Left Behind in Nazi Vienna , 2015-01-24 In 1938 when Hitler annexed Austria making it part of his Greater German Reich approximately 185 000 Jews lived in Vienna Unlike their counterparts in Germany proper these Jews had only a short time to make plans to emigrate The development and application of racially discriminatory policies in Germany took nearly five years to come to full fruition In Austria the ruthless attempts at exclusion of the Jewish population from both social and economic institutions took barely five months

The editor and his parents were among the few individuals who were fortunate to gain entrance into the United States during this time of crisis. Four days before their departure, the U.S. visa stamped in their passports was the only thing that saved the three from deportation to Poland. The Sechers unavoidably left behind five members of their immediate family who were still waiting to receive visas, but they firmly believed, even as rumors of further restrictive policies against the Jews circulated, that the remaining members of their family would be well out of reach of Nazi policies designed to remove Jews from their homes. There is a lengthy introduction, but the major part of the book is a chronological arrangement of the many letters exchanged between the father and mother and those individuals left behind in Vienna. The letters tell a story of the struggles the remaining five faced in their efforts to stay alive. Of the five persons who contributed to this correspondence, only Fanny Secher, the author's paternal grandmother, died a natural death. The others were deported and never heard from again.

Why is Kate's husband Jonny working so late at the office, and how will she cope at home alone? Can army wife Helen trust Jago to come back to her next time, or is he drawn by temptations in a foreign field? And will Simon's explosive secret blow Miranda's marriage apart once and for all?
