Slavery and Beyond Darién J. Davis, 1995 For review see Caribbean Abstract no 7 1995 1996 1997 p 33 no 0146 Peter Blanchard in HAHR The Hispanic American Historical Review 76 2 May 1996 p 410 411 *Slavery and Beyond* Darién J. Davis, 1995 The slave market in Seville while still relatively small became one of the most active in Europe Many called the city the New Babylon Northern and sub Saharan Africans comprised more than 50 percent of the inhabitants of several of Seville s neighborhoods The African populations became so socially and politically important that in 1475 the Crown appointed Juan de Valladolid its royal servant and mayoral to represent Seville s Afro Iberian community Churches and charities catered to its spiritual and material needs

Race and Ethnicity in Latin America Peter Wade, 2010-05-12 For over ten years *Race and Ethnicity in Latin America* has been an essential text for students studying the region This second edition adds new material and brings the analysis up to date Race and ethnic identities are increasingly salient in Latin America Peter Wade examines changing perspectives on Black and Indian populations in the region tracing similarities and differences in the way these peoples have been seen by academics and national elites Race and ethnicity as analytical concepts are re examined in order to assess their usefulness This book should be the first port of call for anthropologists and sociologists studying identity in Latin America

The Oxford Handbook of Latin American History Jose C. Moya, 2011 This Oxford Handbook comprehensively examines the field of Latin American history

Afro-Central Americans: Rediscovering the African heritage, 1996-06-14 Central Americans of African ancestry have historically been an oppressed and neglected minority Almost all descended from slaves and representing a sizeable proportion of the population in many countries of the region they have generally been denied access to power influence or material progress Afro Central Americans *Rediscovering the African Heritage* seeks to challenge the invisibility of people of African descent to wider Central American society Focusing on Mexico Nicaragua Panama Costa Rica Belize and Honduras the report highlights Afro Central Americans significant contribution to the region often in the face of marginalization and racism Written by scholars and activists from many countries the report charts the Afro Central American experience from slavery to contemporary times where Afro Central Americans are demanding their rights and voicing their aspirations Afro Central Americans *Rediscovering the African Heritage* ends with a number of recommendations which are intended to encourage the governments and peoples of Central America to recognize the region s African heritage and celebrate and welcome its ethnic pluralism Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues

Gender, Sexuality, and Power in Latin America Since Independence

William E. French, Katherine Elaine Bliss, 2007 Integrates gender and sexuality into the main currents of historical interpretation concerning Latin America **Religious Culture in Modern Mexico** Martin Austin Nesvig, 2007-02-01 This nuanced book considers the role of religion and religiosity in modern Mexico breaking new ground with an emphasis on popular religion and its relationship to politics The contributors highlight the multifaceted role of religion illuminating the ways that religion and religious devotion have persisted and changed since Mexican independence They explore such themes as the relationship between church and state the resurgence of religiosity and religious societies in the post reform period the religious values of the liberals of the 1850s and the ways that popular expressions of religion often trumped formal and universal proscriptions Focusing on individual stories and vignettes and on local elements of religion the contributors show that despite efforts to secularize society religion continues to be a strong component of Mexican culture Portraying the complexity of religiosity in Mexico in the context of an increasingly secular state this book will be invaluable for all those interested in Latin American history and religion Contributions by Silvia Marina Arrom Adrian Bantjes Alejandro Cortzar Jason Dormady Martin Austin Nesvig Matthew D O Hara Daniela Traffano Paul J Vanderwood Mark Overmyer Velazquez Pamela Voekel and Edward Wright Rios **African Caribbeans** Alan West-Durán, 2003-03-30 The African Diaspora left an indelible imprint on Caribbean countries and islands This reference the only broad historical and cultural survey of the black experience in the Caribbean celebrates the Afro Caribbean diversity of the countries it profiles Each of the 15 chapters introduces a country island or group of islands providing an overview from the arrival of slaves to the current situation Topics include history economy politics social stratification race relations cultural highlights religion and notable figures Readers will discover the broad range of languages political systems racial makeup historical uniqueness and cultural offerings that shape the Caribbean A chronology glossary and photos enhance the text **Freedoms Given, Freedoms Won** Kim D. Butler, 1998 **Freedoms Given Freedoms Won** explores the ways Afro Brazilians in two major cities adapted to the new conditions of life after the abolition of slavery and how they confronted limitations placed on their new freedom The book sets forth new ways of understanding why the abolition of slavery did not yield equitable fruits of citizenship not only in Brazil but throughout the Americas and the Caribbean Afro Brazilians in Sao Paulo and Salvador lived out their new freedom in ways that raise issues common to the entire Afro Atlantic diaspora In Sao Paulo they initiated a vocal struggle for inclusion in the creation of the nation's first black civil rights organization and political party and they appropriated a discriminatory identity that isolated blacks In contrast African identity prevailed over black identity in Salvador where social protest was oriented toward protecting the right of cultural pluralism Of all the eras and issues studied in Afro Brazilian history post abolition social and political action has been the most neglected Butler provides many details of this period for the first time in English and supplements published sources with original oral histories Afro Brazilian newspapers and new state archival documents currently being catalogued in Bahia **Freedoms Given Freedoms Won** sets the Afro Brazilian experience in a

national context as well as situating it within the Afro Atlantic diaspora through a series of explicit parallels particularly with Cuba and Jamaica

