The Canadian Experience of the Great War Brian Douglas Tennyson, 2013-05 Although the United States did not enter the First World War until April 1917 Canada enlisted the moment Great Britain engaged in the conflict in August 1914 The Canadian contribution was great as more than 600 000 men and women served in the war effort 400 000 of them overseas out of a population of 8 million More than 150 000 were wounded and nearly 67 000 gave their lives The war was a pivotal turning point in the history of the modern world and its mindless slaughter shattered a generation and destroyed seemingly secure values The literature that the First World War generated and continues to generate so many years later is enormous and addresses a multitude of cultural and social matters in the history of Canada and the war itself Although many scholars have brilliantly analyzed the literature of the war little has been done to catalog the writings of ordinary participants men and women who served in the war and wrote about it but are not included among well known poets novelists and memoirists Indeed we don t even know how many titles these people published nor do we know how many more titles were added later by relatives who considered the recollections or collected letters worthy of publication Brian Douglas Tennyson s *The Canadian Experience of the Great War A Guide to Memoirs* is the first attempt to identify all of the published accounts of First World War experiences by Canadian veterans

Canada and the Changing Arctic Franklyn Griffiths, Rob Huebert, P. Whitney Lackenbauer, 2011-11-01 Global warming has had a dramatic impact on the Arctic environment including the ice melt that has opened previously ice covered waterways State and non state actors who look to the region and its resources with varied agendas have started to pay attention Do new geopolitical dynamics point to a competitive and inherently conflictual race for resources Or will the Arctic become a region governed by mutual benefit international law and the achievement of a widening array of cooperative arrangements among interested states and Indigenous peoples As an Arctic nation Canada is not immune to the consequences of these transformations In **Canada and the Changing Arctic Sovereignty Security and Stewardship** the authors all leading commentators on Arctic affairs grapple with fundamental questions about how Canada should craft a responsible and effective Northern strategy They outline diverse paths to achieving sovereignty security and stewardship in Canada's Arctic and in the broader circumpolar world The changing Arctic region presents Canadians with daunting challenges and tremendous opportunities This book will inspire continued debate on what Canada must do to protect its interests project its values and play a leadership role in the twenty first century Arctic Forewords by Senator Hugh Segal and former Minister of Foreign Affairs and of National Defence Bill Graham **The Conquest of Canada** George Warburton, 2018-04-05

Reproduction of the original **The Conquest of Canada** by George Warburton **Canada-United States Bilateral Program on Housing and Urban Affairs**, 1983 **Canada in NATO, 1949-2019** Joseph T. Jockel, Joel J. Sokolsky, 2021-10-15 The story of Canada in the North Atlantic Treaty Organization NATO is one of consistent support and involvement but of varying levels of military and diplomatic engagement Canada in NATO 1949 2019 provides the first analysis of Canada's involvement in the Atlantic Alliance from the negotiations leading to the alliance's charter in 1949 to NATO's seventieth anniversary exploring how the country's role in NATO has evolved over the years As one of NATO's early foremost participants Canada was a major force contributor in the 1950s Briefly deploying more modern fighter aircrafts in Europe than the United States had as well as a naval commitment that would have been responsible for 10 per cent of ship escorts across the North Atlantic Canada became the odd man out of the western alliance as the Cold War wore on due to its spotty military contributions Yet Canada eventually re-emerged as a significant member through its contributions to NATO peace enforcement operations in the Balkans in the 1990s and its heavy contributions to operations in Afghanistan in the early twenty first century finding

itself in the unfamiliar position of criticizing many of the allies by which it had for so long been criticized As the lead nation for the alliance s enhanced forward presence in Latvia Canada still plays an important and highly visible role in NATO s efforts in Eastern Europe today Canada in NATO 1949 2019 sheds light on how NATO profoundly shaped Canadian defence and foreign policy while also serving vital Canadian security and diplomatic interests Historical Dictionary of Canada Stephen Azzi,Barry M.
