The Palgrave Handbook of Queer and Trans Feminisms in Contemporary Performance Tiina Rosenberg, Sandra D'Urso, Anna Renée Winget, 2021-09-21 The purpose of this Handbook is to provide students with an overview of key developments in queer and trans feminist theories and their significance to the field of contemporary performance studies It presents new insights highlighting the ways in which rigid or punishing notions of gender sexuality

Anthropology Theoretically wide ranging and deeply personal and poetic Queer Freedom Black Sovereignty is based on more than three years of fieldwork in the Dominican Republic Ana Maurine Lara draws on her engagement in traditional ceremonies observations of national Catholic celebrations and interviews with activists from peasant feminist and LGBT communities to reframe contemporary conversations about queerness and blackness The result is a rich ethnography of the ways criollo spiritual practices challenge gender and racial binaries and manifest what Lara characterizes as a shared desire for decolonization Queer Freedom Black Sovereignty is also a ceremonial ofrenda or offering in its own right At its heart is a fundamental question How can we enable queer black life in all its forms and what would it mean to be free sovereign in the twenty first century Calling on the reader to join her in exploring possible answers Lara maintains that the analogy between these terms queerness and blackness freedom and sovereignty is necessarily incomplete and unresolved to be determined only by ongoing processes of embodied relational knowledge production Queer Freedom Black Sovereignty thus follows figures such as Sylvia Wynter Mar a Lugones M Jacqui Alexander douard Glissant Mark Rifkin Gloria Anzald a and Audre Lorde in working to theorize a potential roadmap to decolonization

Love and Liberation Lauren Carruth, 2021-10-15
 Lauren Carruth's *Love and Liberation* tells a new kind of humanitarian story The protagonists are not volunteers from afar but rather Somali locals caring for each other nurses aid workers policymakers drivers community health workers and bureaucrats The contributions of locals are often taken for granted and the competencies aspirations and effectiveness of local staffers frequently remain muted or absent from the planning and evaluation of humanitarian interventions structured by outsiders Relief work is traditionally imagined as politically neutral and impartial and interventions are planned as temporary extraordinary and distant Carruth provides an alternative vision of what humanitarian response means in practice not driven by International Humanitarian Law the missions of Western relief organizations or trends in the aid industry or academia but instead by what Somalis call samafal Samafal is structured by the cultivation of lasting relationships of care interdependence kinship and ethnic solidarity Samafal is also explicitly political and potentially emancipatory humanitarian responses present opportunities for Somalis to begin to redress histories of colonial partitions and to make the most out of their political and economic marginalization By centering *Love and Liberation* around Somalis understanding and enactments of samafal Carruth offers a new perspective on politics and intervention in Africa

Feenin Alexander Ghedi Weheliye, 2023-09-29
 In *Feenin* Alexander Ghedi Weheliye traces R B music's continuing centrality in Black life since the late 1970s Focusing on various musical production and reproduction technologies such as auto tune and the materiality of the BlackFem singing voice Weheliye counteracts the widespread popular and scholarly narratives of the genre's decline and death He shows how R B remains a thriving venue for the expression of Black thought and life and a primary archive of the contemporary moment Among other topics Weheliye discusses the postdisco evolution of house music in Chicago and techno in Detroit Prince and David Bowie in relation to appropriations of Blackness and Euro whiteness in the 1980s how the

BlackFem voice functions as a repository of Black knowledge the methods contemporary R B musicians use to bring attention to Black Lives Matter and the ways vocal distortion technologies such as the vocoder demonstrate Black music's relevance to discussions of humanism and posthumanism Ultimately Feenin represents Weheliye's capacious thinking about R B as the site through which to consider questions of Blackness technology history humanity community diaspora and nationhood