Historical Dictionary of Slavery and Abolition Martin A. Klein, 2014-09-04 For almost four thousand years men and women with power have exploited vulnerable populations for cheap or free labor These slaves serfs helots tenants peons bonded or forced laborers etc built pyramids and temples dug canals and mined the earth for precious metals and gemstones They built the palaces and mansions in which the powerful lived grown the food they ate spun the cloth that clothed them This second edition of Historical Dictionary of Slavery and Abolition relates the long and brutal history of slavery and the struggle for abolition using several key features Chronology Introductory essay Appendixes Extensive bibliography Over 500 cross referenced entries on forms of slavery famous slaves and abolitionists sources of slaves and current conditions of modern slavery around the world This book is an excellent access point for students researchers and anyone wanting to know more about slavery and abolition

Africans to Spanish America Sherwin K. Bryant, Rachel Sarah O'Toole, Ben Vinson, 2012-03-30 Africans to Spanish America expands the diaspora framework to include Mexico Peru Ecuador and Cuba exploring the connections and disjunctures between colonial Latin America and the African diaspora in the Spanish empires Analysis of the regions of Mexico and the Andes opens up new questions of community formation that incorporated Spanish legal strategies in secular and ecclesiastical institutions as well as articulations of multiple African identities The volume is arranged around three sub themes identity construction in the Americas the struggle by enslaved and free people to present themselves as civilized Christian and resistant to slavery and issues of cultural exclusion and inclusion

No Longer Invisible: Afro-Latin Americans Today Contributors are Joan Cameron Bristol Nancy E van Deusen Leo Garofalo Herbert S Klein Charles Beatty Medina Karen Y Morrison Rachel Sarah O Toole Frank Trey Proctor and Michele B Reid Vazquez, 1995-06-01 Latin Americans of African ancestry have historically been an oppressed and neglected minority Almost all descended from slaves and numbering perhaps 125 million people they have generally been denied access to power influence or material progress While Afro Latin Americans have frequently challenged their oppression with some success and have seen many aspects of their culture absorbed into mainstream Latin American life persistent myths of colour blind racial democracy and blanqueamiento whitening mask the insidious and often brutal reality of the discrimination they face Written by scholars from many countries No Longer Invisible charts the Afro Latin American experience from slavery to contemporary times showing the contrasts as well as the similarities across the region Intended both for specialists and for interested general readers the book makes an important contribution to the study of racism and anti racism in Latin America today The distinct but extraordinarily diverse ethnic and cultural identities of Afro Latin Americans have received little official recognition But today a growing movement is voicing pride in the Afro Latin American heritage asserting common identities and working to defend and advance collective rights This fascinating book provides a major human rights focused survey that aims to reflect and be part of that process of

rediscovery and renewal Each chapter considers a particular country or subregion The authors discuss the historical background the legacy of resistance to oppression how members of the minorities see themselves their culture the contemporary experience of discrimination contrasting ethnic identities assumed by women and men collective aspirations the struggle for equality and future prospects The book also includes a wide ranging general introduction a final chapter that poses fundamental questions about comparative race relations in the Americas and beyond a regional population map and black and white photographs Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues The Life and Death of the Radical

Historical Jesus David Burns,2013-01-03 In this cultural and intellectual history David Burns contends that the influence of biblical criticism in America was more widespread than has been thought Burns proves this point by uncovering the hidden history of the radical historical Jesus a construct created and sustained by freethinkers feminists socialists and anarchists during the Gilded Age and Progressive Era The result of this exploration is a new narrative revealing that Cyrenus Ward Caroline Bartlett George Herron Bouck White and other radical religionists had an impact on the history of religion in America rivaling that of recognized religious intellectuals such as Shailer Mathews Charles Briggs Francis Peabody and Walter Rauschenbusch The methods utilized by radical religionists were different from those employed by elite liberal divines however and part of a larger struggle over the relationship between religion and civilization There were numerous reasons for this conflict but Burns argues that the primary cause was that key radical religionists used Ernest Renan s *The Life of Jesus* to create an imaginative brand of biblical criticism that struck a balance between the demands of reason and the doctrines of religion And this measured approach allowed Robert Ingersoll Elizabeth Cady Stanton Eugene Debs and other secular minded thinkers who sought to purge Christianity of its supernatural dimensions to still find something wonderful in the religious imagination and make common cause with an ancient peasant from Galilee This provocative blend of reason and religion produced a vibrant countercultural movement that spanned communities classes and creeds and makes *The Life and Death of the Radical Historical Jesus* a book that deserves a wide readership in an era when public intellectuals and politicians on both the left and right draw rigid lines between the secular and the sacred **Latin America During World**

