York in a tower named after him who surprisingly wins an election In the last president New York is divided by protests against the fraudulent presidential elections It is a work of political satire condemns the rise of socialism and populism and deduces that their fictional rise is disastrous and leads to chaos It is important to note that this work along with others by Lockwood appears to forecast the current political climate in the United States and the West in general This little political story is very interesting in its time as it reflects some of the ideologies and social movements of the time **The Last President** Michael Kurland, S. *Our Martyred President as a Man ...* George Washington Townsend, 1901 *The Poles in Britain, 1940-2000* Peter D. Stachura, 2004-06-01 Stachura provides an important original analysis of the Polish community in the United Kingdom adding up to a provocative interpretation of the Poles position in British society The chapters add to our understanding of the significant Polish military effort alongside the Allies in defeating Nazi Germany while the appalling price the Poles paid at the end of the war at the Yalta Conference is accentuated This crass and wholly unjustified betrayal of the cause of a free Poland by the Allies resulted directly in the formation of a large Polish community in Britain **The Senate, 1789-1989:**
