There are trees and foliage on the right side, and a large, dark, textured shape that could be a rock or a large tree trunk. Literary Landscapes of Time Jobst Welge,Juliane Tauchnitz,2022-11-07 The volume asks how the literatures of the Americas and the Caribbean present multiple or internally differentiated spaces and how these are distinguished or traversed by different temporalities The historical and post colonial experiences of these areas turns them into especially fertile ground for the exploration of the connections between landscape geography and historical temporal palimpsests as well as the specificities of literary form The contributions are dedicated to individual yet conceptually interconnected studies of staggered multiple non simultaneous temporalities in modern and contemporary literature The volume adopts a comparative perspective throughout and intends to foster the dialogue between the study of Latin American and Caribbean literatures in Spanish Portuguese French and English Therefore the individual essays are not grouped according to geographical or linguistic areas but follow a trajectory from spatiotemporal constellations of the 19th century to ruined catastrophic landscapes and the geopoetic inscriptions of time in regions The essays should appeal to all readers interested in World Literature Hemispheric Studies as well as temporal approaches to space and geography Mythology of the American Indians Evelyn Wolfson,2014-09 Long before they were written down American Indian myths were kept alive by a strong oral

Love Always Bobby Luckan,2016-10-31 Life is a Mystery Life is a mystery We get up every day not knowing We are sad happy sick healthy we lose some friends and we also make new ones We are surprised disappointed and often we fall but the best part of life is that we have the opportunity and ability to get up and dust ourselves We are often told not to look at the past as it cannot be changed This is true and also not true Look at the past but do not dwell on it and become stagnant We should not look at it with regret and anger for having fallen but rather at what made us fall Look at it as an experience and a lesson and learn from it to change Challenges will always be confronting and every one of them should be taken with your head held up high You may or may not succeed but either way it is something that is to be faced No institution or literature will ever replace what life teaches for lifes experiences are different to every one of us Learn from the past so you can change the future to make it a better place not only for you but for everyone else if possible Smile for thats one of the only things you can give and get for free and always walk with hope and determination if you want final victory for Love Is All There Is
