The Known As Q A Consideration Of Shakespeares Sonnets:

The Book Known as Q Robert Giroux,1983 **Arts & Humanities Citation Index** ,1984 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals *The Publishers Weekly* ,1983 Library Journal ,1982 American Bookseller ,1983 **The Second Part of King Henry IV** William Shakespeare,1989-11-16 Giorgio Melchiori offers a new approach to the text of The Second Part of King Henry IV which he sees as an unplanned sequel to The First Part itself a remake of an old non Shakespearean play The Second Part deliberately exploits the popular success of Sir John Falstaff introduced in Part One the resulting rich humour gives a comic dimension to the play which makes it a unique blend of history morality play and comedy Among modern editions of the play this is the one most firmly based on the Quarto Professor Melchiori presents an eminently actable text by showing how Shakespeare s own choices are superior for practical purposes to suggested emendations and by keeping interferences in the original stage directions to a minimum in order to respect as Shakespeare did the players freedom *Romeo and Juliet* William Shakespeare,1913 **The Encyclopaedia Britannica: Ref to Shu** ,1911 **Linguistics and Language Behavior Abstracts** ,2007-10 **Paperbound Books in Print** ,1982 *A Consideration of Shakespeare's Sonnets* Edith Adeney JACKSON,1904 University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles University of California (System). Institute of Library Research,University of California, Berkeley,1972 Forthcoming Books Rose Arny,1989 **A consideration of Shakespeare's sonnets** Edith Adeney Jackson,1900 **Shakespeare's Sonnets Reconsidered** William Shakespeare,Samuel Butler,1927 *Shakespeare's Sonnets* Paul Edmondson,Stanley W. Wells,Stanley Wells,2004 The sonnets are among the most accomplished and fascinating poems in the English language They are central to an understanding of Shakespeare s work as a poet and poetic dramatist and while their autobiographical relevance is uncertain no account of Shakespeare s life can afford to ignore them So many myths and superstitions have arisen around these poems relating for example to their possible addressees to their coherence as a sequence to their dates of composition to their relation to other poetry of the period and to Shakespeare s plays that even the most na ve reader will find it difficult to read them with an innocent mind Shakespeare s Sonnets dispels the myths and focuses on the poems Considering different possible ways of reading the Sonnets Wells and Edmondson place them in a variety of literary and dramatic contexts in relation to other poetry of the period to Shakespeare s plays as poems for performance and in relation to their reception and reputation Selected sonnets are discussed in depth but the book avoids the jargon of theoretical criticism Shakespeare s Sonnets is an exciting contribution to the Oxford Shakespeare Topics ideal for students and the general reader interested in these intriguing poems The Complete Sonnets and Poems William Shakespeare,2002 Shakespeare s Sonnets are among the most complex and beautiful poems ever written Their exploration of

love praise homo and hetero sexual desire is enacted in the richest densest writing in English And the first printed work to which Shakespeare's name was attached was the erotic narrative poem Venus and Adonis which developed a sumptuous vocabulary in which to explore love praise of the beloved sexual desire and the power of rhetoric That poem was so popular that most of Shakespeare's contemporaries thought of him as primarily a poet rather than a playwright Yet despite the power of Shakespeare's poems and their foundational place within his oeuvre modern readers have seldom been encouraged to engage with his non dramatic works as a whole This new edition explains how this state of affairs has arisen and why it needs to be changed The volume contains the complete Sonnets and poems with a full commentary An extensive and lively introduction explores Shakespeare's poetic development and shows how the poems relate to each other and to his dramatic works The Sonnets are freshly interpreted not as cryptic fragments of autobiography but as works which ask their readers to think about relationships between lyric poems and the historical circumstances which may have given rise to them The narrative poems Venus and Adonis and Lucrece are placed where they belong at the origin of Shakespeare's thinking about what it means to desire and to be desired The edition responds to the most recent scholarly work on the interpretation and dating of Shakespeare's poems and Sonnets It also explores what the poems may have meant to their earliest readers For this reason it also includes poems attributed to Shakespeare in the seventeenth century as well as those printed under his name in The Passionate Pilgrim in 1599

Shakespeare's Sonnets William Shakespeare, 2007 This book is intended for all readers interested in The Sonnets and will appeal to all those who desire nothing more than to enjoy Shakespeare's greatest poetry
