**Contradictions: From Beowulf to Chaucer** Theodore M. Andersson, 2016-12-05 This volume brings together a series of key essays by Larry D Benson well known for his work in editing the Riverside Chaucer Of the studies selected the opening three deal with Old English recasting the possibilities for the critical study of Beowulf above all the relation between oral and written literary production The following ten essays turn to Middle English literature with the focus first on Chaucer and the evolution of his works and his language then on the social and cultural context of medieval chivalric texts Throughout Professor Benson approaches his subjects with a skeptical intent even a seeming contrariness in seeking to contradict received views but in fact with the purpose of questioning in order to understand more deeply Scattered in their original publications and with one hitherto unpublished together these studies present a powerful argument for this questioning approach to fundamental issues and constitute a major contribution to the study of the literary and cultural history of the medieval world Larry D Benson is Francis Lee Higginson Professor of English Harvard University Sir Gawain and the Green Knight, 1959-11-30 The inspiration for the major motion picture The Green Knight starring Dev Patel Be prepared to perform what you promised Gawain Seek faithfully till you find me A New Year's feast at King Arthur's court is interrupted by the appearance of a gigantic Green Knight resplendent on horseback He challenges any one of Arthur's men to behead him provided that if he survives he can return the blow a year later Sir Gawain accepts the challenge and decapitates the knight but the mysterious warrior cheats death and vanishes bearing his head with him The following winter Gawain sets out to find the Knight in the wild Northern lands and to keep his side of the bargain One of the great masterpieces of Middle English poetry Sir Gawain and the Green Knight magically combines elements of fairy tale and heroic sagas with the pageantry chivalry and courtly love of medieval Romance Brian Stone's evocative translation is accompanied by an introduction that examines the Romance genre and the poem's epic and pagan sources This edition also includes essays discussing the central characters and themes theories about authorship and Arthurian legends and suggestions for further reading and notes For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators Sir Gawain and the **Green Knight** Anonymous, 2012-10-19 Sir Gawain and the Green Knight is a masterpiece of medieval English literature and one of the finest Arthurian tales in any language Though its ingenious plotting and verbal artistry continue to dazzle readers it is written in a challenging regional dialect and uses many words that were already archaic when the poem was written in the late fourteenth century This edition is designed to make the poem in its original Middle English accessible to students and general readers Following standards adopted for editing other Middle English poets the edition lightly normalizes

spellings to make words more recognizable for a modern audience Extensive marginal glossing of difficult words thorough on page explanatory notes and a comprehensive glossary offer further support for readers The historical appendices include other examples of medieval romance from France and Britain Sir Gawain and the Green Knight J. North Britain during the terrible volcanic winter of 536 7 before dying a hero s death in a conflict on Hadrian s Wall Its second part moves on to Sir Gawain and the Green Knight an Arthurian poem on magic near death and near seduction Its author has always been unknown but Dr Breeze uses arguments of the US scholar Ann W Astell to date the text to 1387 and name the poet as Sir John Stanley d 1414 a Cheshire and Lancashire grandee He can now be recognized as an artist of genius comparable to Chaucer himself What is said in this book on John Stanley and his circle thus allows the greatest advance in Arthurian Studies since 1934 when Walter Oakeshott discovered the Winchester Malory amongst manuscripts of A Companion to the Gawain-poet Derek Brewer, Jonathan Gibson, 1997 It ends with a discussion of the reception of the Morte Darthur from the sixteenth to the twentieth centuries and a select bibliography The Motifs and Characters in the Gest Hystoriale of the Destruction of Troy and in the Laud Troy Book Walter Wilflingseder, 2007 Both the alliterative Gest Hystoriale of the Destruction of Troy c 1400 and the Laud Troy Book c 1400 a metrical romance deal with the lives and feats of chivalric heroes and place special emphasis on the psychological effects of love This book is a study of the motifs in John Clerk s and the Laud poet s narratives and of their characterization of the Trojan War s principal actors Both writers used the same source but their preferences for motifs and their attitudes toward the persons involved were often quite different Thirteen illustrations mainly from medieval Guido manuscripts serve as a stimulus to those who want to know more about the medieval understanding of the Trojan War Style and Consciousness in Middle English Narrative John M. Ganim, 2014-07-14 John M Ganim presents a revised theory of late medieval literary history based on the relationship of