the true means of acquiring a relationship with a superior being and a place in eternity Large masses of people embrace the tenets of the religion to which they are exposed during their formative years and never questioning the validity of its claims Many others have no religious models to follow Therefore they form their own religious belief systems However there are multitudes from all types of religious affiliations that are searching for answers regarding the reality of God and on what happens after physical death They have a genuine desire to know the truth about God and the way to attain eternal life There are others that desire more knowledge about the God of the Bible they love and serve I have written this book to assist these groups I have tried to provide biblical answers to questions that true searchers have regarding God I have also attempted to furnish believers with a format to help broaden their biblical knowledge I encourage the reader to seek guidance and revelation from the Holy Spirit      **The Assurance of Our Salvation** Jin Wook Kim, 2019-01-04 *THE ASSURANCE OF OUR SALVATION* Witnessing the Gospel to Modern Doubters is a missional approach to the doctrine of salvation Just like what originated the systematic theology of Karl Barth was a practical

question he faced as a pastor of a local church the development of this volume was motivated by evangelistic questions the author faced while teaching and preaching about the assurance of salvation The book is a tool to make the doctrine of salvation accessible to modern audience Because there is a gap between traditional seminary education which was fit to the context of Christendom and modern missional context many pastors feel unequipped or less prepared as our culture is moving from modernity to postmodernity The question is how we communicate the gospel message to people from a postmodern culture where the absolute truth is denied The book is an attempt to answer to the question How do we communicate the gospel with confidence in our culture hostile to Christianity

*An Inquiry Into the Philosophy and Religion of the Bible* William John BIRCH, 1856

*Walk Through the Book of Genesis* Ian Toppin, 2022-11-21

Walk Through the Book of Genesis A Verse By Verse Exposition is as the title suggests an exposition of each verse of the book of Genesis It begins by explaining the need for faith to believe some of what it represents However it makes the case that the need for faith is not unique to the Bible but to science as well This book offers insightful commentary about how science affirms biblical truths about creation and it clarifies traditionally misunderstood views about the seven day creation week Unique perspectives are presented about the fall of mankind their expulsion from the garden of Eden and the plan of God to redeem them to himself Readers will be encouraged to observe God s commitment to his covenant which he established with Abraham and his descendants who were all fallible individuals yet God blessed and provided them with hope for a brighter future in a land he promised to give them as an inheritance Finally Walk Through the Book of Genesis A Verse By Verse Exposition pinpoints successes and failures in the lives of characters in the text Their experiences serve as examples and inspire readers to persevere despite life s challenges
