MacCarthy, 2012-02-29 In Fiona MacCarthy s riveting account Burne Jones s exchange of faith for art places him at the intersection of the nineteenth century and the Modern as he leads us forward from Victorian mores and attitudes to the psychological sexual and artistic audacity that would characterize the early twentieth century *Soldiers* , 1979 Edgar Allan Poe and the Masses Terence Whalen, 1999-04-25 Edgar Allan Poe has long been viewed as an artist who was hopelessly out of step with his time But as Terence Whalen shows America s most celebrated romantic outcast was in many ways the nation s most representative commercial writer Whalen explores the antebellum literary environment in which Poe worked an environment marked by economic conflict political strife and widespread foreboding over the rise of a mass audience The book shows that the publishing industry far from being a passive backdrop to writing threatened to dominate all aspects of literary creation Faced with financial hardship Poe desperately sought to escape what he called the magazine prison house and the horrid laws of political economy By placing Poe firmly in economic context Whalen unfolds a new account of the relationship between literature and capitalism in an age of momentous social change The book combines pathbreaking historical research with innovative literary theory It includes the first fully documented account of Poe s response to American slavery and the first expos of his plot to falsify circulation figures Whalen also provides a new explanation of Poe s ambivalence toward nationalism and exploration a detailed inquiry into the conflict between cryptography and common knowledge and a general theory of Poe s experiments with new literary forms such as the detective story Finally Whalen shows how these experiments are directly linked to the dawn of the information age This book redefines Poe s place in American literature and casts new light on the emergence of a national culture before the Civil War **Anger in the Long**

A Mystery of Mysteries Mark Dawidziak, 2023-02-14 An Agatha Edgar Anthony Macavity and Ohioana Award nominee *A Mystery of Mysteries* is a brilliant biography of Edgar Allan Poe that examines the renowned author's life through the prism of his mysterious death and its many possible causes It is a moment shrouded in horror and mystery Edgar Allan Poe died on October 7 1849 at just forty in a painful utterly bizarre manner that would not have been out of place in one of his own tales of terror What was the cause of his untimely death and what happened to him during the three missing days before he was found delirious and in great distress on the streets of Baltimore wearing ill fitting clothes that were not his own Mystery and horror Poe who remains one of the most iconic of American writers died under haunting circumstances that reflect the two literary genres he took to new heights Over the years there has been a staggering amount of speculation about the cause of death from rabies and syphilis to suicide alcoholism and even murder But many of these theories are formed on the basis of the caricature we have come to associate with Poe the gloomy eyed grandfather of Goth hunched over a writing desk with a raven perched on one shoulder drunkenly scribbling his chilling masterpieces By debunking the myths of how he lived we come closer to understanding the real Poe and uncovering the truth behind his mysterious death as a new theory emerges that could prove the cause of Poe's death was haunting him all his life In a compelling dual timeline narrative alternating between Poe's increasingly desperate last months and his brief but impactful life Mark Dawidziak sheds new light on the enigmatic master of macabre
