## **Social Change And Adaptation In The Pacific Islands:**

*Social Change and Psychosocial Adaptation in the Pacific Islands* Anthony J. Marsella, Ayda Aukahi Austin, Bruce Grant, 2006-05-31 The Pacific Island oceanic and rim nations include many traditional societies and emerging nations that have experienced abusive histories of colonization exploitation and social change and upheaval Their peoples are struggling to restore traditional cultural heritages and identities in a world community dominated by Western values and lifestyles The conflicts uncertainties and instability of this transitional time are reflected in these populations current social and psychological difficulties This volume is one of the few devoted to these issues and covering a range of problems including substance abuse hopelessness violence crime abuse juvenile delinquency suicide and AIDS [Social Change and Psychosocial Adaptation in the Pacific Islands](#) Anthony J. Marsella, Ayda Aukahi Austin, Bruce Grant, 2008-11-01 [Family Violence and Social Change in the Pacific Islands](#) Lois Bastide, Denis Regnier, 2022-09-23 The Pacific Islands have some of the highest rates of family violence in the world Addressing the contemporary mutations of Pacific Island families and the shifting understandings of violence in the context of rapid social change this book investigates the conflict dynamics generated by these transformations The contributors draw from detailed case studies in a range of Pacific territories to examine family violence in relation to the social economic and political situation of native populations as well as individual collective and institutional responses to the development of violence within and upon the family They focus on vernacular understandings conflicting social norms the emergence of different types of violent patterns the impact of violence on individuals and communities and local attempts at mitigating or combating it Combining ethnographic expertise with engaged scholarship this volume offers a vivid account of ongoing social change in Pacific Island societies and a crucial contribution to the understanding of family violence as a social process cultural construct and political issue This book will appeal to scholars with interests in the sociology of violence and the family Pacific studies development studies and the social and cultural anthropology of Oceania **Environmental Change and the World's Futures** Jonathan Paul Marshall, Linda H. Connor, 2015-08-27 Climate change and ecological instability have the potential to disrupt human societies and their futures Cultural social and ethical life in all societies is directed towards a future that can never be observed and never be directly acted upon and yet is always interacting with us Thinking and acting towards the future involves efforts of imagination that are linked to our sense of being in the world and the ecological pressures we experience The three key ideas of this book ecologies ontologies and mythologies help us understand the ways people in many different societies attempt to predict and shape their futures Each chapter places a different emphasis on the linked domains of environmental change embodied experience myth and fantasy politics technology and intellectual reflection in relation to imagined futures The diverse geographic scope of the chapters includes rural Nepal the islands of the Pacific Ocean Sweden coastal Scotland North America and remote rural and urban Australia This book will appeal to researchers and students in anthropology

sociology environmental studies cultural studies psychology and politics      Resilience in the Pacific and the Caribbean Simon Hollis, 2020-10-26 This book critically examines the global diffusion and local reception of resilience through the implementation of Disaster Risk Reduction DRR programmes in Pacific and Caribbean island states Global efforts to strengthen local disaster resilience capacities have become a staple of international development activity in recent decades yet the successful implementation of DRR projects designed to strengthen local resilience remains elusive While there are pockets of success a gap remains between global expectations and local realities Through a critical realist study of global and local worldviews of resilience in the Pacific and Caribbean islands this book argues that the global advocacy of DRR remains inadequate because of a failure to prioritise a person orientated ethics in its conceptualization of disaster resilience This regional comparison provides a valuable lens to understand the underlying social structures that makes resilience possible and the extent to which local governments communities and persons interpret and modify their behaviour on risk when faced with the global message on resilience This book will be of much interest to students of resilience risk management development studies and area studies      The Global Health Care Chain John Connell, 2008-12-12 This book provides the first detailed analysis of the growing phenomenon of the international migration of skilled health workers and reveals its exceptional significance for both sending and receiving countries      **Internalized Oppression** Eric John Ramos David, 2013-12-09 Print CourseSmart      Migration and Development in the South Pacific John Connell, 1990      Comparing Cultures Michael Schnegg, Edward D. Lowe, 2020-05-28 A new and important contribution to the re emergent field of comparative anthropology this book argues that comparative ethnographic methods are essential for more contextually sophisticated accounts of a number of pressing human concerns today The book includes expert accounts from an international team of scholars showing how these methods can be used to illuminate important theoretical and practical projects Illustrated with examples of successful inter disciplinary projects it highlights the challenges benefits and innovative strategies involved in working collaboratively across disciplines Through its focus on practical methodological and logistical accounts it will be of value to both seasoned researchers who seek practical models for conducting their own cutting edge comparative research and to teachers and students who are looking for first person accounts of comparative ethnographic research      **Violence in Pacific Islander Traditional Religions** Garry Trompf, 2022-01-27 An Element on the role of violence in the traditional religions of the Pacific Ilands Melanesia Micronesia and Polynesia and on violent activity in islander religious life after the opening of Oceania to the modern world This work covers such issues as tribal warfare sorcery and witchcraft traditional punishment and gender imbalance and moves on to consider reprisals against foreign intruders in the Pacific and the continuation of old types of violence in spite of massive socio religious change      *The Routledge Handbook of Environmental Movements* Maria Grasso, Marco Giugni, 2022-01-31 This handbook provides readers with up to date knowledge on environmental movements and activism and is a reference point for international work in the

field It offers an assessment of environmental movements in different regions of the world macrostructural conditions and processes underlying their mobilization the microstructural and social psychological dimensions of environmental movements and activism and current trends as well as prospects for environmental movements and social change The handbook provides critical reviews and appraisals of the current state of the art and future development of conceptual and theoretical approaches as well as empirical knowledge and understanding of environmental movements and activism It encourages dialogue across the disciplinary barriers between social movement studies and other perspectives and reflects upon the causes and consequences of citizens participation in environmental movements and activities The volume brings historical studies of environmentalism sociological analyses of the social composition of participants in and sympathizers of environmental movements investigations by political scientists on the conditions and processes underlying environmental movements and activism and other disciplinary inquiries together while keeping a clear focus within social movement theory and research as the main lines of inquiry The handbook is an essential guide and reference point not only for researchers but also for undergraduate and graduate teaching and for policymakers and activists Chapter 6 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons CC BY NC ND 4.0 license
