The Twenty-Third Magazine, 1929 , *Irish Poets and Modern Greece* Joanna Kruckowska,2017-09-21 This book explores the perception of modern Greek landscape and poetry in the writings of Seamus Heaney and Derek Mahon Delving into travel writing ecocriticism translation and allusion it offers a fresh comparative link between Greek modernity and Irish poetry that counterbalances the preeminence of Greek antiquity in existing criticism The first section devoted to travel and landscape examines Mahon s modern perception of the Aegean inspired by his travels to the Cyclades between 1974 and 1997 as well as Heaney s philhellenic relationship with mainland Greece between 1995 and 2004 The second section offers a close analysis of their C P Cavafy translations and compares George Seferis original texts with their creative rendition in the writings of the Irish poets The book will appeal to readers of poetry as well as those interested in the interactions between Ireland and Greece two countries at the extreme points of Europe in times of crisis

The Poetry of Derek Mahon Hugh Haughton,2010-10-21 Derek Mahon is one of the leading poets of his time both in Ireland and beyond famously offering a perspective that is displaced from as much as grounded in his native country From prodigious beginnings to prolific maturity he has been through thick and thin through troubled times and other a writer profoundly committed to the art of poetry and the craft of making verse He has also been no less a committed reviser of his work believing the poem to be more than a record in verse but a work of art never finished This virtuoso study by Hugh Haughton provides the most comprehensive account imaginable of Mahon s oeuvre Haughton s brilliant writing always serves and illuminates the poetry yielding extraordinary insights on almost every page The poetry its revisions and reception are the subject here but so thorough is the approach that what is offered also amounts indirectly to an intellectual biography of the poet and with it an account of Northern Irish poetry vital to our understanding of the times

[Derek Mahon: A Retrospective](#) Nicholas Grene,Tom Walker,2024-09-17 Derek Mahon 1941 2020 is widely recognized as one of the most important Irish poets of his generation

This collection of new critical essays offers an important retrospective assessment of the nature of his poetic achievement. Bringing together many leading scholars of modern and contemporary Irish poetry including a notable number of accomplished poet critics, its contributors range widely across Mahon's body of work. Their essays offer fresh considerations of the biographical, geographical, and literary contexts that shaped his poetic voice. This includes paying attention not only to more familiar influences but also to previously little considered interlocutors. The stylistic and formal achievement of his voice is re-evaluated in ways that range from attentive close readings to considerations of his controversial practice of self-revision and his engagements with music and experiments in translation. The politics of a poet often misleadingly considered apolitical are also reframed to take in the engagements of his early work through to the ecocritical commitment of his later poetry. Indeed, a notable aspect of this book is the consideration it gives to all the phases of Mahon's career. As a whole, the collection opens up many new ways of reading and understanding Mahon's important body of work.