the poet to the reader His work shows how the increasingly compromised exemplary intent of later medieval poets led them to dramatize the reader as a character in the text and to develop complex forms of narrative characterized by discontinuity distortion and disorientation Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its Twentieth Century Interpretations of Sir Gawain and the Green Knight Denton Fox,1968 founding in 1905 Chaucer and Middle English Studies Beryl Rowland, 2019-09-18 Originally published in 1974 The thirty six essays of this book were written and assembled in hour of an internationally recognised scholar of medieval literature Written by a diverse range of contributors the chapters cover not only various studies of aspects of Chaucer's poetry but also some other medieval authors and investigations about the period particularly referencing carols and hymns Reconstructing Alliterative Verse Ian Cornelius, 2017-07-20 The poetry we call alliterative is recorded in English from the seventh century until the sixteenth and includes Caedmon's Hymn Beowulf Sir Gawain and the Green Knight and Piers Plowman These are some of the most admired works of medieval English literature and also among the most enigmatic The formal practice of alliterative poets exceeded the conceptual grasp of medieval literary theory theorists are still playing catch up today This book explains the distinctive nature of alliterative meter explores its differences from subsequent accentual syllabic forms and advances a reformed understanding of medieval English literary history The startling formal variety of Piers Plowman and other Middle English alliterative poems comes into sharper focus when viewed in diachronic perspective the meter was in transition to understand it we need to know where it came from and where it was headed at the moment it died out **Routledge Revivals:** Medieval England (1998) Paul E. Szarmach, M. Teresa Tavormina, Joel T. and Modernity in English Verse, 1350-1650 Eric Weiskott, 2021-01-15 What would English literary history look like if the unit of measure were not the political reign but the poetic tradition The earliest poems in English were written in alliterative verse the meter of Beowulf Alliterative meter preceded tetrameter which first appeared in the twelfth century and tetrameter in turn preceded pentameter the five stress line that would become the dominant English verse form of modernity though it was invented by Chaucer in the 1380s While this chronology is accurate Eric Weiskott argues the traditional periodization of literature in modern scholarship distorts the meaning of meters as they appeared to early poets and readers In Meter and Modernity in English Verse 1350 1650 Weiskott examines the uses and misuses of these three meters as markers of literary time medieval or modern though all three were in concurrent use both before and after 1500 In each section of the book he considers two of the traditions through the prism of a third element alliterative meter and tetrameter in poems of political prophecy alliterative meter and pentameter in William Langland's Piers Plowman and early blank verse and tetrameter and pentameter in Chaucer his predecessors and his followers Reversing the historical perspective in which scholars conventionally view these authors Weiskott reveals Langland to be metrically precocious and Chaucer metrically nostalgic More than a history of prosody Weiskott's book challenges the divide between medieval and modern literature Rejecting the premise that modernity occurred as a specifiable event he uses metrical history to renegotiate the trajectories of English literary history and advances a narrative of sociocultural change that runs parallel to metrical change exploring the relationship between literary practice social placement and historical time **Early English Poetic Culture and Meter** Lindy Brady, M J Toswell, 2016-10-21 This volume develops G R Russom's contributions to early English meter and style including his fundamental reworkings and rethinkings of accepted and oft repeated mantras including his word foot theory concern for the late medieval context for alliterative meter and the linguistics of punctuation and translation as applied to Old English texts Ten eminent scholars from across the field take up Russom's ideas to lead readers in new and exciting English Historical Metrics C. B. McCully, J. J. Anderson, 1996-11-13 This volume identifies historical metrics directions as an important discipline within English studies and raises significant questions about the composition and transmission of early English verse The chronological range of the book covers the Old English to the pre Renaissance periods while its theoretical range is multidisciplinary. The keynote introduction by Thomas Cable identifies major current issues within the field The work concludes with an extensive and up to date bibliography which includes linguistics philological and text critical work The distinguished team of contributors includes Russom McCully and Obst focusing on Old English with a conspectus by Stockwell Minkova on the Ormulum and early Middle English Borroff Matonis and Osberg Middle English verse Bunt and Duggan editing and Middle English metrics and Duffell and Youmans the origin and structure of the Chaucerian long line
