Matthias Beck,Beth Kewell,2014-01-13 Over a period of several centuries the academic study of risk has evolved as a distinct body of thought which continues to influence conceptual developments in fields such as economics management politics and sociology However few scholarly works have given a chronological account of cultural and intellectual trends relating to the understanding and analysis of risks Risk A Study of its Origins History and Politics aims to fill this gap by providing a detailed study of key turning points in the evolution of society s understanding of risk Using a wide range of primary and secondary materials Matthias Beck and Beth Kewell map the political origins and moral reach of some of the most influential ideas associated with risk and uncertainty at specific periods of time The historical focus of the book makes it an excellent

Tomorrow Is The Last Day Keith Kelly, 2023-07-26 Tomorrow is never promised For years Chad Owens has given everything within himself to help those in need His career has had its ups and downs many of which he could have done without Despite this fact he s lived the best life possible Looking forward to retirement he soon finds himself reminiscing about the life he s led His stroll down memory lane is a tumultuous one reminding him of an imperfect past One he often wishes he could change in the blink of an eye Determined to embrace who and what he is he realizes he ll need to accept every aspect of the life he s built for himself and his beloved family The pain heartache and numerous disappointments are often hard to let go Most especially when they cross paths with his hopes and dreams Nevertheless he ll do his best to do so if he s to succeed in moving toward the next phase of his existence *My Animal Life* Maggie Gee, 2011-08-12 How do you become a writer and why Maggie Gee s journey starts a long way from the literary world in a small family in post war Britain At seventeen Maggie goes a lamb to the slaughter to university From the 1960s onwards she lives the defining events of her generation the coming of the Pill and sexual freedom tremors in the British layer cake of class and race In the 1980s Maggie finally gets published falls in love marries and has a daughter but for the next three decades and beyond she survives and sometimes thrives by writing This frank bold memoir dares to explore the big questions success and failure sex death and parenthood *our animal life* A wise and beautiful book about what it feels like to be alive I really loved it Zadie Smith Exceptionally interesting and brave a wonderful book Claire Tomalin A fine honest complex portrait of an artist s mind Michele Roberts Independent Every word strikes like a hammer on an anvil throwing off sizzling sparks Bidisha The f word Anyone who yearns for that lost post war Britain would do well to read this vivid minutely observed memoir Gee has a sensuous eye for detail Sinclair McKay Telegraph It is a testament to Gee s skill with structure her lightness of touch and her honesty particularly about the most painful episodes that she has fashioned this account of a fundamentally satisfying and happy writer s life into such a page turner Melissa Benn New Statesman Maggie Gee writes with such courage and wit This is a vivid portrait of a woman finding her way through the maze of class ridden post war England the 60 s feminism and how to be a mother and a writer Diana Melly Highly recommended for all aspiring writers Bernardine Evaristo Observant honest and sensitively written Michael Holroyd Fresh and funny with a zest for living that bounces off the page Psychologies Sensitive honest courageous stylish The Times Gee s utterly compelling on the rollercoaster of writing life from early success to rock bottom rejection Often joyous infinitely wise passionate and poised this is a book you ll want to sit in silence with and hug to yourself then start again Daily Mail The American catalogue of books (original and reprints), published in the United States James Kelly, 1866 *Hitler's Last Days* Bill O'Reilly, 2015-06-09 By early 1945 the destruction of the German

Nazi State seems certain The Allied forces led by American generals George S Patton and Dwight D Eisenhower are gaining control of Europe leaving German leaders scrambling Facing defeat Adolf Hitler flees to a secret bunker with his new wife Eva Braun and his beloved dog Blondi It is there that all three would meet their end thus ending the Third Reich and one of the darkest chapters of history Hitler s Last Days is a gripping account of the death of one of the most reviled villains of the 20th century a man whose regime of murder and terror haunts the world even today Adapted from Bill O Reilly s historical thriller Killing Patton this book will have young readers and grown ups too hooked on history This thoroughly researched and documented book can be worked into multiple aspects of the common core curriculum The Saturday Review of Politics,

Literature, Science, Art, and Finance ,1862 **The Dedalus Book of Literary Suicides** Gary Lachman,2024-05-20

Lachman s goal to write a book on writers who had killed themselves or had tried to or had written about suicide at some length or depth would be immense To qualify the author requires the suicide to be in some way interesting Thus we have the philosopher Philipp Mainlander who killed himself because of the second law of thermodynamics Zeno who purportedly hanged himself after stubbing his toe on a turtle and Yukio Mishima s sensational and bloody hara kiri performance Suicides are arranged by type Existential suicides brought on by metaphysical issues emotionally rich Romantic suicides political suicides manic depressive mortal coil shuffling a la Sylvia Plath and the bizarre and often nonchalant suicides of many Surrealists Lachman focuses on little known or forgotten characters such as Polish avant garde figure Witkacy Thomas Chatterton the original tragic Romantic genius narcissistic publisher Harry Crosby and the tormented Austrian poet Georg Trakl The second part of Dead Letters is a selection of writings about suicide whose real value lies in Lachman s research and his knack of smoothly relating obscure biographical tidbits and philosophical ideas This work on a grim subject never becomes overly morbid and Lachman remains respectful of his troubled subjects Suicide is not recommended but this volume surely is Splendid summary of self destruction Mike Pursley in Fortean Times A Monthly List of All New Books Published in Great Britain ,1844 **The Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1902

The British Catalogue of Books Published from October 1837 to December 1852 ,1853 Cowdery's New Book of Forms Jabez Franklin Cowdery,1906
