A. *Sleepers* Dakota Donovan,2016-06-20 When elderly Hollywood producer Milton Kingman says he s dying and needs someone to write his memoir Dakota Donovan takes the job The pay is lousy and the hours are worse but the ghostwriter has no other options at the moment What starts out as a standard as told to assignment soon becomes a long strange trip as Dakota is threatened accused arrested hunted and haunted while she tries to separate truth from lies and fact from fiction about one of Tinseltown s most enigmatic characters      **Sleepers** Kirby White,2007 Written for business owners and senior managers this volume discusses ways of controlling business information and communication      **Text, Lies and Cataloging** Jana Brubaker,2018-07-10 What do James Frey s A Million Little Pieces Margaret B Jones Love and Consequence and Wanda Koolmatrie s My Own Sweet Time have in common None of these popular books are what they appear to be Frey s fraudulent drug addiction memoir was really a semi fictional novel Jones chronicle of her life in a street gang was a complete fabrication

and Koolmatrie was not an Aboriginal woman removed from her family as a child as in her seemingly autobiographical account but rather a white taxi driver named Leon Carmen Deceptive literary works mislead readers and present librarians with a dilemma Whether making recommendations to patrons or creating catalog records objectivity and accuracy are crucial and can be difficult when a book's authorship or veracity is in doubt This informative and entertaining study addresses ethical considerations for deceptive works and proposes cataloging solutions that are provocative and designed to spark debate An extensive annotated bibliography describes books that are not what they seem

**American Literature in Transition, 1990-2000** Stephen J. Burn, 2017-12-28 Written in the shadow of the approaching millennium American literature in the 1990s was beset by bleak announcements of the end of books the end of postmodernism and even the end of literature Yet as conservative critics marked the century's twilight hours by launching elegies for the conventional canon American writers proved the continuing vitality of their literature by reinvigorating inherited forms by adopting and adapting emerging technologies to narrative ends and by finding new voices that had remained outside that canon for too long By reading 1990s literature in a sequence of shifting contexts from independent presses to the AIDS crisis and from angelology to virtual reality American Literature in Transition 1990-2000 provides the fullest map yet of the changing shape of a rich and diverse decade's literary production It offers new perspectives on the period's well-known landmarks Toni Morrison Thomas Pynchon David Foster Wallace but also overdue recognition to writers such as Ana Castillo Evan Dara Steve Erickson and Carole Maso

**Green Lantern** Christopher J. Priest, Michael Ahn, 2005-10 Book Two of the popular Sleepers series stars the original Green Lantern Alan Scott It begins by disclosing origins of the first Green Lantern and reveals how he came to have his power ring and how he uses his powers to fight evil In this instalment Scott enters World War II to fight a 17th century supervillain named Malvolio an anti Green Lantern who wants to take over the world Malvolio decides to cut a deal with Hitler that endangers the entire Allied campaign in Europe and the Pacific Not one to think small he is determined to eliminate the entire Green Lantern Corps destroy Earth and decimate all other worlds that have ever had the protection of a Green Lantern
