Among the questions he tackles How does copyright deter composers from writing new songs Why are so many famous photographs unprotected orphans and how does Getty Images get away with licensing them What can the use of music in movies tell us about the proper length of the copyright term How do publishers get away with claiming rights in public domain works and extracting unmerited royalties from the public Heald translates piles of data complex laws and mysterious economics equipping readers with the tools for judging past and future copyright law **Rusty** Yvonne Almeida,2019-06-27
