

# Slaves Of Liberty

**Camilla Rothe**

## **Slaves Of Liberty:**

**The Slaves of Liberty** Dale Edwynna Smith, 1998-11-01 This study focuses on the lives of the black slave majority in the deep South in the mid 19th century The topics of civil law demographics the role of the church family life plantation economics and gender issues are all revealed through careful study of primary sources previously unexamined by historians The author has meticulously researched newspapers court transcripts county archives church minutes plantation journals and oral histories to produce an astonishingly detailed picture of the lives of blacks and whites during this critical period The readable narrative was nominated for the Allan Nevins Prize for dissertations in American history in 1993

**In the Shadow of Liberty** Kenneth C. Davis, 2024-06-04 A look at how some of America's founding fathers who fought for liberty and justice for all were slave owners A powerful examination of five enslaved individuals and their presidential owners In a thoroughly researched and reasoned account Davis exposes the intricacies of this impossibly tangled web Publishers Weekly starred review Through the powerful stories of five enslaved people who were owned by four of our greatest presidents this middle grade nonfiction book helps set the record straight about the role slavery played in the founding of America From Billy Lee valet to George Washington to Alfred Jackson personal manservant and lifelong slave of Andrew Jackson these dramatic narratives explore our country's great tragedy that a nation conceived in liberty was also born in shackles These stories help us know the real people who were essential to the birth of this nation but traditionally have been left out of US history books Their stories are true and they should be heard This thoroughly researched and documented book by Kenneth C Davis can be worked into multiple aspects of the Common Core curriculum It is a great resource for young students of United States history Praise for *In the Shadow of Liberty* This well researched book offers a chronological history of slavery in America and features five enslaved people and the four US presidents who owned them A valuable broad perspective on slavery Booklist starred review Compulsively readable A must have selection School Library Journal starred review

**Sweet Taste of Liberty** W. Caleb McDaniel, 2019-08-07 Winner of the Pulitzer Prize for History The unforgettable saga of one enslaved woman's fight for justice and reparations Born into slavery Henrietta Wood was taken to Cincinnati and legally freed in 1848 In 1853 a Kentucky deputy sheriff named Zebulon Ward colluded with Wood's employer abducted her and sold her back into bondage She remained enslaved throughout the Civil War giving birth to a son in Mississippi and never forgetting who had put her in this position By 1869 Wood had obtained her freedom for a second time and returned to Cincinnati where she sued Ward for damages in 1870 Astonishingly after eight years of litigation Wood won her case in 1878 a Federal jury awarded her \$2,500 The decision stuck on appeal More important than the amount though the largest ever awarded by an American court in restitution for slavery was the fact that any money was awarded at all By the time the case was decided Ward had become a wealthy businessman and a pioneer of convict leasing in the South Wood's son later became a prominent Chicago lawyer and she went on to live until 1912 McDaniel's book is an epic tale of a black woman who

