 Exploring Practical Wisdom and the Virtues Ferdinand Tablan **Feminism and a Vital Politics of Depression and
 Recovery** Simone Fullagar, Wendy O'Brien, Adele Pavlidis, 2019-08-13 Drawing upon insights from feminist new materialism
 the book traces the complex material discursive processes through which women s recovery from depression is enacted
 within a gendered biopolitics Within the biomedical assemblage that connects mental health policy service provision research
 and everyday life the gendered context of recovery remains little understood despite the recurrence and pervasiveness of
 depression Rather than reducing experience to discrete biological psychological or sociological categories feminist thinking
 moves with the biopsychosocialities implicated in both distress and lively modes of becoming well Using a post qualitative
 approach the book creatively re presents how women do recovery within and beyond the normalising imperatives of
 biomedical and psychotherapeutic practices By pursuing the affective movement of self through depression this inquiry goes
 beyond individualised models to explore the enactment of multiple self world relations Reconfiguring depression and
 recovery as bodymind matters opens up a relational ontology concerned with the entanglement of gender inequities and
 mental ill health **The Maternal Experience** Margo Lowy, 2020-11-29 The Maternal Experience explores the powerful
 and dynamic nature of maternal ambivalence and disrupts the conventional narrative of the mother s lived experience by
 arguing that encounters with feelings of hatred are both universal and have the capacity to stimulate and enrich her
 maternal love The book draws on the author s personal mothering experiences those of other women and examples from film
 to inspire new introspection about the everyday maternal experience Lowy takes a psychosocial approach to weave thinking
 from selected psychoanalytic and contemporary accounts together with personal stories to explore how maternal
 ambivalence operates and how mothering is sourced in psychic struggles between loving and hating feelings in an
 atmosphere that is rife with social and personal expectations and prohibitions By reworking the experience of maternal
 ambivalence the book secures an understanding of the mother s feelings of hatred as a catalyst for her love and allows these
 maligned and taboo emotions to be named and reframed into acceptable and transformative feelings Brought alive by
 examples from film and first hand experience this book is fascinating reading for academics and students of psychology
