**Small and Medium Enterprises, Law and Business** Jan Winczorek,Karol Muszynski,2023-06-23 The law plays an ambiguous role in running business While legal tools can be used to tame uncertainties for example by concluding contracts to safeguard enforcement of future claims they can also generate uncertainty These secondary uncertainties like ones stemming from vague rights and obligations may be counterbalanced by using different resources and strategies including acting informally modifying business plans or accepting the losses from unpaid dues This book discusses how small and medium enterprises use the law abstain from using the law and use alternative pathways to manage business uncertainties Examining these topics through the lenses of an extensive qualitative and quantitative empirical study on justiciable issues access to justice and legal uncertainty among SMEs in Poland it implements and expands upon the paradigmatic paths to justice methodology which has been successfully used to study conflict resolution access to justice and utilisation of the law by individuals in more than 30 jurisdictions It argues that the grand promise of modern law that it is a certainty providing neutral and democratic device to resolve problems and conflicts is not fully delivered It reveals how the conditions of a freshly developed capitalism combined with the rule of law backsliding contribute to universal structural problems with access to justice meaning that accessing justice is a resource hungry process which incentivises small businesses to settle for their legal problems and engage in informal and alternative strategies      **Small Business Taxes For Dummies** Eric Tyson,2022-01-07 Get your taxes right the first time and save If you run a small business you ve likely got more work than you already feel able to handle The last thing you need is to be running around trying to figure out your taxes at the last minute So if you need a hands on guide to small business taxes that doesn t mess around look no further than Small Business Taxes For Dummies In this book nationally recognized personal finance expert Eric Tyson clearly and concisely delivers the best methods to save on your taxes and make the process as easy as possible You ll get the latest info about all the newest tax deductions and credits including COVID 19 related breaks as well as location specific incentives and other little known tips You ll also find Expanded discussions of new retirement account options for small business owners The latest advice on how to deal with online and software tax prep and filing options to make life easier at tax time Explorations of likely new changes coming A can t miss resource for small business owners managers and employees Small Business Taxes For Dummies is the book to help you make sure you don t pay more than you need to pay at tax time      [Home Businesses](#) Coralee Smith Kern,1984      [Small Business Crash Course](#) IntroBooks,2018-02-22 Independence is what pushes most people to set up their own business They wish to carve their own paths to success manage their own work take care of their own schedules and be their own boss Privately owned proprietorships that have a smaller turnover compared to the regular businesses and also lesser employees working for them can be understood to be small business There are different types of

innovative businesses that people have come up with and with days that pass this innovation seem to grow and develop which is thus leading to creation of further new businesses When it comes to being established then it all comes down the level of competition and the way that a business owner is able to handle these competitions From setting up to running it and seeing that it is established a small business is time taking and might even take some time until profit is seen There are risks involved in where there is investment yet the beauty of having an own business drives people to begin new ventures