survived slavery twice and who achieved more than merely a moral victory over one of her oppressors Above all Sweet Taste of Liberty is a portrait of an extraordinary individual as well as a searing reminder of the lessons of her story which establish beyond question the connections between slavery and the prison system that rose in its place     **Slavery and the Founders** Paul Finkelman,2014-04-08 The new edition of this classic work addresses how the first generation of leaders of the United States dealt with the profoundly important question of human bondage This third edition incorporates a new chapter on the regulation of the African slave trade and the latest research on Thomas Jefferson     **An Essay on Liberty and Slavery** Albert Taylor Bledsoe,1856     **Damned Notions of Liberty** Frank T. Proctor,2010-11-15 Prior to 1640 when the regular slave trade to New Spain ended colonial Mexico was the second largest slaveholding society in the New World Even so slaves of African descent in Mexico were surrounded by a much larger indigenous majority and by the second half of the seventeenth century there were more free Afromexicans than slaves in the colony While it seems logical to assume that these unique demographic conditions may have created a situation ripe for slaves to challenge their oppression Proctor s study reexamines those assumptions Damned Notions of Liberty explores the lived experience of slavery from the perspective of slaves themselves to reveal how the enslaved may have conceptualized and contested their subordinated social positions in New Spain s middle colonial period roughly 1630 1760s Relying heavily on trials from civil ecclesiastical and Inquisitorial courts the study offers a detailed examination of some of the central issues to the culture of slavery labor family cultural community individual and collective agency and access to liberation to provide a more integrated picture of slavery in colonial Mexico     **Happy Dreams of Liberty** R. Isabela Morales,2022 A beautifully narrated and rich saga of one family s journey from slavery to freedom and from the South to the North and West set against Americans changing attitudes towards mixed race people from the late antebellum period to the Jim Crow era     *Liberty, Slavery and the Law in Early Modern Western Europe* Filip Batsel ,2020-01-03 This book investigates the legal evolution of the free soil principle in England France and the Low Countries during the Early Modern period ca 1500 1800 which essentially stated that as soon as slaves entered a certain country they would immediately gain their freedom This book synthesizes the existing literature on the origins and evolution of the principle adds new insights by drawing on previously undiscussed primary sources on the development of free soil in the Low Countries and employs a pan Western European and comparative approach to identify and explain the differences and similarities in the application of this principle in France England and the Low Countries Divided into four sections the book begins with a brief introduction to the subject matter putting it in its historical context Slavery is legally defined using the established international law definition and both the status of slavery in Europe before the Early Modern Period and the Atlantic slave trade are discussed Secondly the book assesses the legal origins of the free soil principle in England France and the Low Countries during the period 1500 1650 and discusses the legal repercussions of slaves coming to England France and the Low Countries from other countries where the institution was legally recognized

Thirdly it addresses the further development of the free soil principle during the period 1650 1800 In the fourth and last section the book uses the insights gained to provide a pan Western European and comparative perspective on the origins and application of the free soil principle in Western Europe In this regard it compares the origins of free soil for the respective countries discussed as well as its application during the heyday of the Atlantic slave trade This perspective makes it possible to explain some of the divergences in approaches between the countries examined and represents the first ever full scale country comparison on this subject in a book *Appealing for Liberty* Loren Schweninger,2018-09-03 Sweeping in scope *Appealing for Liberty* gives voice to the enslaved African Americans who appealed for their freedom in court drawing from more than 2 000 suits and the testimony of more than 4 000 plaintiffs from the Revolutionary era to the Civil War Through the petitions evidence and testimony introduced in these court proceedings the lives of the enslaved come sharply and poignantly into focus as do many other aspects of southern society *Calling Out Liberty* Jack Shuler,2010-04-08 On Sunday September 9 1739 twenty Kongolese slaves armed themselves by breaking into a storehouse near the Stono River south of Charleston South Carolina They killed twenty three white colonists joined forces with other slaves and marched toward Spanish Florida There they expected to find freedom One report claims the rebels were overheard shouting Liberty Before the day ended however the rebellion was crushed and afterwards many surviving rebels were executed South Carolina rapidly responded with a comprehensive slave code The Negro Act reinforced white power through laws meant to control the ability of slaves to communicate and congregate It was an important model for many slaveholding colonies and states and its tenets greatly inhibited African American access to the public sphere for years to come The Stono Rebellion serves as a touchstone for *Calling Out Liberty* an exploration of human rights in early America Expanding upon historical analyses of this rebellion Jack Shuler suggests a relationship between the Stono rebels and human rights discourse in early American literature Though human rights scholars and policy makers usually offer the European Enlightenment as the source of contemporary ideas about human rights this book repositions the sources of these important and often challenged American ideals **An Essay on Liberty and Slavery** Albert Taylor Bledsoe,2025-02-13 Reprint of the original first published in 1856

Citizen Slave Robert Hart,2015-02-09 *Citizen Slave* Understanding Liberty is a treatise that describes with acute accuracy what freedom liberty and justice really means how the American people have been tricked out of their sovereignty by stealthy legal illusions and how the people can repair America by regaining control of their individual unalienable rights *Citizen Slave* explains the problems in detail how they evolved how they became erroneously accepted by the people what the legal illusions and realities are and what the American people can do to save their individual sovereignty and country thereby creating a totally free and prosperous society with safeguards that can never be corrupted again Sprinkled liberally throughout this book are quotes from numerous well known personages from history which remind us of immutable principles that have been forgotten and overlooked in our fast paced modern world *Citizen Slave* puts together the pieces of

the puzzle for understanding the long forgotten common sense principles of creating justice and why governments and societies either succeed or fail Without these organized foundational principles like a boat without a rudder societies and governments will waffle in the uncertain tides of confusion and injustice that has been the downfall of every great society Citizen Slave is a must read for all people young and old lay people and professionals students and professors alike Understanding the principles expounded in Citizen Slave is as important to the freedoms liberties and justice of people as reading writing and math is to functioning in the modern world Citizen Slave is a simple road map for catapulting society into the next step of human evolution