War II Thomas M. Leonard,John F. Bratzel,2006-09-11 The first full length study of World War II from the Latin American perspective this unique volume offers an in depth analysis of the region during wartime Each country responded to World War II according to its own national interests which often conflicted with those of the Allies including the United States The contributors systematically consider how each country dealt with commonly shared problems the Axis threat to the national

order the extent of military cooperation with the Allies and the war's impact on the national economy and domestic political and social structures Drawing on both U S and Latin American primary sources the book offers a rigorous comparison of the wartime experiences of Argentina Brazil Chile Central America Gran Colombia the Dominican Republic Mexico Panama and Puerto Rico *African American Perspectives on Political Science* Wilbur C. Rich, 2007 African American political scientists speak out about their discipline academic issues and racism in the profession **The Complex Interplay between Power, Politics, and African Agency** Serges Djoyou Kamga, 2024-11-15 The Complex Interplay between Power Politics and African Agency The Philosophy of Toyin Falola by Serges Djoyou Kamga examines the impact of colonialism by using Toyin Falola's philosophy as a framework It delves into the evolution of African political culture under colonial rule This book offers a unique perspective on the intricate dynamics of African society providing a deeper understanding of how power and politics have shaped African culture Kamga emphasizes the complex interplay between these elements and highlights the significance of African voices in determining their own destiny Using Falola's works this book analyzes and critiques the influence of Europe and establishes the ongoing unequal relationship between ex colonized African countries and their imperialist colonizers This book is highly recommended for scholars of African studies political science and anyone interested in African history and culture **Race and Ethnicity in America** Russell M. Lawson, Benjamin A. Lawson, 2019-10-11 Divided into four volumes Race and Ethnicity in America provides a complete overview of the history of racial and ethnic relations in America from pre contact to the present The five hundred years since Europeans made contact with the indigenous peoples of America have been dominated by racial and ethnic tensions During the colonial period from 1500 to 1776 slavery and servitude of whites blacks and Indians formed the foundation for race and ethnic relations After the American Revolution slavery labor inequalities and immigration led to racial and ethnic tensions after the Civil War labor inequalities immigration and the fight for civil rights dominated America's racial and ethnic experience From the 1960s to the present the unfulfilled promise of civil rights for all ethnic and racial groups in America has been the most important sociopolitical issue in America Race and Ethnicity in America tells this story of the fight for equality in America The first volume spans pre contact to the American Revolution the second the American Revolution to the Civil War the third Reconstruction to the Civil Rights Movement and the fourth the Civil Rights Movement to the present All volumes explore the culture society labor war and politics and cultural expressions of racial and ethnic groups *Afro-Politics and Civil Society in Salvador da Bahia, Brazil* Kwame Dixon, 2022-08-02 Brazil's Black population one of the oldest and largest in the Americas mobilized a vibrant antiracism movement from grassroots origins when the country transitioned from dictatorship to democracy in the 1980s Campaigning for political equality after centuries of deeply engrained racial hierarchies African descended groups have been working to unlock democratic spaces that were previously closed to them Using the city of Salvador as a case study Kwame Dixon tracks the emergence of Black civil society groups and their political projects claiming

new citizenship rights testing new anti discrimination and affirmative action measures reclaiming rural and urban land and increasing political representation This book is one of the first to explore how Afro Brazilians have influenced politics and democratic institutions in the contemporary period Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities **Manuel Zapata Olivella and the "darkening" of Latin American Literature** Antonio D. Tillis,2005 **The International Handbook of the Demography of Race and Ethnicity** Rogelio Sáenz,David G. Embrick,Néstor P. Rodríguez,2015-06-03 Examining key countries in every region of world this handbook presents population profiles and analyses concerning racial ethnic disparities and changing intergroup relations Inside prominent scholars from various parts of the world and disciplines address the links between stratification demography and conflict across the globe Organized by region continent coverage for each profiled country includes demographic information a historical overview that addresses past racial ethnic conflict identification of the most salient demographic trends and issues that the country faces theoretical issues related to the linkages between stratification demography and conflict methodological issues including quality of data and cutting edge methods to better understand the issue at hand and details on the possible future of the existing trends and issues with particular emphasis on public policy and human rights This handbook will help readers to better understand the commonalities and differences that exist globally in the interplay between stratification demography and conflict In addition it also provides an excellent inventory of theoretical perspectives and methodological approaches that are needed to better comprehend this issue This handbook will appeal to students researchers and policy analysts in the areas of race and ethnic relations demography inequality international sociology international relations foreign studies social geography and social development
