The Korean Conflict Mahavir Prasad Srivastava, 1982 **The Korean Conflict**, 1982 **The Korean War** Paul Edwards, 2003-01-09 This historical dictionary of the Korean War is designed to provide brief but helpful information about all aspects of the war including units involved the United Nations political and military actions significant sites and operations and weapons use *The Korean War* Stanley Sandler, 2014-01-14 First major clash with a communist army The Korean War was America's first ideological conflict and the first large scale clash between U S UN forces and a Communist army More than any other event it signaled the beginning of Cold War mobilization for the U S and NATO and even though the specter of international communism had since faded away the animosities of The Forgotten War threaten to flare up even today Focuses on military topics The Korean War contains articles of varying lengths on key topics that range from the origins of the conflict ground naval and air operations and tactical planning to the Truman MacArthur face off the POW issue and armistice negotiations The bulk of the Encyclopedia focuses on such military topics as the use of artillery the pioneering concept of helicopter evacuation of wounded new infantry tactics dictated by Communist POW riots civil affairs larger military units and communications There are also articles on civilian and military leaders including President Eisenhower General Ridgeway Kim Il Sung Chou En lai Syngman Rhee and others Special features Articles written by experts in the field Useful to librarians scholars researchers and students alike Includes 48 maps and photographs Covers an extraordinary range of key topics A chronology extensive bibliography and a subject index are included *Historical Dictionary of the Korean War* Paul M. Edwards, 2010-06-10 The Korean War has often been regarded as a forgotten war although that is certainly unfair It was if anything a rather crucial war within the ambit of the Cold War started by North Korea in 1950 and although the bulk of the fighting was over by 1954 peace has never been concluded and the two sides still face off over the demilitarized zone On the other side of the zone is South Korea which has since become a very prosperous and democratic country while North Korea has achieved relatively little So that war is certainly not forgotten by the Koreans And given the large number of deaths and casualties it is still remembered by many in the United States and other allies as well as China and the Soviet Union This Historical Dictionary of the Korean War now in its second edition does much to jolt our memory and inform us about the war This is done first in a lengthy chronology tracking the war but also the path to war and what happened after The introduction covers the war as a whole trying to make sense of it The dictionary section provides all of the necessary details on significant persons places and events battles and other engagements military units and material as well as the political economic and social background There are also maps and a list of acronyms This is really the ideal source for information in addition to which it also has an extensive bibliography International Conflict in the Asia-Pacific Jacob Bercovitch, Mikio Oishi, 2010-06-23 This book analyses four major long standing and intractable conflicts in the Asia Pacific region the Korean Peninsula the Taiwan Strait the South China Sea Spratly Islands and India Pakistan and aims to

identify the mechanisms used to manage these conflicts International Conflict in the Asia Pacific brings together in one volume four major international conflicts that have shaped the region and studies how they evolved and how best to manage them The book seeks to find a pattern common to the four conflicts and their management as well as taking note of variations among them hereby aiming to establish what might be called the Asia Pacific way of managing intractable conflicts This book will of much interest to students of international conflict management Asian politics security studies and IR in general Jacob Bercovitch is Professor of International Relations in the Political Science Department at the University of Canterbury in New Zealand Widely regarded as one of the most influential scholars in the field of international conflict resolution he is author of more than 15 books and numerous articles Mikio Oishi is a Visiting Fellow with the National Centre for Peace and Conflict Studies NCPACS University of Otago and a Research Fellow with Political Science Programme of University of Canterbury