Plain Folk and Gentry in a Slave Society J. William Harris,1987-01-01 In this exciting study J William Harris explores two great ironies of American history the South s commitment to a liberty supported by slavery and its attempt to maintain the status quo with a war that undermined southern society He examines why white southerners most of whom did not own slaves united in a long bloody war to preserve the institution arguing that slaveowners relied on an ideology of liberty a potential for social mobility and a web of personal relationships between classes to contain white class divisions and ensure control over the black population The strains of war Harris shows dissolved these bonds of community and made Confederate victory impossible forever changing southern society

*Cry Liberty* Peter Charles Hoffer,2010 Provides an account of the slave revolt along South Carolina s Stono River on September 9 1739 the only notable rebellion to occur in British North America between the founding of Jamestown in 1607 and the start of the American Revolution

*Invoking Slavery in the Eighteenth-Century British Imagination* Srividhya Swaminathan,Adam R. Beach,2016-05-06 In the eighteenth century audiences in Great Britain understood the term slavery to refer to a range of physical and metaphysical conditions beyond the transatlantic slave trade Literary representations of slavery encompassed tales of Barbary captivity the exotic slaving practices of the Ottoman Empire the political enslavement practiced by government or church and even the harsh life of servants under a cruel master Arguing that literary and cultural studies have focused too narrowly on slavery as a term that refers almost exclusively to the race based chattel enslavement of sub Saharan Africans transported to the New World the contributors suggest that these analyses foreclose deeper discussion of other associations of the term They suggest that the term slavery became a powerful rhetorical device for helping British audiences gain a new perspective on their own position with respect to their government and the global sphere Far from eliding the real and important differences between slave systems operating in the Atlantic world this collection is a starting point for understanding how slavery as a concept came to encompass many forms of unfree labor and metaphorical bondage precisely because of the power of association

The Essence of Liberty Wilma King,2006 King uses a wide range of sources to examine the experiences of free black women in both the North and the South from the colonial period through emancipation showing how they became free educated themselves found jobs maintained self esteem and developed social consciousness even participating in the abolitionist movement Provided by publisher

**Prophets Of Protest** Timothy

Patrick McCarthy, John Stauffer, 2012-03-13 The campaign to abolish slavery in the United States was the most powerful and effective social movement of the nineteenth century and has served as a recurring source of inspiration for every subsequent struggle against injustice But the abolitionist story has traditionally focused on the evangelical impulses of white male middle class reformers obscuring the contributions of many African Americans women and others *Prophets of Protest* the first collection of writings on abolitionism in more than a generation draws on an immense new body of research in African American studies literature art history film law women s studies and other disciplines The book incorporates new thinking on such topics as the role of early black newspapers antislavery poetry and abolitionists in film and provides new perspectives on familiar figures such as Sojourner Truth Louisa May Alcott Frederick Douglass and John Brown With contributions from the leading scholars in the field *Prophets of Protest* is a long overdue update of one of the central reform movements in America s history     **The Friend** ,1862     **Empire of Law and Indian Justice in Colonial Mexico** Brian Philip Owensby, 2008 Brian P Owensby is Associate Professor in the University of Virginia s Corcoran Department of History He is the author of *Intimate Ironies Modernity and the Making of Middle Class Lives in Brazil* Stanford 1999     *Aristotle: A Very Short Introduction* Jonathan Barnes, 2000-10-12 The influence of Aristotle the prince of philosophers on the intellectual history of the West is second to none In this book Jonathan Barnes examines Aristotle s scientific researches his discoveries in logic and his metaphysical theories his work in psychology and in ethics and politics and his ideas about art and poetry placing his teachings in their historical context ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable
