## **Sister Cities A World Of Difference:**

*Sister Cities* Leslie Burger, Debra L. Rahm, 1996 Discusses the bridges of friendship and understanding that have been built using the concept of sister cities      *The Frontiers of Public Diplomacy* Colin R. Alexander, 2021-05-20 This edited volume provides one of the most formidable critical inquiries into public diplomacy's relationship with hegemony, morality and power. Wherein the examination of public diplomacy's frontiers will aid scholars and students alike in their acquiring of greater critical understanding around the values and intentions that are at the crux of this area of statecraft. For the contributing authors to this edited volume, public diplomacy is not just a political communications term; it is also a moral term within which actors attempt to convey a sense of their own virtuosity and goodness to international audiences. The book thereby provides fascinating insight into public diplomacy from the under-researched angle of moral philosophy and ethics, arguing that public diplomacy is one of the primary vehicles through which international actors engage in moral rhetoric to meet their power goals. *The Frontiers of Public Diplomacy* is a landmark book for scholars, students and practitioners of the subject. At a practical level, it provides a series of interesting case studies of public diplomacy in peripheral settings. However, at a conceptual level, it challenges the reader to consider more fully the assumptions that they may make about public diplomacy and its role within the international system.      *The Encyclopedia of Louisville* John E. Kleber, 2001-01-01 This ultimate reference to Kentucky's first chartered city is an absolute must for anyone interested in Kentucky regional or urban history. James C. Klotter.
